

ATHLETIC UPDATE:
WEEK 10 / 10-13-22

Hello,

Football: Football had an important victory last Friday beating Cabrillo 40-13. This gives the team their 3rd win of the season and qualifies them for a playoff bid. This week is the big Pioneer Valley rivalry game. There is no other game in our area like it. For whatever reason, students love to come to this game. This is the most exciting football game in our area. If you want to feel an electric atmosphere in sports, this is your opportunity. Also, our own Josue Elena, the Starting QB, was selected by RoundTable as the Player of the Week. Elena has over 1500 yards in passing and 12 Touchdown passes thus far this season.

Girls Golf: The girls stand in 7th place ahead of Nipomo and Orcutt, but only one point behind Templeton.

Boys Water Polo: Lost to St Joeseph 17-6. The boys gave a great effort.

Girls Water Polo: JV lost a tough but very competitive game 10-3. Varsity plays PVHS tonight. We hope to get a sweep for the season.

Girls Tennis: Again, I might sound like a broken record, but the strength of this group is the way the program is building for the future. As the AD, I love the direction and growth they have made this year. Maybe we can get a couple of surprises during their League finals.

Girls Volleyball: Next week is their Senior night. Drop by and support the Seniors. Much like the Girls Tennis program. Although few victories, the program has grown. In high school Athletics the measurement of success can't always be measured by wins and losses.

Cross Country: This Saturday they have the Nipomo Adobe Run.
