## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

PVHS opened in 2004 and will celebrate 20 years in June. We are the third comprehensive high school to be built in the Santa Maria Joint Union High School District. Our population is currently 3,102 students and approximately 80% of the student body qualify for free/reduced lunch assistance. Pioneer Valley has 164 certificated staff members and over 110 classified staff to support our students. We have programs for all ability levels include general education, special education, advanced students, and multilingual learners. Pioneer Valley has many programs that offer amazing experiences for students including AVID, FFA, over 50 extracurricular clubs and over 20 different athletic sports that span over the school year.

District Mission Statement: We prepare all learners to become productive citizens and college/career ready by providing challenging learning experiences and establishing high expectations for achievement.

PVHS Vision Statement: The vision of Pioneer Valley High School is to prepare students to positively contribute to society by focusing on academic achievement, personal responsibility and college or career readiness.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	97.70	76.87	316.80	78.54	234405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	1.00	4.00
Misassignments	11.50	9.70
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	<b>12.50</b>	<b>13.70</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	1.00	1.00
Local Assignment Options	1.90	5.90
<b>Total Out-of-Field Teachers</b>	<b>2.90</b>	<b>6.90</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	8.1	11.2
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	6.7	0.8

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

SMJUHSD provides standards-based aligned textbooks for all students. The textbooks are adopted from a state-approved list. Every student has access to their own individual textbook, classroom issued sets of books and instructional materials. Textbook selection is a collaborative process. Textbooks are selected through content area department meetings at the District level. State approved textbooks are evaluated by certificated staff (who teach that specific area content) to determine which one best meets the needs of all students in the district. The selection is then sent to the Board of Education for approval. In addition to textbooks, students also have access to an online textbook that is available to them through their 1:1 issued student laptops. Pioneer Valley does not have a shortage of any textbooks or instructional materials.

Portable Classrooms 631-640 August 2023

Modular Classrooms 208-219 January 2006  
Modular Classrooms 801-803 and Restrooms August 2023

Pioneer Valley High School is a closed campus and has a controlled access plan in place. Locks, keys, gates, and doors are monitored and managed 24 hours a day, 7 days a week.

The Custodial Staff consists of 16 FTEs. The distribution is as follows:  
1-custodial supervisor evenings weekdays  
10 evenings Monday - Friday  
4-weekdays (3 classroom vacuuming/student restroom cleaning)  
2-evenings and weekends

Grounds maintenance is provided by 5 FTEs: 2-Grounds Maintenance on weekdays  
2-Grounds Maintenance days and weekends

Building maintenance is provided by 3 FTEs:  
2-semi-skilled Building Maintenance weekdays  
1-Electician

The school shares six (6) central maintenance personnel with the other schools in the District: Lead Maintenance, Carpenter/Welder, Plumber, HVAC Technician, and two Painters.

Although the State discontinued the State School Deferred Maintenance Program, the District continues to set aside funds in a restricted account to address expenditures for significant repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, and floor systems. For the 2022-23 fiscal year, the District spent \$676,883 on deferred maintenance. In addition, for the 2022-23 fiscal year, the District spent \$4.39 million in Routine Restricted Maintenance expenditures (California Education Code Section 17070.75), which amounts to 3.14% of the District's General Fund expenditures.

Planned Improvements (School Year 2023-24):  
Replace roofs on portable classrooms  
Addition of three modular classrooms and a restroom  
Addition of twelve portable classrooms (relocated from Ernest Righetti High School)  
Furnish a new Wellness Center

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	39	45	37	38	47	46
<b>Mathematics</b> (grades 3-8 and 11)	18	19	15	14	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 Career Technical Education Programs

Pioneer Valley High School offers courses intended to help students prepare for the world of academics and work. These career technical education courses are open to all students and consist of a concentrator and completer course. In many cases, the student may earn a certificate that qualifies them to be eligible for work immediately. The site offers a full range of courses in agriculture, business, home economics, and industrial arts technology. Numerous courses are articulated with Allan Hancock College and equal both junior college credit and school credit towards graduation.

