INTRODUCTION

The Parent/Student Code of Conduct handbook has been adopted and revised to provide students, parents/guardians, administrators, and faculties with policies which promote a suitable learning environment. The Autauga County Board of Education recognizes the constitutional rights of the students who are enrolled in the schools. At the same time, the Board recognizes its obligation to establish policies related to student discipline and behavior, which assure that a proper atmosphere of learning will be maintained in every school. Therefore, it is the policy of the Autauga County Board of Education to require principals, faculties, staff, students, and parents/guardians to adhere to and comply with this Parent/Student Code of Conduct handbook.

The Student Code of Conduct applies to any student behavior that occurs on school property, while riding in a school owned or operated vehicle, at school-sponsored events on or off campus, at designated bus stops, and at any time the student is under school jurisdiction. The Student Code of Conduct also applies to behavior off campus that significantly impacts the educational environment, including the use of social media and electronic communications, etc. School administrators have the authority to question students enrolled with ACS during an investigation and/or incident without the permission or presence of a parent or legal guardian.

The Autauga County Board of Education may take all necessary actions to ensure that its facilities, personnel and students are safe and secure, and that the Student Code of Conduct is enforced. Such action may include the inspection and search of ACS facilities and property brought onto ACS facilities. Students and others may be asked to walk through a metal detection device or to allow a search of personal property when at any school-related event or when entering ACS property. Any person who refuses to be searched will be denied admission to the ACS event or facility and will be required to leave the premises immediately.

It shall be the policy of the Autauga County Board of Education to permit law enforcement agencies to make periodic visits to ACS schools for the purpose of detecting the presence of illegal drugs. Such visits shall be unannounced except to the superintendent of schools and principals of the individual schools that are subject to visitation. ACS will work with local law enforcement agencies to also utilize a narcotics detection dog to deter individuals from bringing illegal narcotics onto school property. The dog will be utilized to conduct random searches on school property, including, but not limited to, school lockers, school classrooms, and school parking areas. Anything on ACS property is subject to inspection to enforce the Student Code of Conduct and to effectuate its purposes, subject only to any restrictions which may be imposed by federal, state, or local law.

PARENT/GUARDIAN'S ACKNOWLEDGMENTS

RECEIPT OF THE STUDENT CODE OF CONDUCT

The school needs your help and cooperation. Your signature on the Acknowledgement of Receipt of Access to the Code of Conduct Form indicates that you have received or have access to the Student Code of Conduct and you will read and discuss it with your student.

This code has been developed to help your student gain the greatest possible benefit from their school experience. The policies apply to all students and parents/guardians in the Autauga County School System at all school campuses, school buses and school-related activities and events.

Parents/guardians are responsible for the actions of their child/children and should be involved in the education of their child/children. The parent/guardian should take special notice of the information pertaining to weapons, controlled substance, suspensions and expulsion sections of the Student Code of Conduct.

A parent or guardian's failure to sign the Student Enrollment Information Form will not relieve the student or the parent/guardian from their responsibility to know the contents of the Student Code of Conduct and will not excuse any student's failure to comply with the Student Code of Conduct. The parent/guardian is legally responsible for the student's behavior as stated in the Code of Alabama, Section 16-28-12.

Parental Responsibility for Student Attendance and Behavior

It is the policy of the Board to comply with Act 93-572 as adopted by the Alabama Legislature. Parents/guardians or persons in charge of children are required to ensure that their children enroll and attend school and conduct themselves properly in accordance with written policy on school behavior adopted by the local board of education. The failure of a parent/guardian and persons in charge of children to exercise this responsibility is a crime. If convicted, said persons shall be fined not more than \$100 and may also be sentenced to hard labor for the county for not more than 90 days.

School principals and the superintendent of education or his/her designee are required to report suspected violations to the district attorney within ten (10) days.

PARENT EXPECTATIONS

- Have high expectations for their children as individuals;
- Make sure their children attend school and are on time;
- Designate a place for homework and make sure the work is done;
- Help their children to resolve conflicts in positive ways;
- Communicate and work with teachers and school staff to support and challenge their children;
- Respect the school staff and the cultural differences of others;
- Attend parent-teacher conferences;
- Dress appropriately while on campus and/or attending school related events;
- Refrain from using vulgarity/profanity, including but not limited to making inappropriate gestures and lewd behavior; and
- Volunteer and participate in class activities when possible.

ATTENDANCE

Compulsory School Attendance Law

Alabama State Law 16-28-3, Code of Alabama, 1975 requires all children between the ages of six (6) and seventeen (17) to attend school regularly. Alabama State law states that each child who enrolls in a public school, whether or not the child is required by law to enroll, is subject to the school attendance and truancy laws of the state. Parents or guardians having control over school age children are responsible for their children's regular attendance and proper conduct. Failure to comply with the Compulsory School Attendance Law requires the Attendance Officer to file a complaint in the Autauga County Court system.

Absences (ACBOE Policy 5.03)

A parent, guardian or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than **three (3) days** following return to school.

Chronic Absenteeism

Chronic Absenteeism is habitually missing 10% (18) or more of school days due to absences for any reason - excused, unexcused or suspensions.

Extreme and extenuating circumstances will be reviewed on a case by case basis.

Excused Absences

Any time that a student is absent, the parent or guardian must send a written note to school satisfactorily explaining the absence. A satisfactory note from parent or guardian must meet the following State guidelines:

1. Illness;
2. Death in the immediate family;
3. Inclement weather (as determined by the principal) which would be dangerous to the life and health of the child;
4. Legal quarantine;
5. Emergency conditions as determined by the principal; and
6. Prior permission of the principal and written consent by the parent or guardian. ***

The parent note or doctor's excuse must be sent to school **within three (3) days** of the student's return to school to be counted as an excused absence. Excuses will not be accepted after three (3) days.

A written note from parents or guardians, as described above, will excuse absences for up to but not exceeding **seven (7) days during the school year**. (Example: If a student provides a parent note after missing a week of school, this will account for five (5) parent notes.) Further absences will require a written excuse from a medical doctor or court official.

*** Prior approval of a non-illness absence must be obtained using the Prior Approval Absence Form. The request must be submitted by the parent or legal guardian at least two weeks prior to the requested absence. A copy of the parent/guardian's valid photo ID must be submitted with the form. A response will be sent within one week to the parent from the principal or his/her designee.

Unexcused Absences

Any absence not listed above in the Excused Absence section or otherwise excused by the superintendent, principal, or the superintendent's designee will be considered unexcused.

Examples of unexcused absences include, but are not to:

1. Missing the school bus;
 2. Transportation issues / car trouble;
 3. Birthdays or other celebrations not religiously observed; and/or
 4. Any absence for which a written excuse was not provided within three (3) school days from return of absence.
- **Five (5) unexcused absences** within a school year constitutes a student being truant.
 - **Seven (7) unexcused absences** can result in a complaint/petition filed against the child and/or parent.

Tardiness

Students are required to be on time for school. It is the responsibility of parents or guardians to make sure that their children arrive on time each day. Any student arriving after that time should be accompanied to the office by a parent or guardian.

NOTE: Excessive tardiness, check-ins and check-outs, for any reason other than reasons for excused absences, **will result in disciplinary action.** Only an excused tardy permits class work to be made up. Students are required to remain at school for the entire day. *See Disciplinary section.

All tardies to school and to class start over at the beginning of each quarter.

Check-Outs

A student is not permitted to leave the school campus during regular school hours except in accordance with the following provisions:

1. A student shall be dismissed from school prior to the end of the school day only by one of the following methods:
 - a. The parent/guardian shall appear in person and request that the principal or his designee release the student; or
 - b. The parent/guardian shall make the request in writing, explaining the reason for requesting early dismissal and identifying and designating the person, if any, to pick up the student; or
 - c. The adult requesting the student's release shall be someone whom the student's parent/guardian has indicated on the student's registration form or emergency card as having permission to check out the student; or
 - d. If a student is placed under arrest or taken into protective custody by law enforcement, the Department of Human Resources or other governmental investigating agency, that student may be dismissed from school prior to the end of the school day.
2. The school reserves the right to require picture identification before releasing a student.
3. Students shall not leave the school grounds while school is in session without permission from the principal or his/her designee.
4. The principal or his/her designee may require verification of right of custody from anyone requesting early dismissal of a student.

Students must attend a minimum of one-half of the instructional day to be counted present and to participate in extracurricular activities. An early dismissal before one-half of the school day (three and one-half hours) or a check-in after one-half of the school day is counted as an absence.

- **Check-outs are excused for the same reasons as absences.**
- **Written explanation for the time missed must be submitted and will follow the same guidelines for excused and unexcused absences as outlined.**

Check-ins, check-outs, and tardies for more than 50% of a class period will be considered an absence from the class period and will be treated as any other absence. In order to be excused, a written explanation for the time missed must be submitted and will follow the same guidelines for excused or unexcused absences as outlined.

Students are not permitted to check-out after 30 minutes prior to the end of the day unless required by the school nurse.

Check-Ins

Students are required to report to school no later than the official beginning of the school day and to be on time for all classes during the day. Each school will devise procedures that will ensure compliance with this regulation.

- **Check-ins are excused for the same reasons as absences.**
- **Check-ins for any other reasons are unexcused and may result in disciplinary action.**
- **Make up work is not allowed for unexcused check-ins.**

Make-up Work (Excused Absences)

If a student is absent for any excused reason as defined above, the student shall be allowed to make up schoolwork and/or examinations missed during said absence or absences. For kindergarten through fifth grade students, the teacher shall be responsible for providing the student with a written list of missed assignments within three (3) days after the absence(s). The student shall be responsible for completing all make-up assignments within a reasonable length of time, not to exceed two (2) weeks.

For sixth through twelfth grade students, the student shall be responsible for contacting the teacher or teachers immediately upon return to school to arrange a reasonable length of time, not to exceed one (1) week, to make up work and/or examinations. Teachers shall not be required to re-teach lessons, but students shall be given reasonable opportunity to learn lessons missed due to excused absences.

Make-Up Work (Unexcused Absences)

- Teachers are not obligated to reteach lessons for unexcused absences.
- Teachers are not obligated to provide make-up work for unexcused absences.
- Students may receive a zero on missed assignments for unexcused absences.

Perfect Attendance

A student will not be eligible for a perfect attendance certificate if the student has an absence, check-in, or check-out.

