Dear FSD Parent/Guardians:

This letter is to inform you of water leak in the middle school restroom today which was corrected. Shortly after the water leak, the entire elementary/middle school building lost power which was due to a transformer problem in Star Junction.

At that time, we dismissed all middle school students to the high school gymnasium and the elementary students to the high school auditorium for their safety. The middle school students were dismissed from the high school and the elementary students were brought back to their respective building for dismissal.

Thank you in advance for your understanding.

Sincerely,

William R. Henderson