PVHS has a College and Career Center that is staffed with a College and Career Specialist and a full time EAOP staff member from UCSB. These specialists work with seniors to complete college applications and explore opportunities for post-secondary education including trade school, community colleges, and for year colleges and universities. These two positions work closely together and coordinate various events on campus that focus on college going culture and after high school experiences. Events consist of completing Allan Hancock College enrollment, FAFSA documents, Cash for College events and complete scholarships, financial aid, and college applications.

The school has a four-year plan for all students that is provided to parents during the ninth-grade year and then revisited each year during registration for the next grade. The purpose of this plan is to assist students in aligning their interests with career plans for the future. Each year, students have the opportunity to complete interest inventories, complete research on their career focus and related post-secondary educations and participate in resume building and job and college application preparations. The outcome is that students will select electives that support their interest and as a result complete a sequence of courses that make their education more relevant for them.

CTE courses and pathways are a staple at PVHS. Students also have the opportunity to take courses at the Mark Richardson Career Technical Education Center and Agricultural Farm. These courses are for two consecutive hours and students complete a CTE pathway in one year as opposed to two. We currently have a District Advisory Committee, a Student and Industry Advisory council, and State of the College with Allan Hancock College. We have industry and college advisors for every CTE pathway offered. We have over 21 industries informing our educational practice, and well over 100 industry partners. For CTE Advisory information please see the District website.

Our School Site Council (SSC) includes parent members and approves our Single School Plan for Student Achievement. The English Language Advisory Committee (ELAC) meets bi-monthly to discuss issues and program for our English Learner students. The PVHS Booster Club supports activities and athletics, and this group of parents meets regularly with officers to distribute money to best benefit our school. Spanish and Mixteco translators are available for all school meetings.

Our ten certificated counselors organize monthly opportunities for parents that include grade specific events that focus on post high school options, ways to reach services through the school and receive academic support.

In addition, there are many other opportunities for parents including technology trainings, open forums on current topics including social media and drug awareness, and college/financial aid information nights.

The community connection is very important to Pioneer Valley. The full-time school resource officer assists by providing presentations and support regarding trends with adolescents including Teen Safe Driving, Social Media Awareness, Drug Awareness and Positive Personal Choices for Teens.

## 2023-24 School Safety Plan

PVHS is a closed campus and all visitors must register with the office prior to entering the campus. We hold periodic fire, earthquake, and disaster drills. Staff and students receive training and updated information annually for each type of event. The Safety Plan is updated at the beginning of each new school year and is adjusted throughout the year. The Safety Committee holds monthly meetings to review the School Safety Plan. Campus security assistants are assigned to the campus from 7:00 am. to 5:00 pm and they attend all athletic contests for supervision. The security team is trained to deal with medical emergencies and has protocol to deal with many types of situations. The school has an assigned School Resource Office from SMPD. We have over 60 security cameras in operation with archive and retrieval software.

There are many support services on campus to assist students in crisis situations including but not limited to domestic violence, anger management, drugs/alcohol and grief support. The school website provides a "Tipline" that allows for anonymous reporting of bullying, drug use, and unsafe situations in which they need help.

Pioneer Valley High School-(PVHS) is dedicated to providing a safe and orderly learning environment. The PVHS Safety Plan has been developed with the assistance of the Santa Maria City Fire, Police Departments, Santa Barbara County Sheriff's Department, American Medical Response Ambulance Co. and SMJUHSD stakeholders to provide guidelines during a disaster or on site crisis. We believe that this document will help Pioneer Valley High School to better meet the needs of students, parents and staff in trying times. The Plan consists of, yet not limited to, bi-monthly safety drills, crisis intervention for all students and staff, safety supervision, clearly articulated policies of suspension and expulsion all aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

In order to ensure compliance, the Safety Plan requires updating and evaluation annually by March of each year. The safety plan is shared with School Site Council and the procedures are reviewed with staff each year.