Truancy Definition/Unexcused Absences

Absences for reasons other than those defined above shall be considered as unexcused. A failure to furnish such explanation shall be evidence of the child being truant each day he/she is absent. Forged excuses will be coded as unexcused. The child shall also be deemed truant for any absence determined by the principal to be unexcused based on the State Department of Education's current School Attendance law.

3rd Unexcused Absence

WARNING: Parents/guardians shall be notified by letter from the school principal or his/her designee of the third truancy/unexcused absence.

5th Unexcused Absence	CONFERENCE: Parents/guardians shall be required to attend a conference with the Truancy Officer after the fifth truancy/unexcused absence.
7th Unexcused Absence	PETITION FILED: A petition will be filed with the Court after the 7th unexcused absence within a school year and parents and students will be referred to the Early Warning Truancy Program.

Early Warning Truancy Program

Parents and students will be referred to the Early Warning Truancy Program on the seventh (7th) unexcused absence. Referral to the program includes the following steps:

- The parent will receive official notification by certified mail. The notice will require the parent to report to the Early Warning Truancy Meeting.
- The parent will meet with the Truancy Officer. The Truancy Officer will review the system’s Attendance Policy, the State of Alabama Attendance Laws and consequences of breaking the law.
- If the parent fails to appear at the scheduled Early Warning Truancy Meeting, the parent will receive a legal notice and a court referral.
- Parents or guardians of any student having a chronic ailment, which may cause the child to miss school during the year, are required to provide the school with a doctor’s statement verifying the child’s condition. The statement shall reflect the nature of the child’s illness, and state why the child may need to miss school from time to time due to this illness. Failure of parents/guardians to provide the school with a chronic ailment statement can result in unexcused absence accumulation and referral to the Court system.

School Participation Absences

Students who are away from school due to participation in official school sponsored activities shall be marked present and shall be allowed to make up missed work.

Religious Absences

A student shall be excused for religious holidays when the student’s parents/guardians come to the school in person and sign a request for the student to be absent for this purpose. When this procedure is followed, the student’s absence shall be excused and shall not be counted toward the excessive absence clause of this policy. Students shall be allowed to make up work missed during such absences.

Student School Attendance Standards and Operation of a Motor Vehicle

(Pertaining to a Driver’s License)

“The Department of Public Safety shall deny a driver’s license or a learner’s license for the operation of a motor vehicle to any person under the age of 19 who does not, at the time of application, present a diploma or other certificate of graduation issued to the person from a secondary high school of this state, or any other state, or documentation that the person:

1. Is enrolled and making satisfactory progress in a course leading to a general educational development certificate (GED) from a state-approved institution or organization, or has obtained the certificate;
2. Is enrolled in a secondary school of this state or any state;
3. Is participating in a job training program approved by the State Superintendent of Education;
4. Is gainfully and substantially employed;
5. Is a parent with the care and custody of a minor or unborn child;
6. Has a physician certify that the parents of the person depend on him or her as their sole source of transportation; or
7. Is exempted from this requirement due to circumstances beyond his or her control as provided in this chapter.” *Ala. Code 16-28-40(1975)*

Attendance Appeal Process

Students or parents/guardians may appeal to the school’s review committee decisions rendered as it pertains to excused/ unexcused or excessive absences. Suspensions shall count as a part of the number of excessive absences.

TAYLOR'S LAW

Code of Alabama, Section 32-6-7.4.

Disciplinary point system - Age of student eligibility.

- (a) Notwithstanding any other provision of law, each student over the age of 12 years who is enrolled in a public or private secondary school shall be subject to a disciplinary point system for an infraction committed on school property to determine the age at which the student shall be allowed to apply for a learner's permit, motor driven cycle operator's license, driver's license, or any license required by the State of Alabama for the operation of a motor vehicle or vessel. The disciplinary points imposed for a disciplinary action shall be as follows:
- (1) One day in-school suspension - 1 point.
 - (2) One day out-of-school suspension - 2 points.
 - (3) Alternative school placement - 6 points.
 - (4) Expulsion - 20 points.
- (b) (1) The points shall accumulate on a yearly basis, beginning with the school year including summer school in which the student turns 13, and accumulate each year until the student is eligible to apply for a driver's license under the imposed point system. Each accumulated point shall add one additional week to the age at which the student is eligible to be issued a learner's permit, motor driven cycle operator's license, or driver's license.
- (2) Notwithstanding subdivision (1), the age at which a student may apply for a license or permit shall not be extended by Act 2009-713 beyond one year from the date the student initially applies for a learner's permit, motor driven cycle operator's license, driver's license, or any license required by the State of Alabama for the operation of a motor vehicle or vessel.
- (c) The following subdivisions are contingent upon the technical capability of the student data management system to track, manage, and coordinate the data:
- (1) Points shall be accrued on a school-year basis.
 - (2) Points may not accrue for the first three days of in-school suspension in any school year; however, beginning with the fourth day of suspension in any school year, all days, including the first three, of in-school suspension shall be counted in determining the points.
 - (3) Points may not accrue for an initial out-of-school suspension of two days or less in any school year; however, the days of the initial suspension shall be used to determine the points after a second out-of-school suspension in any school year or all days will be used to determine points if the initial suspension exceeds two days.
 - (4) Accumulated points shall be reduced by one-half if the student has not received additional accumulated points for one school year. If no additional points are received for two years, all records of the accumulated points shall be removed from the student's records at the school. (Act 2009-713, p. 2095, §1.)

CONDUCT OF STUDENTS

Instruction should occur in an environment that is conducive to learning. Good order and discipline are basic elements of such an environment and contribute to an atmosphere in which students, parents, and school personnel work cooperatively toward mutually recognized and accepted goals. As students increase in age and maturity, students will be expected to assume greater responsibility for their actions.

The conduct of a student which in any manner disrupts classwork or involves substantial disorder or infringement on the rights of others is a basis for disciplinary action. No student has the right to interfere with the educational experience of another student. Conduct and/or language which materially and substantially interferes with the educational process is prohibited on school property and may result in removal from the school setting.

The procedures described in this Code of Conduct shall apply to all students, parents and school personnel except those students with disabilities that are subject to relevant state and federal laws.

ACADEMIC HONESTY

All schoolwork submitted for the purpose of meeting course requirements must represent the efforts of the individual student. Any form of academic dishonesty is prohibited. Academic dishonesty includes, but is not limited to: plagiarism, forgery, copying or stealing another person's work, allowing another person to copy one's own work, doing another person's class work, creating more than one copy of one's work for distribution, intentionally accessing another's material for the purpose of using it as one's own, downloading information from other sources and presenting it as one's own, unauthorized copying of software or unauthorized use of hard copy or software to develop one's own software.

This includes but is not limited to:

- Cheating by receiving unauthorized aid or assistance.
- Giving or receiving unfair advantage on any form of academic work to include use of electronic device(s) to text/take pictures of/convey exams and/or answer sheets.
- Possessing materials that invalidate any academic course work either during or prior to the work being assigned (test or course work).
- Plagiarism

Any student completing any academic work dishonestly will receive a zero for that assignment with no opportunity to make it up and subject to further disciplinary actions.

CELL PHONES or OTHER ELECTRONIC DEVICES(ACBOE Policy 5.21)

Cell phones or other electronic devices including, but not limited to smart watches, tablets, earbuds and headphones, must not be visible during the school day and must be turned off completely – not on “silent” or “vibrate” mode. Any telephone communication during the instructional day should take place on school telephones with permission from office personnel. Parents should call the school for any emergency situation.

The use of cell phone cameras for taking or disseminating pictures is strictly forbidden. Violations of this policy are subject to disciplinary action.

K-12: Smart watches must be powered off and put away during the school instructional day.

The Autauga County School System shall not assume any responsibility for the theft, loss or damage to cell phones or other electronic devices or for the unauthorized calls made on a cell phone.

DRESS CODE

A standardized dress code of Autauga County Schools has been adopted to ensure that all students are provided safe and appropriate educational opportunities which are free from unnecessary disruptions or outside influences and to instill in students the need to dress appropriately and have respect for each other and authority. For young people, especially teenagers who are beginning to find their true identities in the middle of peer-pressure and parent prodding, dress is an important issue. For the younger children, lifetime habits of taste and dress are greatly affected by their childhood dressing patterns. This dress code will be strictly enforced in all Autauga County Schools, kindergarten through high school.

We encourage you to familiarize yourself with the following explanation behind the choice of the standards.

The way a person dresses reflects the way he/she thinks. We want to prepare students for the world of work, and we believe a neat professional appearance is a good habit to develop in the childhood years. Just as students would dress one way for a picnic or ball game, there is an appropriate way to dress for school. A well-groomed student should come to school with an attitude that prepares him/her for neat, conscientious work. His/her attire should give him or her respect for self, fellow students, and teachers.

Students who have questionable or inappropriate dress will not be allowed to attend class. The following items will serve as a minimum guide to acceptable dress for Autauga County School students. Any school modifying the Autauga County School Dress Code must obtain Superintendent approval.

We expect parents to take an active role in supporting our dress code.

The administration of each school shall maintain absolute authority in making subjective judgment concerning a student's dress and personal appearance. Dress code violations will be subject to disciplinary action.

These guidelines serve as a minimum guide. The principal shall have the discretion to outline other appropriate guidelines for their campus for special occasions.

Students in the Autauga County School System shall wear the following:

1. Clothing conducive to learning and respectful of the learning environment;
2. Clothing which fully covers the shoulders, cleavage, abdomen, and back.
3. Clothing that is appropriate to the student's size.
4. Pants/slacks should fit at the natural waistline.
5. Shoes must be worn at all times and be appropriate for the activity and safety: class, gym, shop, etc.
6. Skirts and dresses no more than two inches above the knee.
7. Shorts that are mid-thigh.
8. Leggings may be worn with a shirt that is fingertip length.
9. Ear piercings are allowed. Earrings, hairstyles, facial piercings and other adornments that draw attention to oneself in a manner that may be disruptive to the educational process or pose a safety risk are also prohibited.
10. Appropriate undergarments must be worn and not visible.

