Girls Soccer

By: Azaa Enkhtugs

As the season came to an end, the Hopkinsville Lady Tigers soccer team, coached by Jeff Addison, wrapped up the regular season with a victory at Crittenden County with a score of 11-1. The Lady Tigers then gained another win at the 8th District Tournament against Christian County 6-2. Advancing to the next round of districts, the Lady Tigers are faced with University Heights Academy, unfortunately losing by 5-0. Furthermore, the Lady Tigers moved onto the Regionals Tournament playing against the opposing team of Trigg County, ending with a loss of 4-2.

Boys Soccer

Hopkinsville Football Falls to Logan County

28-27 was the final score in the HHS-LCHS matchup, where Aiden King found James Bradley and Deo'ndre Coleman for 25- and 6-yard passing touchdowns, respectively. King also ran 12 and 40 yards for his own touchdowns, with Gavin

Harton missing the potentially game-tying extra point. The Tigers fall to 1-7, with their last home game coming up against Allen County-Scottsville, where they seek to clinch a playoff berth.

CHIPOTLE OPENING

By: Florence Dim

When walking into Chipotle, there's high expectations, especially for a new one. It was a little expensive considering it's a "fast-food" type of restaurant. I personally believe the food was underwhelming. The

Tiger Tribune

employees were nice and accommodating. For the price and menu, you're better off just going to Señor Lopez or El Bracero.

CLUB EVENTS

FFA Community Halloween Event with CCHS

By: Eli Chandler

Hopkinsville FFA chapter partnered with Christian County FFA chapter in hosting a community Halloween event at the Christian County extension office. With the help of all of Christian County's FFA and 7 of the Hopkinsville FFA members, we made a Halloween event for the whole community. We had games, animals, and a costume contest.

SPIDER-MAN 2: SOARING NEW HEIGHTS

“Marvel’s Spider-Man 2” is just one of the many games releasing this fall but it is seeking to set itself apart from the rest by tapping into its strengths.

Spider-Man has over 60 years of stories, films , games and comics making it difficult to come up with fresh and original ideas with the character; but Insomniac games, the Sony owned game development studio, is seeking to create a fresh and original, yet familiar take on the character for not just the second, but the third time.

Having found success in Marvel’s Spider-Man & Marvel’s Spider-Man Miles Morales, the studio is seeking to make this sequel one to remember. One of the main things this game seeks to improve upon from the previous game is the gameplay from

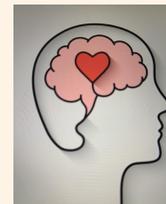

slinging webs and beating up criminals to flying high with web wings. Spider-man 2 seeks to make you soar to new heights and experience the truest version of this character. Marvel’s Spider-Man 2 is truly a new experience that anyone even slightly interested in the character should play.
