## Tuition for Out-of-System Students

1. Regular Education Annual Tuition Rate
  - a. All out-of-system students with no special requirements will be charged tuition at a predetermined amount set by the Superintendent in accordance with Alabama law. The amount of tuition is subject to change on an annual basis and will be published in the *Student Handbook and Code of Conduct*.
  - b. Tuition will be waived for out-of-system students with no special requirements whose parents are active employees of the Mobile County Public School System.
  - c. No refunds will be granted if the student leaves the Mobile County Public School System due to long-term suspension, is expelled, or drops out. Refunds will be granted for students moving to a school outside the Mobile County Public School System.
  - d. Partial Year Enrollment – For students who enroll after the school year has begun the tuition rate will be prorated based on percentage of year remaining.
2. Special Education: The LEA in which the student resides is legally responsible for providing services to its students. Assuming space availability, the Superintendent, Executive Director of Special Programs, and the Chief School Financial Officer may enter into a negotiated contractual agreement with a sending LEA in specific situations, wherein the sending LEA will reimburse the Mobile County Public School System for all of the provided services. In no case will the reimbursement amount be less than the predetermined tuition amount set by the Superintendent.
3. No out-of-system students will be accepted into the Mobile County Public School System's Magnet School Program.
4. Each year the student database will be reviewed by the Accounting Department in collaboration with the Micro Information Systems Department and the Division of Student Support Services to ensure that tuition is being received according to this policy. Any school in the Mobile County Public School System which has accepted an out-of-system student for whom tuition is due will be charged the amount due for each such student from that school's local funds.
5. Tuition payments must be *PAID IN FULL* prior to the student being allowed to register at a school in the Mobile County Public School System.
6. Payments will be accepted by on-line credit card payment and at the Central Office by a representative of the Accounting Department in the form of cash or check.
7. The school must receive signed authorization from the Central Office before accepting an out-of- system student's registration packet. This will be in the form of a paid-in-full receipt or a statement confirming receipt of payment.
8. *NO* Transportation will be provided to out-of-system students unless provided for in a negotiated contractual agreement referred to in Paragraph 2 above.
9. Out-of-system students accepted will be subject to the same rules as transfer students.

**HOMELESS STUDENTS – ENROLLMENT DISPUTE POLICY**

In accordance with the McKinney-Vento Homeless Assistance Act and the Every Student Succeeds Act, the Mobile County Public School System will meet any requirement of the Acts regarding enrollment disputes of homeless students. This policy is in place for the prompt resolution of disputes regarding educational placement of homeless children and youth. This policy will provide a mechanism for MCPSS to resolve disputes at the LEA level that may arise over school selection or enrollment in school by a homeless student.

**Date Adopted:** January 24, 2018

## **McKinney-Vento (Homeless Education) Dispute Resolution Procedure**

The dispute resolution process begins at the time a school/district challenges the enrollment of a homeless student. If there is a dispute regarding a student's homeless status, school selection/enrollment and/or request for transportation, **the student must be immediately enrolled in the school where enrollment is sought and provided with transportation services.**

### **The school must adhere to the following procedures:**

- 1) The school must complete the *Initial Challenge Form* and have the parent sign this form. The original form goes to the parent/guardian/unaccompanied youth. A copy of this form is sent to Student Support Services, Homeless Education Program. The school should also retain a copy of this form.
- 2) At the time of the initial challenge, the school must provide to the parent/guardian/unaccompanied youth the *Appeal Form* and provide the contact information of the assigned homeless liaison.

### **The district must adhere to the following procedures:**

- 1) Upon receiving the *Initial Challenge Form* from the school, the assigned homeless liaison will contact the parent within twenty-four (24) hours to inform parent/guardian/unaccompanied youth of their right to appeal.
- 2) If the parent appeals the initial challenge, the district must complete an inquiry to determine if the student is entitled to enrollment and supportive services under McKinney-Vento.
- 3) The district must complete the *Final District Decision Form* within five (5) business days of receiving the *Appeal Form* and notify the parent/guardian/unaccompanied youth in writing. The assigned homeless liaison will notify the school of the final decision.
- 4) The district must advise the parent/guardian/unaccompanied youth that the district's final decision may be appealed to the Alabama State Department of Education within five (5) business days.
- 5) If the parent/guardian/unaccompanied youth decides to appeal the district's final decision to the Alabama State Department of Education, the parent/guardian/unaccompanied youth must contact the Homeless Education liaison to assist with filing the appeal.

The student must remain enrolled and provided with transportation (if needed) until the district makes a final determination. If the parent/guardian/unaccompanied youth appeals the district's decision to the Alabama State Department of Education, then the student must remain enrolled and provided with transportation (if needed) until the State notifies the parent/district of their final decision.

- Explore possibilities for volunteers to provide transportation for homeless students. This option should be considered only if pupil transportation safety policies would allow it and if sufficient driver background checks are conducted.
- Consider economical approaches to providing transportation. Brainstorm cost-saving solutions with LEA and community stakeholders.