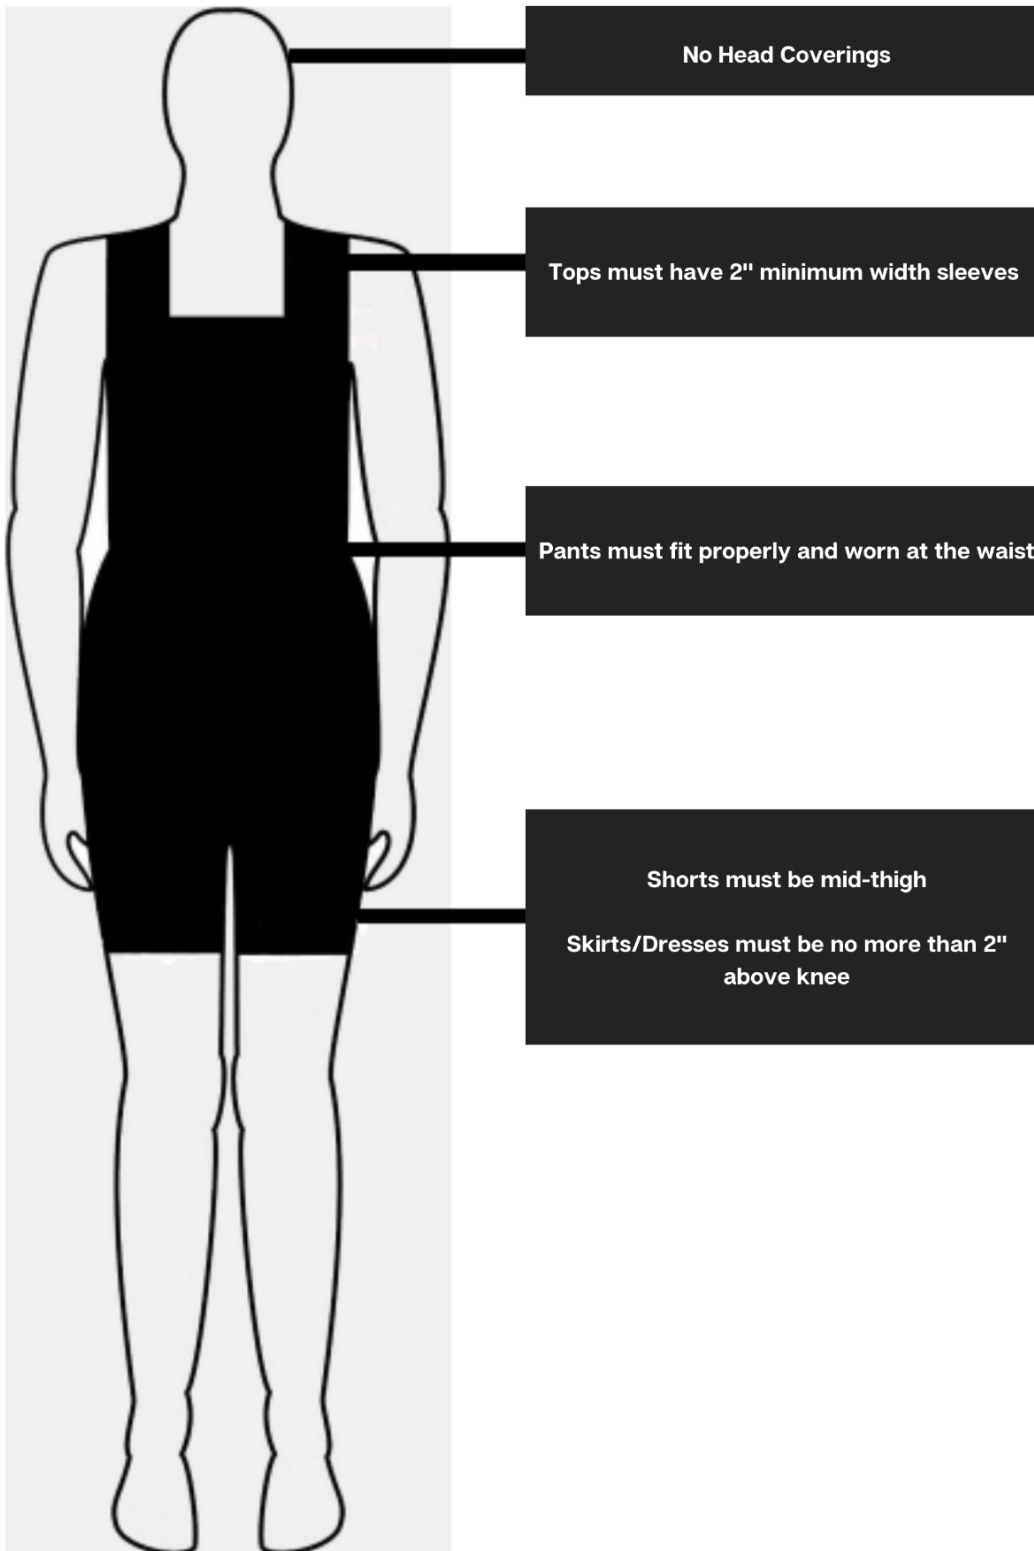

Students are prohibited from wearing the following:

1. See-through, cropped and/or revealing clothing or spandex.
2. Open or chain belts, belt buckles not buckled, electronic belts or buckles, or cap “fish hooks.”
3. No hats, caps, head coverings, hair curlers, picks, chopsticks, bandanas, head scarves, head dressings, or sun glasses will be worn in school.
4. Pants/slacks with the appearance of sagging.
5. Bottoms including pants/slacks/jeans exposing skin more than two inches above the knee.
6. House shoes/slippers are inappropriate unless approved by the school administration.
7. Clothing depicting unacceptable and/or inappropriate decals, slogans, or pictures; profanity; language containing or referring to suggestive or immoral behavior; gang activity; alcohol, drugs, or tobacco.

BUS RULES & INFORMATION

Students transported by buses operated by the Autauga County School System are under the jurisdiction of school officials at all times. In addition, students in attendance at school-sponsored, off-campus events will be governed by school system rules and regulations and are subject to the authority of school officials.

The driver is in charge of the school bus in the same manner a teacher is in charge of a classroom. The bus is considered an extension of the classroom. Students shall conduct themselves in an orderly and respectful manner. Poor conduct is not tolerated in the classroom nor will it be tolerated on the bus. Failure to do so endangers the driver and students.

Students are under the authority of the principal of the school from the time they are on the bus in the morning until they leave the bus in the afternoon. The driver of the school bus is responsible to the principal for the behavior of the children while they are on the bus. The children must obey and respect the driver.

RIDING THE BUS IS A PRIVILEGE, NOT A RIGHT. LOSS OF BUS TRANSPORTATION MAY OCCUR IF THE BUS RULES ARE NOT FOLLOWED.

THE CHARLES POLAND, JR. ACT (ACT 2013-347)

Under the new law, the crime of trespass in the first degree includes intentionally stopping, impeding, delaying or detaining any school bus from being operated for public school purposes "with the intent to commit a crime". Perpetrators will also be prosecuted in the first degree if they are found guilty of:

- **Entering a public school bus while the door is open to load or unload students without lawful purpose while at a railroad grade crossing or after being forbidden from doing so by the bus driver or other authorized school official;**
- **Refusing to depart the school bus as the bus driver in charge or other school official demands this of said occupant; or**
- **Intentionally destroying, defacing, burning or damaging any public school bus.**

TRANSPORTATION RESPONSIBILITIES OF PARENTS

If parents decide to use the school system transportation to transport their child(ren) to and from school daily, it is the parents' responsibility to ensure someone is home to receive the student(s) in the afternoon. When an adult is not present to receive the child, the bus driver has been instructed to return the child to his/her school of attendance and contact a parent to pick up the child from school.

1. Parents are requested to study the Rules of Conduct and Responsibilities as set down by the Autauga County Schools. The Board of Education believes these rules are conducive to a safe and efficient transportation program. We want to provide the best and safest possible school bus service that we can, with the wise use of the funds available for such transportation.
2. See that your children are ready in the morning ten (10) minutes prior to the scheduled time for the bus to arrive. The bus operates on a schedule and cannot wait for tardy students.
3. Parents will be held responsible for careless and/or malicious damage to the school bus done by their children. Until the parent has fulfilled the payment obligation, the student will not be allowed to ride the bus to or from school.
4. Parents will encourage their children to know and obey all applicable rules and regulations, and to respect the rights of other students on the bus.

5. Parents should report to the Transportation Supervisor at (334) 361-3897 to report any incidents or evidence of carelessness or dangerous behavior on the bus, or on the highway, on the part of students or the driver.
6. Parents should impress their children with the importance of getting on the correct bus in the afternoon. Drivers, teachers or principals cannot be responsible to see that each and every child is on the correct bus without the help of both parents and children.
7. Parents should notify the Transportation Office at (334) 361-3897 if a student does not require transportation for more than three (3) consecutive days. After three (3) pick-up attempts at the designated location, the stop will automatically be deleted. The transportation department will have to be notified by the parent in order for pick-up to be reinstated.
8. Parents should contact the Transportation Supervisor in writing of any afternoon changes in transportation.

Reporting Incidents

Students who have difficulty with other students while riding the bus should report the problem to the driver as soon as possible. If the problem cannot be resolved by the driver, then the bus driver will report the incident to the school principal.

Violation of Bus Rules

Major/Minor Offenses include disruptive behaviors that interfere with transporting students. Bus drivers are expected to manage general bus disruptions and distractions. When the action taken by the bus driver is ineffective or the disruption is severe, the bus driver may write a bus referral for a Major or Minor offense. The referral is submitted to the school principal for disciplinary action. Suspension from bus transportation does not excuse the student from school attendance. It is the parent/guardian's responsibility to ensure students are transported to and from school. Students MUST be responsible for their own conduct while on the bus, ensuring their actions do not risk their safety or the safety of others.

- The school principal will email the transportation department the disciplinary action taken.

STUDENT DISCIPLINE

Students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school system. Good discipline is extremely important to the total school program and is vital to the development of citizenship. It is anticipated that most discipline problems can be handled between teacher, child and parents/guardians in a calm, reasonable manner. Each classroom teacher will deal with general classroom disruption by taking in-class disciplinary action, by making personal contact with the parents/guardians when feasible, and/or by scheduling conferences with the parents/guardians and other school staff. Only when the action taken by the teacher is ineffective, or the disruption is severe, should the student be referred to the principal or his/her assistant principal(s). Failure to bring notebook, pencil, books or required materials and equipment to class, failure to do homework, or failure to do work in class is not cause for disciplinary referrals; however, defiance of a teacher in regard to these areas is cause for disciplinary referral. Parents/guardians should be notified by the teachers of students who consistently exhibit poor work habits, and/or these students should be referred to a guidance counselor.

