**Happy New Year!!**

**As we ring in the New Year it is an exciting time to reflect on our accomplishments and review goals for what we have left to do in this school year. Can you believe that we are halfway through this school year?**

**Where did the time go?**

**"Most impossible goals can be met simply by breaking them down into bite-sized chunks, writing them down, believing them, and then going full speed ahead as if they were routine," said Don Lancaster, an American author, inventor, and pioneer of the microcomputer. We, at CMS will assist students in reviewing their progress at the halfway point of the year, along with breaking down the tasks they still need to complete into manageable chunks, and then proceed at full speed as if it were just routine. At Coleman Middle School, we know how to tackle challenging tasks and we have no doubt that with dedication and consistency, we can reach our goals.**

**We have so many exciting opportunities happening in the coming weeks and months. Please visit the school website and social media often so that you don't miss a thing. We are definitely moving full force ahead for the last half of this year. See you soon for PTA meetings, pop ins and even volunteering your time in the Tiger's**