## **K. Dispute Resolution Procedures**

### **K-1. Under the McKinney-Vento Act, are States required to have procedures to resolve disputes regarding educational placement of homeless children and youths?**

Yes. Every State must have procedures for the prompt resolution of disputes regarding the educational placement of homeless children and youths. (*See* section 722(g)(1)(C)). In addition, some LEAs have their own written dispute resolution policy that describes procedures for resolving disputes at the local level. Because these policies should be consistent with the State dispute resolution policy, a State may wish to provide technical assistance to LEAs in developing a strong local dispute resolution policy or even provide a common local policy that each LEA can adopt. The benefit of a common local dispute resolution policy is to create consistency as homeless students move across school district lines due to their homelessness.

### **K-2. What procedures must an LEA follow if a dispute arises between a school and a parent, guardian, or unaccompanied youth or guardian regarding eligibility, school selection, or enrollment of a homeless child or youth?**

If a dispute arises over eligibility, school selection, or enrollment, the LEA must immediately enroll the homeless student in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals. (Section 722(g)(3)(E)(i)). The dispute resolution policy should also consider that the statutory definition of “enroll” and “enrollment” includes attending classes and participating fully in school activities. (*See* section 725(1)). Therefore, dispute resolution procedures at the LEA and SEA level should address barriers to attending classes and fully participating in school activities. Inter-district enrollment disputes should be resolved at the SEA level (*See* question K-8).

Homeless families and youths may be unaware of their right to challenge placement and enrollment decisions. Therefore, the LEA must provide the parent, guardian, or unaccompanied youth with a written explanation of any decisions related to school selection or enrollment made by the school, the LEA, or the SEA involved, along with a written explanation of the appeal rights. (Section 722(g)(3)(E)(ii)). The LEA must refer the unaccompanied youth, parent, or guardian to the local liaison, who must carry out the dispute resolution process established by the SEA as expeditiously as possible. (Section 722(g)(3)(B)(iii)). The local liaison should assist the child and family in preparing the appeal and should make the resources of the school (e.g., copying, mailing, or obtaining records) available to the parent, guardian, or unaccompanied youth.

### **K-3. What elements should be included in the written explanation of the enrollment decision and the right to appeal this decision?**

If a dispute arises over eligibility, school selection, or enrollment in a school, the parent, guardian, or unaccompanied youth must be provided with a written explanation of any decisions related to

eligibility, school selection, or enrollment made by the school, the LEA, or the SEA involved, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions. (Section 722(g)(3)(E)(ii)). Notice and written explanation from the LEA about the reason for its decision, at a minimum, should include the following:

- An explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, which should include:
  - A description of the action proposed or refused by the school;
  - An explanation of why the action is proposed or refused;
  - A description of any other options the school considered;
  - The reasons why any other options were rejected;
  - A description of any other factors relevant to the school's decision and information related to the eligibility or best interest determination including the facts, witnesses, and evidence relied upon and their sources;
  - Appropriate timelines to ensure any relevant deadlines are not missed; and
- Contact information for the local liaison and State Coordinator, and a brief description of their roles.

#### **Tips for Establishing an Effective Dispute Resolution Process**

In establishing a strong effective dispute resolution process, LEAs may also consider including the following items in information distributed to parents, guardians, or unaccompanied youths when informing them of decisions regarding enrollment:

- Notice of the right to file a complaint, raise a compliance issue, or file an appeal;
- A step-by-step description of how to appeal the school's decision that includes a simple form parents, guardians, or unaccompanied youths can complete and submit to the school to initiate the dispute process. Copies should be provided to the parent, guardian, or youth for their records;
- Notice that, if the parent, guardian, or unaccompanied youth are English learners, use a native language other than English, or need additional supports because of a disability, translators, interpreters, or other support services will be made available without charge in the appropriate language;
- Notice of the right to be enrolled immediately in the school in which enrollment is sought pending final resolution of the dispute;
- Notice that immediate enrollment includes receiving adequate and appropriate transportation to and from the school of origin and the ability to fully participate in all school activities;
- List of legal and advocacy service providers in the area that can provide additional assistance during any part of the process;
- Contact information for the local liaison and State Coordinator, with a brief description of their roles; and

- Timelines for resolving district- and State-level appeals.

These processes may include, but are not limited to, any administrative procedures adopted by the LEA for addressing matters such as parent or student complaints, attendance, credit recovery, or grade placement. In some circumstances, additional concerns may be appropriately addressed in an Individualized Education Program (IEP) team meeting or a Section 504 placement team meeting. Other appropriate processes may include investigation of matters related to bullying, sexual harassment, or illegal discrimination.

**K-4. How can an LEA ensure that the written explanation of its decision or determination and the notice to appeal is in a manner and form understandable to a parent, guardian, or unaccompanied youth?**

The LEA should ensure that all decisions and notices are drafted using language and formatting appropriate for low-literacy, limited vision readers, and individuals with disabilities.