PRINCIPAL'S AUTHORITY - The principal is granted authority to modify the consequences for violating a rule indicated in the Student Conduct Manual by exercising good judgment in consideration of extenuating factors presented by school system employees, the student or the student's parent or representative. Such factors may include, but are not limited to, the age of the student, the seriousness of the offense, the prior discipline record of the student, the degree of disruption to the educational process, and any other relevant factors.

Formal Disciplinary Action (ACBOE Policy 5.28 & 5.29)

The following is a list of alternative methods for disciplinary action which may be administered to students enrolled in the Autauga County School System by the school principal or his/her designated person.

- A. **Administrative Disciplinary Probation** – Administrative disciplinary probation is a period of time specified by the principal or his/her designated person(s) during which a student must correct his/her behavior while abiding by all regulations that govern student behavior. The principal or his/her designated person(s) has the authority to place a student on administrative disciplinary probation for a reasonable and specified period of time. The staff member involved in the action will assist in monitoring the student's adjustment to the school environment. Parents/guardians will be required to attend a conference with the principal or his/her designee to conclude probation requirements.
- B. **Detention (Before/After School)** – A student may be assigned to a specific room on the campus for detention before the opening of the school day or after the closing of the school day for violation of school rules for a reasonable and specified period of time. The parents/guardians are responsible for providing transportation in these cases. A reasonable attempt will be made to notify the parents/guardians prior to the assignment of a student to detention. If the parents/guardians can be notified on the day of misbehavior, the student will be assigned on that day; if not, the student will be assigned the following day.
- C. **In-School Suspension** – In-School suspension is a structured disciplinary action in which a student is isolated or removed from regular classroom activities but is not dismissed from the school setting nor counted as absent during the period of in-school suspension. The principal or his/her designated person(s) has the authority to assign students to in-school suspension for a reasonable and specified period of time, not to exceed three (3) consecutive days. The principal and his/her staff should determine the scope of in-school suspension in their schools. Students assigned to in-school suspension and/or other time-out areas must be supervised at all times by a professional educator. Parents/guardians will be notified of the disciplinary action. In-school suspension should not be considered under the out-of-school suspension guidelines.
- D. **Out of School Suspension** – In unusual and infrequent cases, a student may be placed on out-of-school suspension by the principal or by his/her designated person(s). This disciplinary measure is the removal of a student from a school for violation of school policies, rules, or regulations, or for otherwise causing interference with or disruption of the orderly operation of the school. Situations which might dictate out-of-school suspension include: (1) procedure for expulsion of student being exercised, (2) presence of student poses an immediate and continuing threat to him/herself, others, and/or school property, (3) violation of school personnel, (4) capacity of Alternative School beyond normal limits. (NOTE: Procedures for out-of-school suspension will be enacted in accordance with Board Policy.)

- E. **Placement in a Work Assignment** – A student may be assigned to supervised activities related to the upkeep and maintenance of school facilities as a disciplinary action for a reasonable and specified period of time. Work assignments are not intended to interfere with any student's regular class schedule. The parents/guardians will be responsible for providing transportation in these cases. The parents/guardians will be notified prior to the student's placement in a work assignment.
- F. **School Bus Suspension** – A student may be denied the privilege of riding a school bus because of misconduct on the bus for a reasonable and specified period of time. The parents/guardians will be notified of the student's school bus suspension.
- G. **Second Chance Program - Alternative School (Short Term)** – The assignment of a student to the Second Chance Program at the Alternative School will remove the disruptive student from his/her normal school environment to a more restrictive setting. This program permits the student to continue in the education process in a temporary school setting. During the period of assignment, the student will be encouraged to develop a positive attitude and appropriate behavior through counseling, evaluation, and a high level of discipline.
1. **Assignment of Students to Second Chance Program** – The board of education is committed to providing an orderly, well-disciplined environment in which students can attend school. The school administration is expected to implement this commitment.

The principal shall make an immediate effort (same day) to contact the student's parents/guardians about the assignment to the Second Chance Program. A student assigned to the Second Chance Program shall not be allowed to leave the school premises during the school day until the student's parents/guardians or the proper school authorities assume the responsibility for him/her. When a student's parents/guardians or other designated individual(s) cannot be notified, the student must remain on the school premises until the end of the school day, at which time he/she will return home via usual transportation methods. If assignment to the Second Chance Program will not take place immediately, the student will continue to attend his/her base school until the Scheduled date for entry into the Second Chance Program at the Alternative School.

2. **Authority** – The school principal or his/her designated assistant principal has the authority to refer a student to the Second Chance Program. The principal shall advise the superintendent of all students assigned to the Second Chance Program.
3. **Notification** – Prior to the assignment of a student to the Second Chance Program the student will be informed of the charges and given an opportunity to respond to the charges. Parents/guardians will be provided a written notice which states the reason(s) such action was taken. A reasonable effort will be made by the school to contact the parents/guardians either by telephone or by written notice delivered by the student or by the U.S. mail. The student is responsible for delivering all written communication from school to his/her parents/guardians. Failure to do so may result in further disciplinary action.
4. **Length** – The minimum length of time that a student will be assigned to the Second Chance Program is as follows:
- 1st referral - a minimum of three (3) days
 - 2nd referral - a minimum of five (5) days
 - 3rd referral - a minimum of ten (10) days

- a. The base school principal or his/her designated person(s) may add a maximum of two (2) additional days of assignment to the Second Chance Program for further disciplinary problems before actual entry to the Alternative School. Upon returning to the base school after the third referral, the student will be informed that he/she is being placed on administrative disciplinary probation and that the next offense, depending on the severity, will result in a recommendation for the Second Chance Program or expulsion.
 - b. Students enrolled in the Second Chance Program will remain in the program until their assigned time, plus any additional time added by the Second Chance Program personnel, is completed. There will be no early release.
 5. Terms – The terms for assignment of students to the Second Chance Program are as follows:
 - a. Students assigned in the Second Chance Program must be accompanied by their parents/guardians on the first day of the assigned period for a conference with the Second Chance Program Administrator at 7:30 a.m.
 - b. Attendance at the Second Chance Program is mandatory for students assigned to the program. Students who fail to report as assigned will be referred to the school system’s attendance officer and to the juvenile court authorities if necessary.
 - c. Students assigned to the Second Chance Program must arrive at the school between 7:45 a.m. and 7:55 a.m. The school will dismiss at 3:10 p.m., and the students must be off the campus by 3:15 p.m.
 - d. Parents/guardians are responsible for transporting their child to and from the Second Chance Program. Permission for an adult other than the parents/guardians to provide transportation must be approved by the Second Chance Program Administrator.
 - e. Students assigned to the Second Chance Program must satisfactorily complete all work assignments and must provide all materials (books, paper, pencils, etc.) needed to complete assignments. Pens are not allowed. Students will not be dismissed from the school until all work is satisfactorily completed.
 - f. Students assigned to the Second Chance Program are not allowed to participate in any extracurricular activities or practice on any day during assignment to the school.
 6. Readmission – When a student returns to the base school after completing his/her assignment to the Second Chance Program, the readmission must be preceded by a conference with the principal or his/her designated person(s). The conference must include the student’s parents/guardians unless otherwise approved by the principal. The student must present a readmission form from the Second Chance Program before the principal or his/her designee(s) issues a readmission slip for class.
 7. Notice – The Second Chance Program Administrator will make decisions that are in the best interest of the student and the school.
- H. **Second Chance Program - Alternative School (Long Term) (ACBOE Policy 6.40)** – The assignment of a student to the long term Second Chance Program at the Alternative School is made to continue the education process of the disruptive student for an

indefinite period of time from the normal school environment to a more restrictive setting. This will reduce the number of school days lost by suspension to both the student and the school system; as well as preventing a student from having “free days” during frequent suspension. The student will be encouraged to develop a positive attitude and an appropriate behavior through counseling, evaluation, and a high level of discipline. The student will have an opportunity to maximize his/her educational potential while under adequate supervision of a staff experienced in working with behavior disordered students.

1. Assignment of Students to the Second Chance Program – Students for the long term Second Chance Program will be drawn from grades 3-12. Eligible students will be repeat discipline offenders. The principal (when appropriate) will refer the student after all normal and available disciplinary measures have been taken to correct the student and all actions have failed. In rare instances, exceptions may be made for admittance due to the seriousness of the offense at the discretion of the administrative committee. Admission to the Second Chance Program’s long term unit must be approved by the administrative committee.

Administrative options for students in grades 7-12 found to have participated in Major Offenses C(3) Fighting and/ or C(5) Assault will be either recommended for expulsion or referral of the student to the STEP program at the Alternative School for a minimum of forty-five (45) days.

2. Length – This will be based on the student’s progress as shown by his/her leveling records that must indicate a behavior pattern of compliance with his/her educational and social goals.
3. Leveling Process – The leveling process consists of 4 levels:

Level 1 - Restrictive intake

Level 2 - Open classroom

Level 3 - Open classroom - rewards determined by staff

Level 4 - Return to base school on a 30-day probationary period designated by the administrative committee. If the student is unable to conform at the base school with the educational and social objectives he/she will return and re-enter Level 1.

- i. **Student Expulsion (ACBOE Policy 5.30)** – If a student is suspended and recommended for expulsion, the principal shall notify, in writing, with a copy to the Superintendent, the student and parent or legal guardian of the action taken and the proposed disciplinary action recommended and the cause or causes for such recommendation. Prior to the recommendation for expulsion the principal will consider whether the affected student is an appropriate candidate for assignment to an alternative education program.

If the Superintendent accepts the principal’s recommendation to expel the student, the Superintendent or his/her designee shall schedule a due process hearing before an Expulsion Review Committee (comprised of the Superintendent and two certified Administrative Council members.) Every effort shall be made to schedule the hearing before the Expulsion Review Committee within ten days of the suspension. If the Expulsion Review Committee is not scheduled within this time, the student shall be assigned to the Second Chance Program or virtual school until such time as hearing is held. The hearing, as well as all preliminary steps concerning said hearing, shall fully comply with the applicable due process criteria. The Superintendent shall notify the student’s parents or guardians, in writing, of the Expulsion Review Committee’s decision within five (5) days of the proceedings. If the parents or guardians do not agree with the

decision, they must appeal to the Board within five (5) days of their receipt of the Expulsion Review Committee's decision. The notice of appeal may be in writing to the Superintendent.

If an appeal is filed, a hearing before the Board shall be scheduled. The Board shall render a decision within a reasonable time. The hearing, as well as all preliminary steps concerning said hearing, shall fully comply with the applicable due process criteria.

