II. SCHOOL HEALTH ADVISORY COUNCIL:

A district school health advisory council shall be established to serve as a resource to school sites for implementing policies and programs and develop an active working relationship with the county health council. The council shall consist of individuals representing the school and community, including parents, students, teachers, school administrators, health professionals, school food service representatives, and members of the public. The primary responsibilities of the council include but are not limited to:

1. Developing, implementing, monitoring, reviewing and as necessary, making recommendations 19 as to physical activity and nutrition policies;
2. Ensuring all schools within the district create and implement an action plan related to all;
3. School Health Index modules; Ensuring that the results of the action plan are annually reported to the council; and
4. Ensuring that school level results include measures of progress on each indicator of the School Health Index.

The State Board of Education's Coordinated School Health and Physical Activity Policies shall be used as guidance by the Council to make recommendations. The board will consider recommendations of the Council in making policy changes or revisions. Additionally, each school will have a Healthy School Team consisting of teachers, students, parents and administrators. The Team will hold Healthy School Team meetings during the school year to assess needs and oversee planning and implementation of school health efforts. The director of schools/designee will ensure compliance with the school Wellness Policy, to include an assessment of the implementation of the Wellness Policy and the progress made in attaining the policy goals. The assessment will be made available to the public.