For children and youth and/or their parents or guardians who are English learners or whose dominant language is a language other than English, LEAs must provide translation and interpretation services in connection with all stages of the dispute resolution process, consistent with the requirements of the Equal Educational Opportunities Act (20 U.S.C. 1701 et seq.) and Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.).

If the parent, guardian, or unaccompanied youth has access to email, the LEA should provide notices electronically followed by a written notice provided in person or sent by mail.

**K-5. What types of situations fall outside of the parameters of the McKinney-Vento Act dispute resolution process?**

Not all eligibility or enrollment disputes initiated by a parent, guardian, or unaccompanied youth are eligible to go through a dispute resolution process at the LEA or SEA level. For example, when the child or youth is not residing in a homeless situation in the boundaries of an LEA, but the parent, guardian, or unaccompanied homeless youth seeks to initiate an enrollment dispute in that particular LEA. Or, for example, a parent, guardian, or unaccompanied youth may wish to use the dispute resolution process to resolve a disagreement that is unrelated to the McKinney-Vento Act, such as a special education issue. In these cases, the LEA should refer the parent, guardian, or unaccompanied youth to the program or administrator that would more effectively address the complaint.

**K-7. What are effective strategies for LEAs and SEAs to use to resolve enrollment disputes?**

LEAs and SEAs should consider the following strategies for effectively resolving disputes:

- Resolve disputes at the district level rather than the school level;
- Create an option for an informal process as an alternative to formal appeals, which should be in place but must not waive the parent's, guardian's, or unaccompanied youth's access to a more formal process if the informal resolution is not successful;
- Inform parents, guardians, and unaccompanied youths that they can bring a lawyer, a non-lawyer advocate, or any other person to assist them in such a proceeding or appeal;

- Ensure that any written notice is complete, as brief as possible, simply stated, tailored to limited literacy readers, and provided in a language and format the parent, guardian, or unaccompanied youth can understand.
- When inter-district issues arise, ensure representatives from all involved districts and the SEA are present to resolve the dispute;
- A State-level appeal process, involving the State Coordinator, should be available for appeals of district-level decisions and resolution of inter-district disputes;
- Any communication to the State Coordinator should be provided to all parties involved to ensure fairness;
- The dispute resolution process should be as informal and accessible as possible, including not requiring unnecessary notarization or authentication of documents or other materials submitted, not requiring strict legal evidentiary standards, and allowing for impartial and complete review;
  - Parents, guardians, and unaccompanied youths should be able to initiate the dispute resolution process directly at the school they choose, as well as at the district or local liaison's office;
  - States should establish timelines to resolve disputes at the local and State level. The dispute resolution should be prompt but not sacrifice equitability and fairness;
  - Parents, guardians, and unaccompanied youths should be informed that they can provide written or oral documentation to support their position;
  - Parents, guardians, and unaccompanied youths should be given the opportunity to challenge the school system's assertions; and

Students must receive all services for which they are eligible until final resolution of all disputes and appeals. (See sections 722(g)(3)(E)(i) and (iv)).

#### **Tips for Promoting Supportive Discipline and a Positive School Climate for Homeless Students**

Homeless children and youths face many challenges outside of the classroom. It is critical for schools, therefore, to provide safe and supportive climates for homeless students and to employ fair discipline strategies. Removing students from school (e.g., by suspending a student) should be used only as a last resort; this is particularly important due to the high mobility of homeless students and the lack of access to food and other services that out of school suspension or expulsion may cause.<sup>23</sup>

SEAs and LEAs should:

- Create awareness among educators and administrators of the types of behaviors that might be related to a student's homelessness and provide strategies to assist the students;
- Ensure that, prior to taking disciplinary action, school personnel consider issues related to a student's homelessness. This may be especially relevant when students accumulate absences and tardies related to a change of caregivers or nighttime residence;

<sup>23</sup> For more information on supportive school discipline, please see <http://www2.ed.gov/policy/ecn/guid/school-discipline/fedefforts.html#guidance>.

- Review discipline records for individual schools to identify patterns in punishment that could indicate an unfair bias against students experiencing homelessness;
- Consult with school behavior response teams to assign discipline corresponding to the behavior;
- Assign advocates for students and consult them appropriately as decisions are made;
- Determine the key contact—caregiver, student, parent, or guardian—with whom to address truancy and other behavioral issues;
- Provide information to school personnel regarding how trauma can impact student behavior and how to mitigate the effects of trauma in the school environment by providing trauma-informed support;

## **V. Collaboration and Coordination**

### **L. Coordinated Services**

#### **L-1. What education, homeless assistance, and social services programs should be considered as part of State and LEA coordination duties under the McKinney-Vento Act?**

Many of the Department’s programs use the McKinney-Vento Act definition of “homeless children and youths” and have parallel coordination requirements with the McKinney-Vento program. Of those, the main programs are Title I, Part A of the ESEA, and IDEA Parts B and C for children with disabilities ages three through 21 and birth through two, respectively. In the postsecondary education context, the College Cost Reduction Act amendments to the Higher Education Act (HEA) also authorize local liaisons to verify the unaccompanied homeless youth status for the purpose of applying for independent student status below the age of 24 on the Free Application for Federal Student Aid (FAFSA).