The Board, upon the recommendation of the Superintendent, has the final authority to expel a student from school. The Superintendent shall notify, in writing, the parent or legal guardian of action taken by the Board.

Expulsion from school excludes the student from regular attendance until readmitted by the Board of Education. Expelled students are not eligible for readmittance to an alternative program.

The expelled student must apply to the Board of Education for reinstatement. In the event that a student was expelled for bringing a gun to school, a request for readmission will not be considered until the required minimum suspension for one year has been served.

504 AND SPECIAL EDUCATION STUDENT EXPULSION

Expulsion of 504 and special education students shall be in accordance with Section 504 of the *Rehabilitation Act and the Individuals with Disabilities Education Improvement Act*.

SUPERVISION OF LOW RISK JUVENILE SEX OFFENDERS

Annalyn's Law

The Superintendent shall be notified by local law enforcement when a low risk juvenile sex offender is enrolled or attending school within the board's jurisdiction for the purpose of appropriate supervision during the school day and during school activities (**ACBOE Policy 5.52**).

Section 1. Definitions

In this policy, these terms shall have the following meanings:

"Plan" refers to the "individualized student safety plan" developed following the Student's adjudication and/or enrollment in the school to serve as a behavior contract between the Student and the School.

- (a) "School" refers to "all school property and school sponsored functions including, but not limited to, classroom instructional time, assemblies, athletic events, extracurricular activities, and school bus transportation" related to the Student's current school of record.
- (b) "Student" refers to "the low risk juvenile sex offender" designated by a juvenile court judge as having a low risk of re-offense.
- (c) "Teachers and staff with supervision over the student" or "Supervision team" refers to school officials or staff who have a specific responsibility for the Student, including the school principal, the Student's assigned teachers and/or coaches, the Student's counselor, and if applicable, the Student's bus driver, during the subject school year and who will be privy to information regarding the Student's status. Teachers and staff with only passing and/or general contact with the Student shall not be privy to information regarding the Student's status.
- (d) "Victim" refers to the victim, if known by and attending the same school as the Student, of the offense for which the Student was adjudicated delinquent.

Section 2. Notification

(a) Current Students

In the event a currently enrolled Student is adjudicated delinquent and designated "low risk" by the juvenile court, local law enforcement is expected to notify the local Superintendent and principal of the Student's school in writing.

(b) Newly Enrolled Students

In the event a Student seeks to enroll in the district as a new student, and that Student has been previously designated as a low risk juvenile sex offender, local law enforcement is expected to notify the local Superintendent and principal of the Student's school in writing.

(c) Students That Change Schools Within the District

In the event a currently enrolled Student transfers to another school in the district or is promoted to another school in the district, the principal of the original school should notify designated law enforcement of the change as soon as practicable.

Following that notification, the principal of the original school should orally or in writing brief the principal of the new school regarding the original Plan and the transferring Student's status and circumstances. Regardless, the principal of the prior school must provide the Student's records and Safety Plan to the principal of the new school as soon as practicable.

The new principal should review the Plan and meet with the Student, the Student's parent or guardian, and the anticipated new Supervision Team to determine whether the current terms are sufficient or should be adjusted based on the Student's circumstances.

(d) School Staff Changes

In the event the principal or a member of the Supervision Team leaves his position or is no longer responsible for supervising the Student, a replacement team member should be named, if necessary and appropriate, and briefed by the principal or the most senior member of the Supervision Team regarding the Student's status and Plan.

The Student, his parent or guardian, and other members of the Supervision Team should be notified of changes to the Supervision Team within a reasonable timeframe.

Section 3. Plan Development and Maintenance

Upon proper notification from law enforcement, the Student's principal or designee will call together the anticipated Supervision Team to meet with the Student and/or the Student's parent or guardian to develop an appropriate Plan. This meeting should take place within 10 school days or as soon as practicable. In the event the Student's parent or guardian is unable or unwilling to meet, the principal or designee and the Supervision Team should meet with the Student within a reasonable timeframe to develop an appropriate Plan.

In the event the Victim attends the same school as the Student, the plan should include measures to reduce the likelihood of Victim and Student interaction.

The terms of the Plan and any updates to it must be memorialized in writing and approved by the principal or designee before being distributed to the Student and the

Student's parent or guardian, as well as the Supervision Team.

The principal or designee should meet with the Student, the Student's parent or guardian, and the Supervision Team at least annually, but as often as deemed necessary by the principal or designee to assess the Student's status and to determine whether adjustments should be made to the Plan.

Section 4. Supervision

The Student will be subject to the general Student Code of Conduct and any other conditions deemed necessary by the principal or designee as incorporated in the Student's Plan.

Members of the Supervision Team should report any suspected violations of the Plan to the principal or designee.

The school officials and staff responsible for supervising the Student on a daily basis should do so in a manner that is discrete and unobtrusive.

Section 5. Students with Disabilities

Discipline of Students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act and/or Section 504 of the Rehabilitation Act and implementing regulations.

Section 6. Violations of the Plan

In the event the Student violates the Student Code of Conduct or the Plan, the Student may be subject to discipline pursuant to board policy and/or reassessment of the Plan's conditions.

Section 7. Challenges to the Plan

In the event the Student and/or his parent or guardian object to conditions of the Plan or the application of a sanction, a challenge must be submitted in writing to the Superintendent or his designee to consider whether adjustment of the Plan or response modification is warranted. The Superintendent's decision shall be final. A response that constitutes disciplinary action will adhere to the applicable School disciplinary policies and procedures and the Student will be afforded process due thereunder.

Section 8. Confidentiality

Information received by school officials or staff related to the Student's delinquent status must be treated as confidential from other students, staff members, officials and stakeholders. Any document identifying the Student's status should be safeguarded from unintentional disclosure by the members of the Supervision Team. Any school official or school employee who improperly discloses the Student's status to any other person may be subject to school discipline and/or criminal charges as provided by law.

Section 9. Retaliation

Members of the Supervision Team should make every effort to treat the Student with the same respect and courtesy to which every student is entitled. The Team is reminded that the Student has been deemed by the juvenile court as not likely to reoffend and should be encouraged to fully integrate into the student body as a successful student. Mistreatment of any student may be cause for discipline.

Section 10. Procedures

The Superintendent shall have the authority to develop appropriate training and additional procedures for staff members in furtherance of this policy.

DUE PROCESS

The policy of the Autauga County Board of Education is to adhere to due process when carrying out the procedures contained within the Parent / Student Code of Conduct. Due process is the course of legal proceedings that have been established according to the rules and principles of law for the enforcement and protection of private rights. The school board and educational staff employed by the school board will comply with the essential elements of due process.

It is the responsibility of the school principal to familiarize his/her staff with due process procedures and to provide each staff member with a copy of this handbook in written or digital format.

Students are entitled to and will receive due process in all areas covered in the Parent / Student Code of Conduct handbook.

STUDENT APPEALS OF DISCIPLINARY ACTION

It is the policy of the Board that positive student behavior be encouraged and maintained in the classrooms/schools of the school system. It is expected that student disciplinary problems be properly addressed by each classroom teacher. When the teacher determines that assistance is needed with the enforcement of a student's good classroom/school behavior, the problem/student may be referred to the principal or his/her designee for appropriate action as determined by board policy.

The principal has the ultimate responsibility with the assistance of those certificated employees he/she supervises for the enforcement of school rules, regulations and the policies of the board. The decision of the principal after a fair and impartial investigation based on fact will be supported by the superintendent of education and the board. However, it is recognized that some decisions will be appealed to the next highest level of education decision-making, which is the superintendent of education.

The board, believing that undesirable behavior should be addressed swiftly through appropriate consequences, hereby delegates the responsibility and authority to the superintendent or his designee at the central office level to make final decisions, including student appeals, regarding student discipline in all areas except expulsions and the indefinite suspension of students. The superintendent of education, at his/her discretion, may take any student appeal regarding student discipline to the board of education for a final decision (**ACBOE Policy 5.31**).

SEARCH AND SEIZURE

Teachers and school officials who have reasonable belief that a student is in possession of weapons, illegal drugs, stolen property, or other items which are harmful to the welfare of the student or to other students have the authority to search the person and/or possessions of the student. If permission is granted by the student, the student's person may be searched. Such searches, if conducted, will be made by persons of the same sex. Searches will be conducted in the principal's office under the supervision of the principal and in the presence of at least one additional witness who is a member of the school faculty or law enforcement upon the Principal's request. If the student refuses permission for search of his/her person, the student will be detained under surveillance until proper authorities are notified and summoned to the school. At the principal's discretion, the parents/guardians of the student may be included as proper authorities in conducting a search.

School officials reserve the right to inspect school property, including lockers, to ensure the safety and security of the students and of the premises. Lockers remain the property of the school at all times. Although a student may exercise exclusive use of his/her locker in regard to access by fellow students, the use is not exclusive against school authorities. When there is a reasonable belief that a violation of school board policy has been committed, school officials may inspect lockers at any time to ensure school safety and student welfare. Lockers will be opened in the student's presence when administratively feasible. If the student is not present, he/she will be informed of the search. Items which are specifically prohibited by law, board policy, or school regulations may be impounded. School administrators will give the students a receipt for impounded items and will notify parents/guardians of impounded items. Impounded items will be returned to parents/guardians only.

School authorities have the right to seek the search of selected vehicles on school grounds when there is reasonable belief that a vehicle contains items in violation of school policy. If a student refuses permission for search of his/her vehicle, the student and/or vehicle will be detained under surveillance until the proper authorities are notified and summoned to the school to make the vehicle search. The school board respects the civil rights of all persons in the schools and will uphold those rights. At the same time, school property is not to be regarded as a sanctuary from enforcement of law **(ACBOE Policy 5.24)**.

COMPLAINT PROCEDURE

It is inevitable that problems and concerns regarding school issues will arise. In order to respond efficiently and effectively to complaints and grievances, all parties involved should be reasonable, prompt, and courteous in handling such matters. Furthermore, the parties must understand rules and regulations and must follow prescribed procedures.

The proper chain of command for complaints is as follows:

1. Teacher
2. Assistant Principal
3. Principal
4. Central Office
5. Superintendent or his/her designated person
6. Your District Board Member

Failure to follow this procedure will only hinder the process of resolving problems and concerns in a proper and timely manner.

