TK and Kindergarten

Mrs. Tinnin

This week, kindergarten students are wrapping up Unit 3 in reading. Your child should know the sounds of the letters a, m, c, d, g, i, o, and t. Using these sounds, students are beginning to sound out simple three-letter words and are practicing identifying the beginning, middle, and ending sounds in short words.

In math, we continue to work with numbers to 10. Students are matching sets with the same number, putting the numbers in order, and finding one more and one less.

TK students are learning all about families this week. They are enjoying classic nursery rhymes like *Where is Thumbkin* and *Teddy Bear, Teddy Bear*. In language activities, they are learning to identify syllables in spoken words and recognize rhyming words.

In math, TK is continuing to work with the numbers 1 through 5, practicing number recognition and foundational counting skills.

First and Second Grade Explorers

Mrs. Mittge

We had so much fun at the pumpkin patch! All students should have gone home with a pumpkin. At our Harvest Fest there is a pumpkin decorating competition. Your child can bring their decorated pumpkin on Friday the 30th to enter the competition.

Conference confirmation times will be going home with students next week. I am looking forward to meeting with families the week of November 2nd!

Students should have 10 AR points or more by the end of the month. Please look for your child's summary report in their Boomerang Folders.

Skills Practice: We practiced tying shoes. It would be greatly appreciated if families could review shoe tying at home too.

Third and Fourth Grade Classroom

Mrs. Mars

Our class participated in the Lewis County Fire Safety Poster Contest. Our very own **Demy H.** was the 3rd grade winner for all of Lewis County!

This week we went to Winolequa Park for our fall water testing. Students made observations about the river including things such as how much it has changed in the last year, that the area is shaded most of the day, and that it has a large riparian zone. We then used the water samples we collected to test for dissolved oxygen, nitrates, pH, and turbidity.

Fifth and Sixth Grade Classroom

Mr. Burlingame

We are excited to begin our new partnership with Civil Air Patrol through its free ACE+ aerospace education program! Civil Air Patrol is a volunteer organization with missions in emergency services, aerospace education, and cadet programs for young people. Through ACE+, CAP helps bring hands-on STEM and aerospace learning directly into classrooms.

This Thursday, several CAP cadets will make their first visit to our 5th and 6th grade classroom! Students will learn about the science behind hovercrafts, including how they use air to reduce friction and move across a surface. They will then put what they have learned into action by building and testing their own model hovercrafts. This will be the first of several CAP visits planned throughout the school year, with each visit giving students another opportunity to explore STEM through hands-on activities. A letter with additional information about Civil Air Patrol and the upcoming visits will also be sent home with 5th and 6th grade students this week. If you have any questions please dojo me or email me at sburlingame@evalinesd.k12.wa.us.

A class dojo was sent out on Thursday about conferences giving you options to sign up for a time slot. If you have any questions, please let me know either by phone at 360-785-3460 or by email at sburlingame@evalinesd.k12.wa.us.

FALL FESTIVAL PARTY

The Booster Club will put on a Fall Festival party on Friday, October 30th during school hours. Students are encouraged to dress up. All students will have an opportunity to play carnival games and do a craft. There will also be a costume contest and a pumpkin carving/decorating contest. The party will begin shortly after 8:30. Pre-school students and parents/guardians are encouraged to dress up and join us. **School will dismiss at 11:30.**

Costumes

Please make sure costumes are in good taste: **No blood, knives/weapons, or scary masks.. etc.**

Prizes will be awarded to preschoolers and students in each grade for the best costume.

Pumpkin Carving Contest

All students can work with or without a parent/guardian's help to create a masterpiece. Due to limited space and number of pumpkins, we will be doing the pumpkin judging in the bus garage. **You can take your pumpkin(s) directly to the bus garage before school on Friday, Oct. 30th.**

Prizes will be awarded in the following pumpkin categories:

1. Funniest
2. Scariest
3. Cutest
4. Best Non-Carved
5. Open Class - Dream up one you think would be a prize winner.
6. Best Student Solo (no parent help)
7. Sweetest
8. Most Clever

Please don't carve or decorate pumpkins in poor taste: Blood, knives, etc will be disqualified. The judges will decide the category in which each pumpkin will be judged. This can be a family project. Students can have mom, dad, sister, brother, etc. help carve and decorate your pumpkin. (Except for the Best Student Solo Pumpkin) If your beautiful pumpkin needs a candle to show the full effect, put the candle inside the pumpkin and the judges will light it. Please take pumpkins home at the end of the party. Any pumpkins left after the party will be thrown out.

The Booster Club is looking for volunteers to help make this fun event possible!

If you're able to lend a hand, please reach out to the Booster Club at