Several Federal programs administered by the U.S. Department of Agriculture (USDA) and the U.S. Department of Health and Human Services (HHS) use the McKinney-Vento Act’s definition of “homeless children and youths” referenced in A-1, so it is important for State Coordinators and local liaisons to coordinate for several reasons: to determine eligibility consistently across agencies

**STUDENT SEXUAL HARASSMENT**

- A. Sexual Harassment Prohibited - Sexual Harassment in any form that is directed toward students is prohibited. Persons who violate this Board Policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.
- B. Definition - For purposes of this policy, sexual harassment means conduct on the basis of sex that satisfies one or more of the following:
1. Sexual assault as defined in 20 U.S.C. §1092(f)(6)(A)(v), dating violence as defined in 34 U.S.C. §12291(a)(10), domestic violence as defined in 34 U.S.C. §12991(a)(8), or stalking as defined in 34 U.S.C. §12291(a)(30);
  2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Board's education program or activity;
  3. An employee of the Board conditioning the provision of an aid, benefit or service of the recipient on an individual's participation in unwelcome sexual conduct (otherwise known as "quid pro quo").

34 C.F.R. §106

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

1. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status;
  2. Unwelcome, inappropriate sexual touchings;
  3. Repeated unwelcome solicitations of sexual activity or sexual contact;
  4. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of a sexually suggestive object(s) or pictures, and sexual propositions.

designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving verbal or written reports of sexual harassment and formal complaints. These procedures have been drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, to provide supportive measures to the complainant and/or respondent, establish a grievance process for formal complaints of sexual harassment, address confidentiality requirements, and prevent any retaliation based upon the filing of the complaint. The procedures comply with Title IX and its implementing regulations and reflect due regard for the legal rights and interests of all persons involved in the complaint, and have been drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages. Procedures include proper recordkeeping and retention requirements in accordance with Title IX's implementing regulations.

- D. Initial Confrontation of Accused Harasser Not Required - A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under "Sexual Harassment Complaint Procedures" (see C above). In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.
- E. Notice of Policy to be Promulgated - The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy, and the recourse available to the student who believe that they have been subjected to sexual harassment. The complaint procedures will also be published in the Board's Student Code of Conduct. The Superintendent will undertake to provide training of Title IX coordinators, investigators, decision-makers, and all employees regarding the above sexual harassment policies and procedures.

Such a report may be made at any time, by using the telephone number or email address, or by mail to the office address listed for the Title IX Coordinator above.

Students are also permitted to report allegations of suspected sex discrimination, including sexual harassment to any other administrator, teacher, counselor, or any other Board employee. In addition, if Respondent is found to have engaged in sexual harassment, responsive actions or recommendations may include any sanctions as listed in the Student Code of Conduct. *Before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent can be imposed, however, the formal complaint and grievance process outlined below must be initiated and followed.*

Such a dismissal does not preclude action against the respondent under another provision of the Student Code of Conduct.
- b. Permissive Dismissal. The Title IX Coordinator may dismiss a formal complaint, or any allegations therein, if at any time during the investigation or grievance process:
  - i. The respondent is no longer enrolled in the school system and/or the respondent is no longer employed by the school system; or

The investigation process should be conducted in accordance with 34 C.F.R. 106.45(b)(5). During the investigation, the Complainant and the Respondent will have an equal opportunity to submit information and corroborating evidence, to identify witnesses who may have relevant information, and to submit questions to be asked of the other party. Questions for the other party will be asked by and at the discretion of the appointed investigator. The appointed investigator will meet separately with the complainant, the respondent, and any witnesses, and will gather other relevant and available evidence and information. While the Board cannot guarantee complete privacy, information collected during the investigation will be communicated only to the parties and those with a need to know in order to fulfill the purposes of Board’s policies and to comply with applicable laws.

#### **5. Written Report.**

The investigation should be completed as soon as practicable. The appointed investigator should prepare a written report which fairly summarizes the relevant evidence. The appointed investigator may draw conclusions as to whether, based on the preponderance of the evidence, an allegation is substantiated, unsubstantiated, or that there is insufficient information to substantiate. The appointed investigator may also draw conclusions as to whether or not any other Student Code of Conduct provisions or policies were violated. To the extent allowed by laws that apply to matters of confidentiality, the written investigative report should be provided to the parties and their advisors in draft form prior to the appointed investigator supplying the final investigative report to the designated administrator who will make the determination of responsibility. The draft investigation report should be redacted in accordance with state and/or federal law (e.g. FERPA) before the parties’ review.