EQUAL EDUCATIONAL OPPORTUNITIES

GIFTED EDUCATION

Gifted students are those who perform at or have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata and in all areas of human endeavor. Gifted students may be found within any race, ethnicity, gender, economic class, or nationality. In addition, some students with disabilities may be gifted.

A student may be referred by teachers, counselors, administrators, parents or guardians, peers, self or any other individuals with knowledge of the student's abilities. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of aptitude, characteristics and performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

The Autauga County School System shall prohibit discrimination against any student on the above basis with respect to his/her participation in the gifted program.

The program for gifted education shall be in compliance with the Alabama Administrative Code 290-8-9-14.

For additional information concerning the gifted program, contact the Autauga County Special Education Department, Dr. Sharon Streeter, (334) 361-3843.

SECLUSION AND RESTRAINT POLICY

Autauga County Schools shall prohibit the use of **Seclusion** - a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving (**ACBOE Policy 5.48**).

Seclusion *does not include*, and Autauga County Schools shall allow, the following situations: a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined below; in-school suspension; alternative school; detention; or a student requested break in a different location in the room or in a separate room .

Time-Out A behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used when:

1. The nonlocking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.
2. The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.
3. The student is reasonably monitored by an attending adult who is in reasonable physical proximity to the student and has sight of the student while in time-out.
4. The time-out space is free of objects that unreasonably expose the student or others to harm.

Autauga County Schools shall prohibit the use of **Chemical Restraint** - any medication that is used to control violent physical behavior or restrict the student(s) freedom of movement that is not prescribed treatment for the student(s) medical or psychiatric condition.

Autauga County Schools shall prohibit the use of **Mechanical Restraint** - the use of any device or material attached to or adjacent to a student(s) body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student.

Mechanical Restraint *does not include*, and Autauga County Schools shall allow, an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. In addition, mechanical restraint does not include seatbelts and other safety equipment when used to secure students during transportation.

Autauga County Schools shall prohibit the use of **Physical Restraint that restricts the flow of air to the student(s) lungs** - any method (face-down, face-up, or on the side) of physical restraint in which physical pressure is applied to the student(s) body that restricts the flow of air into the student(s) lungs.

Autauga County Schools shall prohibit the use of **Physical Restraint** - direct physical contact from an adult that prevents or significantly restricts a student(s) movement except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other deescalation techniques.

Physical restraint shall not be used as a form of discipline or punishment.

Physical Restraint *does not include*, and Autauga County Schools shall allow, limited physical contact and/or redirection to promote student safety or to prevent self injurious behavior, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to location, providing comfort, or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person(s) property.

Autauga County Schools shall utilize the following procedures for use of Physical Restraint:

1. All physical restraint must be immediately terminated when the student is no longer in immediate danger to himself or others or if the student is observed to be in severe distress.
2. Parents shall be provided, at least annually, with information regarding the policy for use of physical restraint.
3. Annual staff and faculty training on the use of physical restraint as well as the Autauga County Schools Seclusion and Restraint Policy.
4. Maintain written or electronic documentation on training provided and a list of participants for each training.
5. Written parental notification when physical restraint is used to restrain their student within one school day from the use of restraint.
6. The use of physical restraint shall be documented by staff or faculty participating in or supervising the restraint for each student, in each instance, in which the student is restrained.
7. Annual report submitted to the Alabama Department of Education regarding the use and documentation of restraint and any prohibited use of seclusion, chemical, mechanical or physical restraint.

Nothing in this policy shall be construed to prohibit an employee of Autauga County Schools, any of its schools, or any of its program employees, from any of the following:

1. Use of any other classroom management techniques or approaches, including a student(s) removal from the classroom that is not specifically addressed in this policy.
2. The right of school personnel to use reasonable force as permitted under the Code of Alabama, 1975, '16-1-14 or modifies the rules and procedures governing discipline under the Code of Alabama, 1975, '16-28-12.
3. Reasonable actions to diffuse or break up a student fight or altercation.
4. Reasonable action to obtain possession of a weapon or other dangerous objects on a student or within control of a student.
5. Discretion in the use of physical restraint to protect students or others from imminent harm or bodily injury. Nothing in this policy shall be construed to create a criminal offense or private cause of action against Autauga County Schools, or program, or its agents, or employees.
6. In instances in which a student is an immediate danger to himself or herself or others, the school or program must determine when it becomes necessary to seek assistance from law enforcement and/or emergency medical personnel. Nothing in this policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel. Parents must be promptly informed when students are removed from the school or program setting by emergency medical or law enforcement personnel.

This policy adheres to the Alabama Administrative Code regulation for seclusion and restraint for all students.

EXTRACURRICULAR ACTIVITY ELIGIBILITY

The Autauga County Board of Education recognizes the value of athletics and other extracurricular activities as they relate to the total education of students. The Board also recognizes and supports high academic standards and the necessity of developing a framework to annually assess each athletic and extracurricular student's progress toward graduating from high school on schedule with his/her class. Determination of eligibility will be made in accordance with rules of the Alabama High School Athletic Association and can be found in the Board's policy book. **(ACBOE Policy 5.17)**

INTERNET USE AND SAFETY POLICY

Autauga County Schools (hereinafter referred to as ACS) seeks to provide a safe environment when accessing the Internet/network by (1) preventing user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (2) preventing unauthorized access and other unlawful online activity; (3) preventing unauthorized online disclosure, use or dissemination of personal identification information of minors; and (4) comply with the Children's Internet Protection Act (*CIPA*).

The provisions of this policy apply to ACS employees (administrative, certified, support staff, and contractors), students, and visitors. All students, employees, and visitors must take responsibility for appropriate and lawful use of this Internet access. Students and employees of ACS must understand that one user's misuse of the network and Internet access may jeopardize the ability of all users to enjoy such access. While ACS's teachers and other employees will make every effort to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access. Students and employees are reminded that computer network and Internet access is a privilege, not a right.

This policy applies to any device used on school property, whether school/district owned devices or personal devices; whether connected to a school/district network/Internet connection or a personal account. This policy also applies to any school/district owned devices used on or off school property.

Attached to this policy is an Internet Acceptable Use Agreement. By reviewing, signing, and returning this Agreement as directed, each student or employee agrees to follow the policy.

Listed below are the provisions of the Agreement regarding computer network and Internet use. Students should direct any questions about the provisions of the policy or Agreement to the school principal. Employees should direct their questions to the Coordinator of Operations. If any user violates this policy, the student's or employee's access may be denied or withdrawn and he or she may be subject to additional disciplinary action.

PERSONAL RESPONSIBILITY

By signing the Agreement, the Internet user agrees not only to follow the guidelines of the policy, but also to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violation of the policy or any other use that is not included in the policy but has the effect of harming another or their property. Unless otherwise directed, students should report misuse of the network to the classroom teacher or principal of their school. Employees should report misuse to the building principal or Coordinator of Operations.

TERM OF THE PERMITTED USE

A student who submits to the school, as directed, a properly signed Agreement and follows the policy to which they have agreed will have computer network and Internet access during the school year only. Students will be asked to sign a new Agreement each year during the time they are students attending ACS before they are given an access account. ACS, in its discretion, may withdraw or revoke Internet access at any time and for any reason.

An employee who submits to the school, as directed, a properly signed Agreement and follows the policy to which he has agreed will have available computer network and Internet access. Employees will be asked to sign a new Agreement each year while employed by ACS before

being given an access account. ACS, in its discretion, may withdraw or revoke Internet access at any time and for any reason.

A visitor, defined as a person who visits ACS for academic purposes (i.e.. guest speaker, military recruiter, and/or college recruiter) and who must use Internet to fulfill their purpose on campus, who submits to the school, as directed, a properly signed Agreement and follows the policy to which they have agreed will have available computer network and Internet access. Visitors will be asked to sign an Agreement form by ACS during the time they are on a school campus before being given an access account. ACS, in its discretion, may withdraw or revoke Internet access at any time and for any reason.

NOTIFICATION OF BLOCKING, FILTERING, AND MONITORING OF TECHNOLOGY

The Electronic Communications Privacy Act of 1986 allows for schools to utilize a blocking/filtering system where it relates to review of communications once they are stored in a school or district's system, monitoring for legitimate purposes where one (1) party has previously consented to such monitoring (Acceptable Use Agreement), and monitoring by personnel performing duties necessary to maintaining the computer systems or to protecting the rights or property of Autauga County Schools.

The Children's Internet Protection Act (PL 106-554) requires that schools implement technology measures to protect minors from visual depictions that are obscene, pornographic, or "harmful to minors". Students and staff of ACS are subject to the provisions of the Alabama Digital Crime Act (2012)

ACCEPTABLE/UNACCEPTABLE USES

A. Educational Purposes Only

ACS provides access to its computer networks and the Internet for educational purposes only. Students, parents, or guardians may consult with a classroom teacher, librarian and/or school principal or assistant principal and/or the Coordinator of Operations to determine if a use is appropriate as to whether a contemplated activity is educational.

B. Unacceptable Uses of Network

Among the uses that are considered unacceptable, and which constitute a violation of this policy are the following:

- a. Uses that violate the law or encourage others to violate the law. Examples of such use include but are not limited to: transmission of offensive or harassing messages; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials; and plagiarizing academic work. Even if materials on the network are not marked with the copyright symbol, students and employees should assume that all materials are protected unless there is explicit permission on the materials to use them.
- b. Uses that cause harm to others or damage to their property. Examples of such use include but are not limited to: defamation; the creation and/or uploading of "worms," "viruses," "Trojan horses," "time bombs" or any other harmful form of programming or vandalism; and participation in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.
- c. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet. Examples of such include the use of proxies to

get around network filters. Students and employees should not disclose or share their password with others or use another password.

- d. Buying and selling. Students may not sell or buy anything over ACS's Internet. Employees may not sell or buy anything over ACS's Internet without prior approval. Students and employees should not publish or share confidential information about themselves or others, including credit card numbers and social security numbers. In its discretion, ACS may approve the limited use of the Internet and email for ACS related commercial activities, such as fund-raising activities related to education and/or employment.

C. Digital Citizenship

All users must abide by Digital Citizenship rules, which include, but are not limited to the following:

- a. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.
- b. Avoid language and other uses such as graphic images, which may be offensive to other users. Do not make, distribute, or redistribute jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.
- c. Do not assume that a sender of electronic mail is giving their permission to forward or redistribute the message to third parties or to give their electronic mail address to third parties. This should only be done with the sender's permission.
- d. Be considerate when sending attachments with electronic mail. Be sure that the file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

INTERNET SAFETY

A. Individual Responsibility of Parents and Internet Users

All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for their use of the computer network and Internet and avoid those sites. If a user finds that other users are visiting offensive or harmful sites, they should report such use to the classroom teacher, school principal and/or the superintendent's designee.

