

NYM HS Third Quarter Star Students

Freshman Ashton Lehmann has always been a respectful and kind student. He is courteous to his peers but yet says what he means. This semester, I'm extremely impressed with the growth I've seen as well as watching him open up and show his individuality more.

Eighth Grader AJ Guinazzo has really excelled this semester both academically and socially! AJ is working very hard to remain caught up in his classes and achieve all passing grades. AJ is socially coming out of his shell more and positively interacting with his peers and staff. I'm really proud of how much AJ has grown this semester since he started in December! Keep up the great work!

Eighth Grader Alex Mack participates extremely well in class. I love his eagerness to learn and share his own thoughts on science. He also continues to enlighten his classmates with his diverse thought process and his insightful discussions.

Eighth Grader Audrey Weller has made progress in her skills from 7th grade, more importantly she has made huge strides in self confidence and is a shining light in eighth grade.

Seventh Grader Shyann Smith is willing to go the extra mile to complete assignments, Shyann fully answers questions and often writes far more than is asked or expected. She is always respectful and a leading role model to her classmates.

Freshman Hunter Lubitz is an amazing young man that has grown by leaps and bounds. His smile is contagious and can light up a room. His sense of humor is clever, infectious and fun to be around. He is very kind and interactive with everyone. He is polite to adults and never seeks the limelight. He works well with others as well as independently. I have known Hunter for 3 years and he is an outstanding individual.

Eighth Grader Taya Koljonen I have been so impressed with her improvement from last year. She has grown so much as a student and is so responsible for her own success. Taya's smile and positive attitude are contagious in the hallways and in the classroom.

Eighth Grader Alana Koljonen Works hard and has come out of her seventh grade shell. Alana is a quiet leader in her class and sets high goals for herself.

Seventh Grader Reegan Krutchen is positive, kind, caring, helpful...the list goes on. She is accepting of all in her class and is a great example to other students. Reegan is always having a good time, but still knows when it's time to get to work.