After the Title IX Coordinator, or his or her appointed investigator, has sent the complainant and respondent the draft investigative report, the complainant and respondent will have ten (10) days to prepare a written response to the draft report. The appointed

investigator will consider the response(s) provided, if any, prior to completing the investigation report. The complainant and respondent's response should also contain any written, relevant questions that a party wants asked of any party or witness. Each party will then have an opportunity to provide answers, and an opportunity for any additional, limited, follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The appointed investigator should inform the party proposing questions regarding any decision to exclude a question as not relevant. Ultimately, the appointed investigator has the sole discretion to determine the relevance of evidence, and whether it should be included in, or excluded, from the investigation report. Once the investigative report is complete, the appointed investigator should send the complainant and respondent a written copy of the Final Investigation Report. Both parties will be provided ten (10) days to review the Final Investigation Report and provide a written response if they desire. The Final Investigation Report will be redacted in accordance with state and/or federal law (e.g. FERPA) before the parties' review. The appointed investigator shall then submit the written report, and any responses thereto, to the designated administrator.

## **6. Determination regarding responsibility.**

The Superintendent's designee shall be responsible for making a determination regarding responsibility, (hereinafter referred to as the "designated administrator"). The designated administrator, however, cannot be the same person as the Title IX Coordinator or the Title IX Coordinator's appointed investigator. The designated administrator must issue a written determination regarding responsibility. The Respondent is presumed to not have engaged in prohibited conduct until the designated administrator finds that there is sufficient evidence based on a preponderance of the evidence that the respondent has violated the Board's sexual harassment policy.

The designated administrator should review the investigation report, the documentary evidence, and any other relevant information to render a written decision based on the preponderance of the evidence as to 1) whether the conduct alleged occurred; and 2) whether each allegation has been substantiated, unsubstantiated, or that there is insufficient information to substantiate that respondent violated the Board's sexual harassment policy. The designated administrator may also render a written decision as to whether other provisions of the Student Code of Conduct, policies, and/or rules were violated. If violation(s) are found, the designated administrator may issue and/or recommend sanctions to the appropriate campus principal. The designated administrator should not render a written determination until both parties have been provided ten (10) days to review the above Final investigation report.

Both parties should then be provided a copy of the written determination. The written determination will be redacted in accordance with state and/or federal law before the parties' review. The written determination must include:

- a. identification of the allegations potentially constituting sexual harassment;

- b. a description of the procedural steps taken from the receipt of the formal complaint through the determination;
- c. findings of fact supporting the determination;
- d. conclusions regarding the application of the Board's Student Code of Conduct to the facts;
- e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the designated administrator recommends being imposed on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided by the school system to the complainant; and
- f. The procedures and permissible bases for the complainant and respondent to appeal.

The determination regarding responsibility becomes final either (1) on the date that the school system provides the parties with the written determination of the result of the appeal, if an appeal is filed, or (2) if an appeal is not filed, the date on which an appeal would no longer be considered timely.

A decision by the designated administrator regarding a determination of responsibility does not constitute an employment action with respect to respondent employee(s). Any sanction imposed on an employee as a result of the determination of responsibility shall be done in accordance with Board Policy and applicable state and federal law.

Any recommended sanction(s) imposed on a student respondent shall be done in accordance with the Student Code of Conduct.

## **7. Appeals.**

### a. Right to an appeal.

Should the complainant or the respondent disagree with the designated administrator's finding of responsibility and/or disagree with the Title IX Coordinator's, or his or her designee's, dismissal of a formal complaint or any allegations therein, such party shall submit a written notice of appeal within five (5) days of receiving the written determination of responsibility or dismissal of the formal complaint. The written notice of appeal should include a statement outlining the bases for appeal and any evidence which supports the appeal. The following reasons are those in which a party may appeal:

- i. A procedural irregularity affected the outcome of the matter;
- ii. New evidence was not reasonably available at the time the determination regarding responsibility or dismissal was made, and such evidence could affect the outcome of the matter; or
- iii. The Title IX Coordinator, appointed investigator(s), or designated administrator had a conflict of interest or bias for or against complainants or respondents generally, or the individual

complainant or respondent specifically, that affected the outcome of the matter.

b. Appeal process.:

- i. Upon receiving the written notice of appeal, as soon as practicable, the Title IX Coordinator, must notify the other party in writing when an appeal is filed;
- ii. After receiving the notice of appeal from the Title IX Coordinator, each party will be provided five (5) days to submit a written statement in support of, or challenging, the determination.
- iii. The Superintendent, or his or her designee, will hear appeals of decisions based on student-on-student sexual harassment. (appeal authority)
- iv. The Superintendent will hear appeals of decisions based upon actions by Board employees. (appeal authority)
- v. If (1) no appeal is filed within five (5) days of the receipt of the notice of the designated administrator's written determination; or, 2) if the appeal authority determines that the appeal does not identify one of the bases for appeal listed above, then the appeal authority will provide simultaneous notice to the parties that no valid appeal was filed and that the decision of the designated administrator is final and the case is closed.
- vi. Upon receiving the notice of appeal, the Title IX Coordinator will forward the appeal, and any supporting information or evidence, to the appropriate appeal authority. The appeal authority will review the appeal documents, the written determination of responsibility by the designated administrator, any new evidence submitted by the parties, and the investigation report and exhibits. The appeal authority will render a written decision which includes a rationale for the decision as to each of the grounds appealed. The appeal authority will forward the decision to Title IX Coordinator within fourteen (14) days from the date of receipt of the appeal, unless circumstances require additional time. The decision of the appeal authority will be final.

