## **2023-2024 FIRST, SECOND, & THIRD GRADE SUPPLY LIST**

The teachers of first, second, and third grades have compiled a list of supplies that the children will need for the new school year. We would like to order these supplies as soon as possible to have them ready for the children when school begins. We would appreciate your remittance of the amount below for these supplies.

Often the children, especially in the primary grades, are concerned if their supplies are not like everyone else's, so hopefully we can eliminate some hurt feelings; we also hope we have made your lives somewhat less hectic.

Please send your remittance to the school to the attention of the secretary. We would like all of the money by July 15th to enable us to place the order in a timely fashion. Thank you for your continued cooperation.

Grade 1	\$25.00
Grade 2	\$24.00
Grade 3	\$23.00