## Fiscal Year 2022-23 Types of Services Funded

Pioneer Valley High School receives funding from Title I and LCAP. Funds are used for salaries of classified employees or certificated employees that offer direct assistance to students. Examples include the community liaison, language assessors, and updates to programs or services that directly affect students. Examples include technology upgrades, intervention supplies, Student Assistance Program, campus security, and support for School Site Council and English Language Advisory Committee. The school site council approves the expenditures for each school year to best meet the needs of our students and increase their academic achievement and overall high school experience.

Categorical funds provide remediation/intervention courses for students in English Language Arts, Math and California High School Exit Exam preparation. After school tutoring, writing lab salaries and On Track Credit Recovery is also supported through Categorical Funds.

Our school plan is aligned with the LCAP and supports at least five of the state priorities through various metric measures.

Examples of services funded include the following:

- 1) Parental Involvement - Parent engagement is important. Our district has a Director of Family engagement who assists the school sites by offering many opportunities to learn various aspects of the district. Panther Forum for Parents is a nighttime meeting offered two to three times per year that has designated topics such as social media, distracted driving, and drug awareness. The meetings are broken into two separate hours with the first hour being focused on the specific topic and the second hour being an open forum design where parents may ask for information on future topics. Parent Technology Trainings are offered two to three times a year to train parents on school issued tablets, computer online registration and our Aeries student information system, which allows access to their students' grades and attendance. Parents On a Mission provides an eight week parenting class that encourages communities to take an active part in parenting and work with their families on decision making and working as a unit.
- 2) Student Achievement - Student achievement is measured by various measures including Advanced Placement course offerings and grades, English proficiency and students who reclassify, A - G completion rate and the offering and increase of A - G offerings, EAP "ready" rate through the standardized testing process, CTE completion rates.
- 3) Student Engagement - Attention is paid to attendance rates and truancy percentages. Efforts are made to make connections with families by phone calls, mailers and automated message calls, and home visits
- 4) School Climate - The school promotes a positive campus by the promotion of positive messages posted throughout the school. Messages regarding anti-bullying campaigns, encouragement of attendance, discouragement of drug use, and proper use of social media are a few ways in which school climate is supported through funds. School climate is measured by trends seen in discipline and suspension and expulsion rates. We also pay attention to data collected through various surveys administered throughout the year.
- 5) Access to Courses - Our school is funded to offer a variety of courses that cover 12 different departments and the offering of both core and elective offerings. CTE pathways are defined as two courses designated as Concentrator and Completer and qualify the student as "college and career ready." PVHS also has a robust Allan Hancock College concurrent enrollment program with over 20 courses being taught by our staff. Students attend PVHS and receive AHC college credit.

## Professional Development

The site establishes staff development needs by reviewing student test results. Schoolwide goals are aligned with the district goals established in the Local Education Agency Plan (LEAP). These goals are included in the Single School Plan for Student Achievement. Teachers can request to attend conferences and training that align with the school's goals. The district has focused Professional Development activities on developing Common Formative Assessments and developing appropriate assessments and instructional techniques. Professional Learning Communities serve as the framework for all professional trainings.

## Professional Development

1) Formalized staff development - Districtwide formal staff development occurs several times per year in August, January and June. Topics for these staff development days include district trends and focus areas. Topics over the past year has included trainings and information with a partnership with Orenda. The focus is to assist our district and school sites to closely align our teaching practices and testing to the items represented on standardized tests.

2) Informal staff development - These opportunities come in the form of specific departments or professional learning communities who take the time to meet together, review data and refine teaching practices. Examples include re-writing curriculum, reviewing test scores and teaching strategies, and the review of textbooks that are introducing new standards and expectations.

3) Staff development by interest - Staff can request to attend conferences offered at various locations based on materials that are offered through companies. Conference often include specific areas of interest and include a range of options for sessions that can be attended. Examples for this school year have included classroom management strategies and mental health options.

Staff are required to attend the formalized staff development and have the opportunity to provide input regarding future topics and interest areas. Informal staff development is done more frequently is often separated by department, grade level or subject area. Staff are expected to work on campus, provide an agenda of the work they will be doing.

This table displays the number of school days dedicated to staff development and continuous improvement.