B. Personal Safety

In using the computer network and Internet, users must not reveal personal information such as their home address or telephone number. Students should not use last names or any other information that might reveal their identity or location without the permission of a supervising teacher. Students must not arrange a face- to-face meeting with someone they "meet" on the computer network or Internet without their parent/guardians' permission. No user should ever agree to meet a person they have only communicated with on the Internet in a secluded place or in a private setting.

C. "Hacking" and Other Illegal Activities

It is a violation of this policy to use the school's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Users of ACS owned devices are prohibited from accessing or changing its system settings without prior permission from the Information Technology department. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

D. Confidentiality of Student Information

Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A system administrator may authorize the release of directory information, as defined by Alabama law and the Family Educational Right to Privacy Act (FERPA), for internal administrative purposes or approved educational projects and activities. Public notice of any such release of information shall be given, and parents shall be allowed a reasonable time to object to the release of information.

E. Active Restriction Measures

ACS utilizes filtering software to protect against access to visual depictions that are obscene, display child pornography, or are otherwise harmful to minors. The school and/or ACS will also, periodically and to the fullest extent practical, monitor the online activities of students and employees, through direct observation and/or technological means, to attempt to prevent students from accessing such depictions or any other material which is inappropriate for minors. While the school and/or ACS will use their best efforts to prevent such access by students, it is impossible to guarantee that students will be prevented from accessing such materials, by evading or defeating the filters or this policy. The school and ACS rely on the cooperation and assistance of all users to report unauthorized access or other violations of the policy. Further, filtering may be disabled for the purpose of bona fide research or other lawful purposes, in the discretion of any administrator, supervisor, or other person authorized by ACS.

PRIVACY

Computer network and Internet access is provided as a tool for the education and employment-related activities of ACS's students and employees. ACS reserves the right to monitor, inspect, copy, review, and store at any time, and without prior notice, any and all usage of the computer network and Internet access to any and all information transmitted or received in connection with ACS and no user shall have any expectation of privacy regarding such materials.

FAILURE TO FOLLOW POLICY

Students' and employees' use of the computer network and Internet is a privilege, not a right. A user who violates this policy, or any other applicable Board policy, or any federal or state law, shall, at a minimum, have their access to the computer network and Internet terminated. The user may also be subject to other disciplinary actions, up to and including termination of enrollment or employment. A user violates this policy by their own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this policy if he permits another to use their account or password to access the computer network and Internet. ACS may also take other disciplinary and/or legal action.

WARRANTIES/INDEMNIFICATION

ACS makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. It shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user or their parent/guardian(s) arising out of the use of its computer networks or the Internet under this policy. By signing this policy, users have full responsibility for their use, if the user is 18 years of age or older, or, in the case of a user under 18 years of age, the parent/guardian(s) are agreeing to indemnify and hold the school, ACS, and all of its administrators, teachers, and employees harmless from any and all loss, costs, claims or

damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent/guardian(s) agree(s) to cooperate with the school in the event of the school's initiating an investigation of a user's access to the computer network and Internet, whether that use is on a school computer or on another computer outside ACS's network. ACS is not responsible for the cost of data usage incurred if a student, employee, or visitor uses their own cellular data plan on any device, personal or ACS owned.

BRING YOUR OWN DEVICE (BYOD)/TECHNOLOGY

ACS discourages the use of BYOD devices on its network. Any connection of BYOD devices to the network will be evaluated on a case-by-case basis with the school administrator's or Coordinator of Operations' approval. When approved, the following agreement will be in place:

1. ACS or its employees will not be responsible for theft or damage of the device or the content of the device. Each student or employee should label their device with their name and should use proper discretion in keeping their device in a secure location when not being used, this includes having the proper protection for the device such as a cover. It is also the student's responsibility to have their device fully charged at the beginning of each day.
2. ACS or its employees will not be responsible for any fees incurred by the devices for texting or Internet access; it is the sole responsibility of the student. Each teacher will decide when devices should be used for instruction or learning purposes. Devices should be silent unless otherwise directed by the teacher for classroom instruction/learning purposes.
3. Video or audio recording or picture taking is not permitted without proper permission of the instructor and people involved.
4. Use of the device other than that instructed by the teacher and/or which causes disruption in the classroom and impedes the learning of other students will result in disciplinary action, including the device being taken from the student until the parent/guardian comes to the school for a conference with the teacher or administrator.

BYOD STUDENT AGREEMENT POLICY

1. The student is responsible for keeping their device in their possession and properly securing it. ACS personnel are not responsible for the security, or condition of student's personal devices.
2. The student or parent is responsible for the proper care of personal technology devices, including all maintenance and repair, replacement or modifications, and software updates necessary to effectively use the device. This includes having the device fully charged before coming to school.
3. ACS reserves the right to confiscate and/or inspect personal technology devices if there is reason to believe that it was used to violate ACS or school policies, administrative procedures, or for general misconduct.
4. Violations may result in the loss of privilege to use personal technology in school, and/or disciplinary and legal action, as appropriate.
5. The student must comply with ACS personnel's request to refrain from using a device, verify/display the authentication login screen, or to power down (turn off) the device.
6. The student may not use any devices to record, transmit or post photos or video of a person without their knowledge and consent. Images, video, and audio files

recorded at school may not be transmitted or posted at any time, without the expressed permission of an ACS faculty member.

7. The student should only use personal technology devices with consent and under the direct supervision of an ACS faculty member.
8. All users are required to have approved antivirus installed on their devices.

UPDATES

Users and the user's parent/guardian(s), may be asked from time to time to provide new or additional registration and account information or to sign a new Agreement to reflect developments in the law or technology. Such new or additional registration and account information must be provided by the user or their parent/guardian(s) and a new Agreement must be signed if the user wishes to continue to receive service. Students and employees must notify the person designated by the school if some or all the information they have provided on the Agreement changes.

STUDENT & PARENT SOCIAL MEDIA POLICY

Autauga County Schools recognizes that social media is a tool that promotes and enhances communication by providing opportunities for district and school administrators to share information and knowledge with key stakeholders. It also provides a platform by which to engage in conversations, respond to feedback directly, and maintain an active dialogue with parents, guardians, teachers, administrators, and community members. For purposes of this policy, social media includes websites that incorporate one or more of the following:

- Blogs. Web logs or journals where authors and users can post textual, audio, or video content, and permit others to post comments. Some websites allow individuals to create free standing blogs or use blog tools and message forums to engage users.
- Microblogs: Websites and spaces that allow users to post short blog entries such as Twitter, and sites that invite users to post short status and location updates such as Facebook, Snapchat, etc.
- Social Networks: Websites where users can create customized profiles and form connections with other users based on shared characteristics and interests. Websites are oriented toward personal social contact among “friends” such as Facebook, Instagram, LinkedIn, Snapchat, etc.
- Media Sharing: Websites where users post and share videos, audio files, and photos as well as tag them to enable searchability such as YouTube, Flickr, Google Video, etc.
- Wikis. Resources or documents edited collaboratively by a community or users with the varying levels of editorial control by the website publisher such as Wikipedia.
- Virtual Worlds: Web or software-based platforms that allow users to create representations of themselves to meet, socialize, and transact with other users such as Minecraft, Second Life, VRChat, etc.

Autauga County Schools currently has official district accounts with Facebook, Instagram, Twitter, and YouTube which are managed in the district’s Communications Office. Individual school pages and groups on Facebook, Instagram, and YouTube are also available and managed by school administrators in coordination with the district’s Communications Office.

General Best Practices

- Carefully consider any reactions, comments, or posts and how it may be perceived before posting. Once published, content can be accessible indefinitely regardless of whether or not it has been deleted. Privacy settings may not always provide the intended level of privacy and anonymous posts can not be guaranteed to remain anonymous as well.
- Treat social media sites with the same respect and professionalism as a public place or business. Conduct or language that would be unacceptable in a physical forum should also be considered unacceptable for social media use. Remember! Tone and personality traits may be lost in digital translation.
- Do not share passwords or give other people access to your social media accounts, including allowing third-party entities to link to your accounts.

- Review privacy settings regularly. Consider only allowing your network to view and interact with what you post as well as turning on “tagging review” so you are able to preview all posts and pictures before they appear on your page.

ACS Guidelines

- The use of social media is designed to promote the mission and goals of Autauga County Schools. While user-generated content on official district or school pages and groups is allowed and encouraged, it does not create an open public forum for speech.
- Social media is not intended to be used for policy decisions or items of legal and fiscal significance that have not been previously released to the public.
- No social media accounts branded with district or school names, wording, logos, mascots, etc., giving the audience any reason to believe the account is acting in coordination with district or school administration, is allowed. Anyone interested in creating a social media account must complete the district’s digital Social Media Account Request Form (<https://bit.ly/3PzNpE8>) and await approval and further instructions.
- Posting content via social media platforms does not constitute giving official notice to the school district or individual schools. All such inquiries should be directed to the appropriate program.
- Administrators reserve the right to remove inappropriate user-generated content or comments posted on social media pages managed by the district or school that are not in keeping with the following guidelines. Other permissible comments based on viewpoint will not be removed.
 - Contains obscene language
 - Contains sexual content
 - Contains information that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, status with regard to public assistance, national origin, physical or mental disability, or sexual orientation
 - Threatens or defames any person or organization
 - Violates legal ownership interest of another party
 - Supports or opposes political candidates
 - Promotes illegal activity, commercial services or products
 - Isn’t topically related to the particular posting

Administrator Guidelines

Currently, there are social media pages and groups that are managed by stakeholders not employed by the Autauga County Board of Education. The following guidelines should be practiced as it relates to posting to these sites.

- Be responsible. The key to social media success is honesty, thoughtfulness, and awareness of the audience. Above all, exercise good judgment and common sense. Remember, there is no such thing as a private social media site.