F. Informal Resolution

The Board does not require, as a condition of enrollment, continuing enrollment, and/or enjoyment of any other right, that a complainant or respondent waive his or her right to an investigation and/or adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the Board does not require the parties participate in an informal resolution process under this section, and the Board will not offer an informal resolution process unless a formal complaint is filed. However, if at any time prior to reaching a determination regarding responsibility under the **formal complaint** process, the Board reserves the right to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. Should the Title IX

Coordinator, or his or her designee, believe that an informal resolution process may be appropriate, the Title IX Coordinator, or his or her designee, shall:

**1. Notice.**

Provide to the parties a written notice disclosing:

- i. the allegations;
- ii. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- iii. provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- iv. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and

**2. Consent.**

Obtain the parties' voluntary, written consent to the informal resolution process;

**3. Student-on-Student Harassment.**

The informal resolution process will only be utilized in student-on-student complaints, and it will not be utilized to resolve allegations that an employee sexually harassed a student.

G. Confidentiality

All Board employees must keep confidential the identity of a person who complains or reports sexual harassment, including parties and witnesses, except as permitted by law and to carry out the purpose of these procedures.

Board employees should also work to maintain the confidentiality of supportive measures that are provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the school to provide the supportive measures.

H. No Retaliation

The Board will discipline or take appropriate action against any student, teacher, administrator or other school personnel who retaliates against any person who reports sexual discrimination-including sexual harassment or violence- or any person who assists or participates in an investigation, or who assists or participates in the formal grievance process relating to such harassment or violence.

Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited under this section. Charging an individual with a Student Code of Conduct violation for making a materially false statement in bad faith in the course of the complaint procedure section under this part does not constitute retaliation prohibited under this section, provided, however, that a negative

determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

#### I. Harassment or Violence as Abuse

Under certain circumstances, alleged harassment or violence may also be possible abuse under Alabama Law. If so, duties of mandatory reporting under Ala. Code §16-1-24 and Ala. Code §26-14-1 may be applicable.

#### J. Emergency removal/administrative leave

In addition to offering supportive measures to the complainant, the school system may need to initiate an emergency removal of the respondent from campus. In accordance with 34 C.F.R. 106.44, the Title IX formal complaint and grievance process does not prevent a principal from immediately removing a student respondent from the educational program or activity on an emergency basis, provided that the principal: (1) informs the Title IX Coordinator of the alleged act, and (2) conducts an individualized safety and risk analysis and determines that emergency removal is necessary in order to protect a complainant or other student or individual from an immediate threat to physical health or safety. In the event that an emergency removal of a student respondent is necessary, the principal should comply with the Student Code of Conduct provisions regarding suspension and expulsion of students in order to provide respondent with the appropriate notice and opportunity to challenge the decision.

Emergency removal does not modify any rights under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

#### K. False Statements and Allegations

The Board's sexual harassment policies and procedures prohibit anyone from knowingly making false statements or knowingly submitting false information during the sexual harassment complaint procedures. A student who deliberately, recklessly, and falsely accuses another student and/or employee of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

#### L. Record-keeping

All records shall be maintained in accordance with 34 C.F.R. § 106.45(b)(10). Specifically, the school system will keep records related to reports of alleged sexual harassment for a minimum of seven (7) years, including investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken, including supportive measures. If supportive measures are not offered in response to a report, the records retained should document why supportive measures were not offered.

## Student Sexual Harassment Complaint Form

## **Youth Suicide Awareness and Prevention**

### **Introduction**

Suicide is the tenth cause of death in the United States according to the Centers for Disease Control and Prevention. For youth between the ages of 10 and 24, the cause of death rankings are 2<sup>nd</sup> and 3<sup>rd</sup> in the nation, and these rankings are higher for youth in the same age brackets in the state of Alabama. The *Jason Flatt Act* was passed in order to equip education institutions and their personnel to recognize and act on signs of suicide risk in order to provide prevention, intervention and postvention with students at risk, their families and the communities who may be affected.

The *Jason Flatt Act*, which amends 16-28B-8 of the Code of Alabama 1975, includes several elements listed below (*in italics*) which should be interpreted as Policy. “To the extent that the legislature shall appropriate funds, or to the extent that any local board may provide funds from other sources, each school system shall implement the following standards and policies for programs in an effort to prevent student suicide”:

### **Section 1. Prevention of Suicide**

The *Jason Flatt Act* was passed in order to equip Alabama school districts and their personnel to recognize and act on signs of suicide risk in order to provide prevention, intervention and postvention with students at risk, their families and the communities who may be affected. This act, which amends 16-28B-8 of the *Code of Alabama 1975*, includes prevention of harassment and violence.

