Math

Topic 8: Telling Time

Students will need to know how to tell time on an analog clock. Students will need to know the hour hand and minute hand. Students will need to know the difference between a.m. and p.m. Students will also need to know how to say the time using "quarter 'til, quarter past, half 'til and half past."

Science/SS

Social Studies

Students will extend their knowledge of rules and the consequences of fulfilling or not fulfilling their responsibilities. They will also learn that privacy is a right guaranteed by the U.S. Constitution.
