## Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit https://edsight.ct.gov

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at https://tinyurl.com/SuppressionPolicy

N/A is displayed when a category is not applicable for a district or school.

## Performance and Accountability

## District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

${ }^{1}$ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ${ }^{2}$ The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.
${ }^{3}$ Only students assessed in all four areas are included in this calculation.

${ }^{3}$ Students demonstrate postsecondary readiness through at least one of the following:

- SAT ${ }^{\circledR}$ - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- $\mathrm{ACT}^{\circledR}$ - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- $A P^{\circledR}-3$ or higher on any one $A P^{\circledR}$ exam
- $I^{\circledR}-4$ or higher on any one $I B^{\circledR}$ exam
- Earning three or more non-remedial college credits cumulatively during high school.
${ }^{4}$ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage. Sources:

## Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

| Achievement Gap Size Outlier? |  |  |  |  |  |
| ELA Performance Index Gap | 75.0 | 64.0 | 11.0 | 16.6 |  |
| Math Performance Index Gap | 75.0 | 60.8 | 14.2 | 18.0 | 17.8 |
| Science Performance Index Gap | 75.0 | 60.2 | 14.8 | $8.7 \%$ | $N$ |

${ }^{1}$ If the Non-High Needs Rate exceeds the ultimate target ( 75 for Performance Index and $94 \%$ for graduation rate), the ultimate target is used for gap calculations. ${ }^{2}$ If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.
NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

| Subject/Student Group |  | Participation Rate (\%) |
| :--- | :--- | :---: |
| ELA | All Students | 98.5 |
|  | High Needs Students | 97.0 |
| Math | All Students | 98.4 |
|  | High Needs Students | 96.8 |
| Science | All Students | 97.6 |
|  | High Needs Students | 95.7 |

## Narratives

## School District Improvement Plans and Parental Outreach Activities

The Rocky Hill Public Schools are committed to providing an educational environment in which all students discover and achieve their maximum potential in preparation for productive, meaningful lives and responsible citizenship. We strive for continuous improvement, analyzing our student achievement data in order to establish goals and then refining our practices based on results. All schools, through collaboration with the principals and school-based improvement teams, create improvement plans based on analysis of data and student-learning needs. Our talented and caring education staff is committed to excellence and equitable opportunities for all students, creating safe, supportive environments in which children can thrive. Our district provides high quality, rigorous, and engaging lessons aligned to the Connecticut standards, including the Connecticut Core Standards and the Next Generation Science Standards (NGSS). The use of educational technology continues to be integrated into the curriculum. For the past several years, the emphasis for elementary instruction has been on the Science of Reading. At the secondary levels, teachers have focused on improving content knowledge through vocabulary instruction. Literacy, math, and science instruction has been an integral part of the district and school goals. To help our educators continually grow and meet the ever-changing student needs, we offer ongoing, job-embedded professional development so teachers and administrators can work collaboratively to address strategies for improving student performance. Scientific Research-Based Interventions (SRBI) are well established across the district. Teachers meet regularly to assess students' progress and targeted objectives and to determine instructional strategies to accelerate student achievement.

Rocky Hill provides special education services that promote success for all students in the most inclusive setting. Special education staff receive regular professional development on various topics, some of which include enhancing IEP development, teaching reading to students with disabilities, and behavioral intervention strategies. We continue to expand our transition services for high school students with disabilities. The department monitors and adjusts the program to meet the ever-changing needs of our students.

We regularly identify students who have attendance issues and communicate with their families. Numerous opportunities exist for students to be invested members of our school community. We offer a variety of enrichment programs, after-school activities, and interscholastic athletics and intramurals. These experiences contribute to the district's low absentee and truancy rates.

Engaging families in student learning is accomplished in various ways. School climate survey results from parents, students and staff are used to develop and inform school and district goals. Parent communications are increased through principal newsletters, along with regular updates on the district, school, and staff websites. Curriculum updates and presentations are given during the Parent Teacher Organization meetings. Parent workshops and family nights support understanding of the curriculum. A family night is also held annually for the families of our English learners.

## Efforts to Reduce Racial, Ethnic and Economic Isolation

The Rocky Hill Public Schools foster an understanding of various racial, ethnic, and economic groups in our society and world. At each academic level, students have the opportunity to interact with classmates from diverse racial, ethnic, and economic backgrounds. Our district participates in the Open Choice Program in which students from an urban setting are integrated into our schools.

Throughout the district, a range of programs promote diversity and awareness of individual differences. Rich literature and picture books related to various cultures, races, and traditions are included in our curricula. Our world language program, which includes instruction from grades four through twelve, develops awareness of social and cultural values. Non-disabled peers have the opportunity to participate side-by-side with students with disabilities in athletics through the Unified Sports Programs. Our schools work in conjunction with the Town of Rocky Hill social services department to sponsor families within the community who are in need.

Rocky Hill Public Schools supports numerous clubs that promote community, connection, and stresses the importance of respectful discourse, diverse perspectives, and personal growth. The high school sponsors numerous clubs such as Justice for All, Girl Up, and PRIDE Alliance which promotes cultural and social awareness. In addition, various clubs focus on helping others through volunteerism such as GMS Cares. Student Council members are involved in service-based projects which directly contribute to the needs of the Town of Rocky Hill.

Rocky Hill has successfully participated in the Teacher Residency Program (TRP) - a state-sponsored initiative designed to increase the number of teachers of color working in Connecticut's public schools.

As a district, the Positive Behavior Intervention and Supports (PBIS) approach is well established. Students focus on respect for self, respect for others, and respect for their school. Through the instruction of these principles, our school climate has improved and our office referrals have decreased.

## Equitable Allocation of Resources among District Schools

The Board of Education policy regarding the distribution of district resources ensures that each school within the district receives an equitable distribution of material and financial resources. Building principals and central office administrators work together to develop a budget that addresses the needs of each school and supports the goals of the district and school improvement plans. The superintendent and assistant superintendent for finance and operations review budget requests based on principals' school-based budgets and distribute anticipated funds across schools and programs. Final allocations are influenced by student enrollment, state mandates such as IDEA, transportation costs, and increased special education needs. The Board of Education, through its administrators, works hard to minimize the impact of budgetary constraints and provide the best possible learning experience for our children.