**Section 2.** The *Jason Flatt Act* includes several elements which should be interpreted as Policy. Mobile County Public Schools will:

- (1) Foster individual, family, and group counseling services related to suicide prevention.
- (2) Make referral, crisis intervention, and other related information available for students, parents, and school personnel.
- (3) Foster training for school personnel who are responsible for counseling and supervising students.
- (4) Increase student awareness of the relationship between drug and alcohol use and suicide.
- (5) Educate students in recognizing signs of suicidal tendencies and other facts and warning signs of suicide.
- (6) Inform students of available community suicide prevention services.
- (7) Promote cooperative efforts between school personnel and community suicide prevention program personnel.
- (8) Foster school-based or community-based, or both, alternative programs outside of the classroom.
- (9) Develop a strategy to assist survivors of attempted suicide, students, and school personnel in coping with the issues relating to attempted suicide, suicide, the death of a student, and

healing.

- (10) Engage in any other program or activity which the local board determines is appropriate and prudent in the efforts of the school system to prevent suicide.
- (11) Provide training for school employees and volunteers who have significant contact with students on the Mobile County Public School System policy to prevent harassment, intimidation, and threats of violence.
- (12) Develop a process for discussing with students local board policies relating to the prevention of student suicide and to the prevention of harassment, intimidation, violence, and threats of violence.
- (13) Provide annual training for all certificated school employees in suicide awareness and prevention. This training may be provided within the framework of existing inservice training programs or as a part of required professional development offered by Mobile County Public School System.

### **Section 3. Description of Behavior Expected of Students**

Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required to (1) comply with the requirements of the law, policy, regulation, and rules prohibiting harassment, violence, or intimidation and (2) to comply with the system's prevention strategies related to suicide prevention, intervention, and postvention support.

### **Section 4. Responsibility of Reporting**

Any person involved in a cause of action or omission resulting from the implementation of this suicide prevention policy or resulting from any training, or lack thereof, required by this section, shall be subject to state immunity law.

### **Section 5. Promulgation of Policy and Related Procedures, Rules and Forms**

This policy and any procedures and rules developed and approved to implement the policy will be published, disseminated, and made available to students, parents and legal guardians, and employees by such means and methods as are customarily used for such purposes, including publication on the Mobile County Public School System website.

**HEALTH SERVICES**

A program of student health services shall be offered as required by law. -

## WELLNESS

The board believes a good education prepares students for all facets of life, including healthy living. In accord with the state Board of Education's Implementation Guidelines for Exercise and Nutrition, the school board supports activities to encourage student wellness, including:

- Integrating nutrition information across the curriculum, aside from the health curriculum, when appropriate;
- Providing students opportunities for physical activity such as physical education courses and intramural athletics;
- Adopting regulations regarding reimbursable meals consistent with federal guidelines;
- Encouraging students to participate in the school meal programs for which they are eligible; and
- Supporting professional development for staff and informational programs for students on nutrition and physical education.

The superintendent designates an administrator to oversee the board's efforts to promote student wellness and collaborate with parents, students, administrators and food authority representatives when developing student wellness policies and programs.

## MEDICATION

Students may not take medicine during school hours unless a parent or guardian has notified the principal in writing when it is necessary for a student to be administered medicine during school hours. Self-administering of medication (i.e., asthma inhalants and insulin) is allowed in accord with state law. The Student Handbook and Code of Conduct will outline procedures for receiving, labeling and dispensing medicine to students.

## COMMUNICABLE DISEASES

Staff will observe the current guidelines and advisories for the control of communicable diseases in public schools as recommended by the state Department of Public Health.

**Acquired Immune Deficiency Syndrome:** Employees have a duty to treat as highly confidential any knowledge or speculation concerning the HIV status of a student. Malicious or frivolous allegations in regard to HIV status or violation of medical privacy are cause for disciplinary action.

No information regarding a person's HIV status will be divulged to any individual or organization without a court order or the informed, written, signed and dated consent of the person with HIV infection (or the parent or guardian of a legal minor). The written consent must specify the name of the recipient of the information and the purpose for disclosure.

All health records, notes and other documents that reference a person's HIV status will be kept in a secure and confidential file apart from any student record or employee file.

**AIDS/HIV Infection Control:** Employees are required to follow infection control guidelines in all settings and at all times. Schools will operate according to the standards promulgated by the U.S. Centers for Disease Control Occupational Health and Safety Administration for the prevention of blood-borne infections. Equipment and supplies needed to apply the infection control guidelines will be maintained and kept reasonably available. School Health Services personnel will implement the precautions, investigate, correct and report on instances of lapse.

