2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
	A hard copy of the School Accountability Report Card is available at your School Office, upon request.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

Harvest High School is a continuation and alternative school established in July of 2013. Harvest High serves the rural community of Ripon. The City of Ripon is home to over 17,300 residents, and is located 70 miles south of Sacramento and approximately 90 miles east of San Francisco. It is the most southeasterly town in the agriculturally rich San Joaquin County. The region is semi-rural and increasing in population. The community is primarily residential and farming, and it prides itself on its small town atmosphere. What once was a small farming community, is comprised of local and national businesses as well as large agrarian areas. Ripon High School is one of two high schools in the Ripon Unified School District and is fed by five K-8 schools. Moderate growth in the area is expected to impact the school, increasing enrollment and diversity. The current

2024-25 School Description and Mission Statement

enrollment of 15 students represents increasingly diverse ethnic and socio-economic groups with a wide range of language skills and academic abilities. 46.67% of the student population is white, 40% Hispanic, 13.34% multi-ethnic, and 0% Black. Harvest High School has produced quality academic results with students for many years.

Our Vision
To provide students with a quality education, the opportunity to recover credits and earn a high school diploma.

Our Mission
To train young adults to be positively connected with their community and prepared to transition to technical careers and/or college.

Belief Statements
At Harvest High, we strongly believe that:
- All students are capable to achieve.
- We must know, understand, embrace, and celebrate cultural and linguistic diversity.
- Comfortable, safe, and and inclusive learning atmosphere dominate both teaching and learning process.
- Our students should assume personal responsibility to actively pursue their goals.
- We need to set high standards for individual behavior that will match our school's vision and mission.
- Parents and community members should be active participants in our school activities.
- It is our duty to provide the EL students with adequate instructional practices that will ensure their accelerated mastery of English.
- Common Core practices must be effectively used in every subject on a daily basis.
- Innovative methods of using Internet technologies should become an integral part of everyday learning.
- Our students should reach graduation being fully prepared to enter the workforce and/or pursue further education in a college of their choice.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	13	--	41	41	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Harvest High students participate in CTE exploration kits that allow them exposure to various types of possible trade employment options. The school also seeks out speakers to come and share job opportunities in various fields. Harvest participates in workshops with Modesto and Delta Junior colleges.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are invited to our beginning of the year meet and greet to meet the staff, tour the facility and get a feel for what to expect from Harvest and what is expected of their student. They are encouraged to join the Harvest School Site Council, attend student/parent/ teacher conferences, and join the District Parent Advisory Committee (PAC). Parents are also encouraged to attend LCAP Community meetings. Latino parents are encouraged to join the district DELAC committee.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.
Ripon Unified is committed to staff development.

2024-2025 5 days
2023-2024 5 days
2022-2023 5 days

Staff input is sought and considered when planning staff development days. District, Site, and Individual professional development plans are completed each year. With Harvest being such a small site and teachers having different schedules most of the professional development gets brought in during staff meetings, so that we are all present and can participate. Attending conferences is encouraged and supported. When members of the staff attend conferences they come back and share what they have learned with the entire staff during staff meetings and during their planning time. We currently have one staff member who is part of the district teacher cabinet. Teachers collaborate with teachers from the general high school with academic curriculum and standards.

This table displays the number of school days dedicated to staff development and continuous improvement.