- Be accurate. Make sure all the facts have been gathered prior to posting on the page or in the group. If an error is made, correct it quickly and visibly.
- Respect copyrights and fair use. Always give the proper credit for other people's work. Make sure permissions are granted to use something prior to publishing it.
- Protect confidential information. Never post confidential or proprietary information about the district, schools, students, parents, etc.
- Endorsements. Do not use the district or school name to promote or endorse any event, activity, product, etc. before receiving the proper approvals. Also, linking to other sites is generally a good thing but it's important to consider the associations prior to posting.
- Monitoring Comments. Continually review pages or groups for comments and messages as it builds credibility and community.
- Adhere to the ACS Guidelines above with respect to user-generated material. Delete all content or comments containing the following violations once the offense has been recorded and submitted to the district's Communications Coordinator.
 - Contains obscene language
 - Contains sexual content
 - Contains information that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, status with regard to public assistance, national origin, physical or mental disability, or sexual orientation
 - Threatens or defames any person or organization
 - Violates legal ownership interest of another party
 - Supports or opposes political candidates
 - Promotes illegal activity, commercial services or products
 - Isn't topically related to the particular posting

Violation of any of the conditions outlined in this policy could result in disciplinary action, including but not limited to, removal from social media pages, suspension, expulsion, or legal action based on offense. To report an offense, contact the district's Communications Coordinator.

MEDICATION AT SCHOOL

Students may need to take medications while at school. The school health services personnel recommend that, whenever possible, medication be administered before/after school hours under the direct supervision of a student's parent/guardian. If school attendance is dependent on taking medication, the first dose of the medication should be given at home where any reaction may be observed by the parent/guardian and reported to the student's physician. **For medication to be administered to a student at school the following procedures must be followed (ACBOE Policy 5.41):**

1. The student's parent/guardian must complete the School Medication Prescriber/Parent Authorization Form, which is available in the school office and the school health office. **The parent, doctor, physician's assistant or nurse practitioner must sign the form.** The form allows the student's physician to give the school directions on how to give the required medication and any side effects that may occur from the medication. The student's parent or legal guardian is required to update the School Medication Prescriber/Parent Authorization Form any time the student has a change in medication and/or dosage. The completed School Medication Prescriber/Parent Authorization Form will be kept confidential.
2. **Prescription medication must be in the original container with a pharmacy label and the student's name, physician's name, date of prescription, name of medication and dosage. Non-prescription medication must be in the original container labeled with the student's name.**
3. Students will be allowed to possess and self administer prescribed asthma inhalers and/or epipen medication. This medication must meet the above requirements.
4. **A student's parent/guardian must deliver the medication to the school nurse and retrieve the medication from the school nurse.** A student should never have more than a month's supply of medication at the school. Medications not picked up within 14 days of the stop date or medication left at the school at the end of the school year will be discarded by school health services personnel.

WHEN TO KEEP YOUR CHILD AT HOME

Regular attendance at school is encouraged and is necessary for your child’s progress. However, he/she should stay at home if he/she has any of the following conditions in order to prevent the spread of communicable diseases to others. The table below includes conditions that are frequently seen in the school setting. Please follow the instructions for exclusion before returning your child to school if you suspect your child has a communicable disease. If you have questions regarding these instructions, you may contact your child’s school.

Illness/Condition	Signs/Symptoms	Instructions for Exclusion

You must accompany your child upon his/her return to school and bring proof of treatment (i.e. receipt of treatment products). Take your child to the office to see the school nurse before returning to class.
Vomiting	One episode of vomiting within 24 hours	Your child should stay home from school once vomiting stops for 24 hours, or until a health care provider determines that the cause of vomiting is not contagious nor in danger of dehydration with a physician statement provided to the school.

PROMOTION AND RETENTION POLICY

Promotion and retention policies and guidelines have been developed to ensure that minimum academic expectations will be mastered by students at a given grade level prior to their advancing to the next grade level. Such policies also ensure that minimum educational standards are enforced by the schools. It is acknowledged that students learn at different rates by different means. Therefore, it will occasionally be beneficial to students to be retained in or at a specific grade level to receive additional instructional assistance which should enable them to master the academic skills which are necessary for them to experience success in school. (ACBOE Policy 6.19)

It is recommended that a student be retained a maximum of two (2) non consecutive years in grade one (1) through grade six (6) — preferably once in grade one (1) through grade three (3) and once in grade four (4) through grade six (6) — if not performing according to the promotion and retention policy. An administrative decision substantiated by teacher recommendation for promotion or retention may be exercised based on (1) history of attendance, (2) age of student and (3) failure to complete grade level requirements regardless of the number of previous failures.

Kindergarten

As stated in section 290-3-1.04 of the Alabama Administrative Code, students being enrolled in or promoted to first grade must demonstrate first grade readiness by the successful completion of kindergarten or otherwise demonstrating first grade entry readiness on an assessment of essential developmental and physical skills.

Grades 1 - 5

Students in grades one (1) through five (5) will be retained if they do not pass English Language Arts, Reading and Math in a given school year. A yearly numerical average of 60% or above constitutes a passing grade.

Alabama Literacy Act (Alabama Act 2019-523) - Commencing with the 2023-2024 school year, third grade students shall demonstrate sufficient reading skills for promotion to fourth grade. Students shall be provided all of the following options to demonstrate sufficient reading skills for promotion to fourth grade

- *Scoring above the lowest achievement level, as determined by rule of the State Board of Education, on a board approved assessment in reading.*
- *Earning an acceptable score on an alternative standardized reading assessment as determined and approved by the State Board of Education.*
- *Demonstrating mastery of third grade minimum essential reading standards as evidenced by the reading portfolio.*
- *Qualification under the Good Cause Exemption according to the Alabama Literacy Act.*

Grades 6-8

Students in grades six (6) through eight (8) must pass English Language Arts, Math, and one other core content area course (Science or Social Studies) to promote to the next grade level. A yearly numerical average of 60% or above constitutes a passing grade.

Special Education (Grades 1 - 8)

Special education students, who are receiving all instruction in a regular classroom for a particular subject, will be evaluated in that subject according to the same standards as regular students and will be required to meet promotion standards in that subject unless otherwise specified in the student's Individual Education Program (IEP).

If a student is receiving instruction in the special education classroom or is receiving instruction in a subject in both the regular and special education classrooms, the Individualized Education Program (IEP) developed by the IEP committee will govern promotion.

Grades 9 - 12

Students in grades nine through twelve must complete the state mandated graduation requirements. Special education students must complete the course of study and the specific objectives designated in the student's Individualized Education Program (IEP). Students will need a minimum of twenty-four (24) units of credit to graduate from high school. In addition, each student must take a Core Curriculum consisting of a minimum of one English, one Social Studies, one Science, and one Mathematics course each year in addition to certain specified electives to meet graduation requirements.

Procedure for Notification for Retention for All Grades

Parents/guardians will be notified of possible retention by way of District form letters. The letters will be sent to parents/guardians of students who meet the retention guidelines of this policy. In grades K-12, three letters will be sent at specified times which are (1) at the end of the first semester (second nine weeks grading period), (2) at the end of the third nine weeks grading period, and (3) at the end of the school year. Schools with block schedules will issue retention letters at mid-point of the semester and at the end of the semester. The letters will inform parents/guardians of their children's potential or definite retention. A copy of each letter sent, as well as letters returned to the school, will be filed in each student's permanent record folder. The letters of notification regarding retention will serve to bring principals and teachers together in a team effort, to inform parents/guardians and involve them as much as possible before the end of the school year, and to satisfy documentation requirements for the school. **TEACHERS AND PRINCIPALS WILL MAKE THE FINAL DECISION CONCERNING PROMOTION AND RETENTION OF A STUDENT. PARENTS/GUARDIANS WILL NOT BE ALLOWED TO REVERSE THE DECISION.**

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232G; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond high school level. Students to whom the rights have been transferred are "eligible students". These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request an amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged failure by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4606

NOTICE FOR DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law with certain exceptions, obtains your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Autauga County Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the school to the contrary in accordance with School procedures. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA) 20 U.S.C., 1232h, requires the Autauga County School System to notify you of our intent to administer surveys during the school year and to allow you an opportunity to opt your child out of participating in certain school surveys. In the spring, surveys may be administered that ask questions about behaviors such as drug and alcohol use, violence and other at risk behaviors. The surveys also may ask questions of a demographic nature concerning family makeup and communication. These surveys are anonymous and do not ask information that identifies any individual student.

SUICIDE PREVENTION INFORMATION

Suicide is the **second** leading cause of death for middle and high school youth (ages 12-18), and is the **second** leading cause of death for youth ages 10-24. Studies reveal that **four** out of **five** teens who consider suicide give clear warning signs either verbally or behaviorally.

Warning Signs of suicidal ideation include, but are not limited, to the following:

Talking about suicide	Engaging in risky or self-destructive behavior
Being preoccupied with death	Behaving in a manner out-of-character
Expressing feelings of hopelessness, helplessness, or worthlessness	Losing interest in pleasurable activities
Withdrawing from family and friends	Increasing drug/alcohol use
Making arrangements; setting one's affairs	Giving away prized possessions
Sudden increase/decrease in appetite	Neglecting physical appearance or personal hygiene
	Dwindling academic performance

References: Center for Disease Control, 2020; The Jason Foundation, www.jasonfoundation.com

Along with these warning signs, there are certain Risk Factors that can elevate the possibility of suicidal ideation.

Perfectionist personalities	Previous suicide attempts
Sexual identity issues	Family history of suicidal behavior or completion
Youth with low self- esteem/Loners	Alcohol and substance abuse
Depression, anxiety, and other mental health disorders	Stressful life event or recent loss
Aggression and fighting	Being bullied (including cyberbullying)
Abused, Molested or Neglected Youth	Failing in school and/or having a learning disability
Genetic predisposition	Exposure to community violence
Parental history of violence, substance abuse, or divorce	Self-injury behaviors

Talking with a student that may be suicidal can be difficult. Use the “Do’s and Don’ts” listed below to help when responding to a student in crisis.

DO:

- Listen (not lecture). Listening will decrease the probability of going through with suicide.
 - Ask questions to assess suicide potential:
 - Do you have a plan? Are the means available?
 - Have you attempted suicide in the past? How? What happened?
 - How do you see yourself in the future? (Shows hope)
- Talk openly and honestly about any statements the student has made.
- Be supportive. Let the student know you care and want to provide help.
- Get help from people or agencies specializing in crisis intervention and suicide prevention.

DON'T:

- Ignore the problem (it won't just "go away")
- Keep the information secret. Verbal threats and plans are signals for help.
- Act shocked. This will put distance between you and the student.
- Believe that if suicide is talked about, the threat won't be carried out. Suicide is often talked about before it is committed.
 - Be judgmental
 - Laugh it off and not take it seriously