School staff members are expected to alert the supervisor of the Department of Health Services if a student's health condition or behavior presents reasonable risk of transmitting any infection.

If a situation occurs at school in which a person might have been exposed to an infectious agent, such as an instance of blood to blood contact, school authorities will counsel that person, (or, if a minor, alert a parent or guardian) to seek appropriate medical evaluation.

**HIV and Athletics:** School authorities will make reasonable accommodations to allow students with HIV infection to participate in school-sponsored physical activities.

Physical education teachers and athletic program staff will complete an approved first aid and injury prevention course that includes implementation of infection control guidelines. Student orientation about safety on the playing field will include guidelines for avoiding HIV infection.

**HIV Prevention Education:** Parents and guardians will have opportunities to preview HIV prevention curricula and material. School staff members will assist parents or guardians who ask for help in discussing HIV infection with their children. If a parent or guardian submits a written request to a principal that a child not receive instruction in specific HIV prevention topics at school, the child will be excused without penalty.

The board will cooperate with HIV prevention efforts in the community that address out-of-school youth and youth in situations that put them at risk of acquiring HIV.

**Related Services:** Students will have access to voluntary, confidential, age and developmentally appropriate counseling about matters related to HIV infection through the assigned school nurse. School administrators will maintain confidential linkage and referral mechanisms to facilitate voluntary student access to appropriate HIV counseling and testing programs and to other HIV-related services as needed. Public information about resources in the community will be kept available for voluntary student use.

**Staff Development:** All school staff members will participate in a planned HIV education program that includes annual review sessions. Certain employees also will receive additional specialized training as appropriate to their positions and responsibilities.

No DNAR (Do Not Attempt Resuscitation) requests from parents or guardians will be honored under any circumstance.

## **Opt-In for Mental Health Services by Parent or Legal Guardian Policy/Procedures**

No student under the age of fourteen may participate in mental health services, unless (1) the student’s parent or legal guardian has submitted a written opt-in granting permission for the student to participate or (2) there is an imminent threat to the health of the student or others.

For purposes of this policy, “mental health services” includes services, treatment, surveys, or assessments relating to mental health; however, it does not include instructional activities designed to educate students regarding topics related to mental health (1) contained in the school system’s approved curriculum or (2) otherwise required to be taught by law (e.g., Erin’s Law; Jason Flatt Act).

This policy is not applicable to any “mental health services” contained in a student’s PST, IEP, or §504 plan. Consent for those services will be obtained in accordance the specific procedures required by federal and/or state law, and information regarding any mental health services will be provided in the pertinent plan.

A. **Written Notification** – At least annually, the school system shall provide parents and legal guardians a written notification regarding school provided or sponsored mental health services. The notification will include the purpose and general description of each of the mental health services available; information regarding ways parents may review materials to be used in guidance and counseling programs available to students; and information regarding ways parents may allow, limit, or prevent their student’s participation in the programs.

The written notification may be provided electronically, including through the school system’s online enrollment portal or by such other means and methods as are customarily used for such purposes.

B. **Opt-In To Participate in Mental Health Services** –

1. *General Requirement* – For a student under the age of fourteen to participate in mental health services, written permission by the student’s parent or legal guardian is required annually. The written permission must be specific as to any treatment and not broad in nature. Parents and legal guardians may be provided the opportunity to opt-in electronically during online enrollment or by such other means and methods as are customarily used for such purposes.
2. *Rescinding Permission* – A parent or guardian may rescind permission for a student to participate in mental health services at any time by providing written notice to school administration.
3. *Requests for Opt-In and Referrals Authorized* – If a parent or legal guardian does not initially opt-in to mental health services, school officials may contact the parent

or legal guardian to (1) attempt obtain permission for the student to participate in mental health services if the school official believes that the student would benefit from services or if circumstance arise for which services could be beneficial; and/or (2) provide a parent or legal guardian with a referral or information regarding mental health services that may be available to a student through other agencies or providers.

4. *Exception for Imminent Threat* – If a parent or legal guardian has not opted-in to mental health services, a student may be provided mental health services if there is an imminent threat to the health of the student or others. School employees may determine in their discretion whether such an imminent threat exists and provide any mental health services they deem necessary under the circumstances.

C. **Information for Parents/Legal Guardians** – If a student’s parent or legal guardian elects to opt-in to mental health services, the individual providing services shall keep the parent fully informed regarding any diagnosis and any recommendations for additional treatments beyond the services for which the parent or legal guardian has already opted in. The parent shall have the authority to make final decisions regarding any such recommended counseling and treatments.

D. **Recordkeeping** – Written records maintained by the school system and directly related to a student’s mental health services will be treated in the same manner as health care records and are subject to the confidentiality protections applicable to education record generally. Such records will be available for examination and review by authorized persons in the manner prescribed and to the extent required by federal and/or state law.

Records pertaining to a student’s mental health services will be kept separately from academic records unless including such record(s) in the student’s academic record is necessary to implement a state and/or federal law (e.g., special education referral process).
