

Subject: Summary of SIC Meeting -- April 15, 2025, at JMS

Dear Parents and Guardians,

We wanted to provide you with a summary of the School Improvement Council (SIC) Meeting held on April 15 at the Johnsonville Middle School Media Center. Members present included: MD Coleman, Donna Gaye Tanner, Heidi Dumm, and Rebecca Perales Proctor.

In the absence of the principal due to injury, Mr. Coleman led the meeting with assistance from Donna Gaye Tanner, Media Specialist at JMS. A PowerPoint presentation was used to share information on the following topics:

- **Review of Spring Diagnostics**
- **Upcoming Events**
- **Review of Parent Report with New SIC Goals for this year**
- **Wrap up**

As these topics were discussed, members engaged in conversation. As the new SIC Goals were reviewed, members offered the following ideas:

- **Fundraising:** Members brainstormed fundraising ideas for the upcoming school year. These ideas included a golf ball drop, Texas Roadhouse rolls sale, and a school spirit rocks fundraiser.
- **Communication:** Members agreed that parent/school communication is strong. Additional considerations include assisting parents who lack access to digital platforms and identifying barriers to parent involvement/engagement.

The meeting minutes will include an attachment of a PowerPoint presentation containing the i-Ready diagnostic data and upcoming events for reference.

Thank you to everyone who participated and contributed to this important discussion. Your involvement is essential to the success of our school community.

Best regards,
Mirandi Squires
Principal
Johnsonville Middle School
