

Student Directory Information

Federal law and regulations pertaining to family educational rights and privacy allow schools, without prior consent, to release at their discretion information from student educational records that has been designated by the school system as "directory information". **MSAD #12 has designated the following as directory information: student's name, participation in officially recognized activities and sports, weight and height of student athletes, grade level in school of participants in extracurricular activities, date of attendance, honors and awards received. Parents who do not wish to have directory information regarding their student released should request such in writing to the Superintendent of Schools.**
