Parent Involvement Plan

Parent Involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

1. that parents play an integral role in assisting their child's learning;
2. that parents are encouraged to be actively involved in their child's education at school;
3. that parents are full partners in their child's education and are included, in decision-making and on advisory committees as appropriate to assist in the education of their child;
4. that parents are involved in identifying barriers to greater participation by parents in parent involvement activities.

Purpose: The purpose of parent involvement is to increase each parent's capacity to help their child(ren) be successful in school.

To facilitate meaningful parent involvement in our school we will:

1. **Develop a Leadership Committee:** The school will establish a leadership committee to assist in the review of their parent compact, parent involvement plan, use of parent involvement funds, and the annual review and evaluation of our school Title I program as well as the review and plan for school improvement. The school will solicit parents to serve on the committee at the start of each school year. Any parent of a student in this school is eligible to serve on this committee. The school will establish, from a list of parents willing to serve on the committee, a group of 1-4 parents who serve throughout the school year. Every effort will be made to make all parents aware of the efforts of this committee and solicit input from all parents concerning these efforts. The Leadership Committee, or any parent, may request opportunities for regular meetings to formulate suggestions and to participate in decisions relating to the education of their children, and the school responds to any such suggestions as soon as practicably possible.
2. **Annually review our Parent Involvement Plan:** The school will, with consultation and input from their parents, annually review and when necessary revise this parent involvement plan. The plan will outline how the school will work with their parents throughout the school year. A meeting will be held within the school year to review and possibly revise this plan. This plan will clearly establish when and how parents will be involved in all aspects of the Title I program.
3. **Annually review our Parent /School Compact:** The school will, with consultation and input from their parents, annually review their Parent/School compact. The compact will list the responsibilities of the student, parent/caregiver, classroom teacher, and school administrator. All parents will be annually provided copies of the parent/school compacts at the start of each school year, and will be provided with opportunities for input into this document throughout the year. This compact will be reviewed within the school year. Throughout the school year parent input on the parent/school compact will be solicited and used during the meeting in case of a possible revision of this document.
4. **Annually review the use of Title I funds and evaluation of the use of these funds:** The school will, with consultation and input from their parents, annually review how Title I funds will be used throughout the school year. This should be done at the first meeting of the year. Parents will be provided with data that supports the use of these funds and be asked for their input. Before the end of each school year parents will be provided with evaluation information/data that assesses

the effectiveness of the Title I school program, staff development conducted throughout the year, and all parent involvement activities held during the year.

5. **Facilitate regular, meaningful two-way communication:** The school will hold an annual meeting for parent to explain Title I and what it means to them as a parent and to their student and to explain the right of parents to be involved in the school and in their child(ren)'s education. This will be done at open houses and/or Math/Literacy Night. The school will also offer this information at meetings held at flexible and convenient times for parents. The school will provide parents information on how to access a description and explanation of the curriculum, student progress measures, and the proficiency levels students are expected to meet and how to monitor a child's progress and work with educators to improve the student achievement. Curriculum, content standards, measures and proficiency levels will be highlighted in the parent newsletter monthly. The school will ensure that information related to school and parent programs, meetings, and other activities is sent to parents in a timely manner and in a format and, to the extent practicable, in a language the parents can understand, and provide reasonable alternate formats as requested.
6. **Build the capacity of parents to support their child(ren)'s learning:** The school will provide materials and training to help parents to work with their children to improve their children's achievement. This will include a Family Math and Literacy Night as well as open houses at the beginning of the school year.
7. **Coordinate and integrate the school's parent involvement programs with early childhood programs in the community and in the school:** To the extent feasible and appropriate, the Title I consulting teacher and Special Education teacher will work with the preschool program to conduct activities that encourage and support parents in more fully participating in the education of their children.
8. **Build the capacity of school staff to work with parents:** The school will work with the district Title I programs to train and educate staff in how to reach out to, communicate with, work with parents as equal partners and build ties between the parent and the school.
