Vision:

Carver Elementary School will service every child to grow at least two levels by 2022 while guiding students in a safe, inviting environment.

Motto:

"Big journeys begin with small steps."

Carver's View

Greeting Parents,

We are nearing the end of a successful traditional transition back to school for the first nine weeks here at Carver. Thank you, parents, for entrusting us with your child/children during this process. We are improving daily as we work towards growing our students by two proficiency levels by the end of this school year. This can only be achieved if students are present and equipped to work throughout the day. We ask that you send all students to school who are not sick or showing signs of an illness. Students will be utilizing the Canvas platform more this upcoming nine weeks. This means that students will need access to a computer, preferably one that checked out for them. We will continue to make accommodations for students as needed to ensure all students are given the same opportunities to pursue learning in every avenue. We are excited to see their growth this week through their data, and we know you are too. If you need us at any time, please feel free to call and we will do our best to meet your needs.

#GrowingTogether

COVID 19 Tips (CDC recommendations)

1. Wear a mask when in public.
2. Stay at least 3 feet from other people.
3. Do not touch your eyes, nose, or mouth.
4. Clean and disinfect regularly.
5. Wash your hands for at least 20 seconds.
6. If you feel sick, please stay home.

Counselor's Corner

Word for the Month: Self Discipline

“Discipline is just doing the same thing the right way whether anyone’s watching or not.”

– Michael J. Fox

Hello Carver Family,

We have gotten our School Wide Positive Behavior Intervention and Support (SWPBIS) program up and running. School-wide Positive Behavior Interventions and Supports is a framework designed to enhance students’ understanding of behavior expectations at school. Staff members and students are taught strategies aligned to the expected behaviors to ensure consistency across different contexts (in classrooms, the cafeteria, and restrooms, for example). The goals of consistent SWPBIS implementation include a decrease in problem behaviors, a decrease in office disciplinary referrals and suspensions, increased student engagement and attendance, and increased student perception of school safety.

October Incentive: Students with positive behavior for the month of October will be able to participate in Carver’s Haunted Hallway.

Librarian's Corner

Library card holders can check out way more than just books: many libraries also offer free access to streaming video and music as well as online versions of your favorite magazines and newspapers. These resources are great for staying entertained and can save you big money on media subscription fees. Bring in your library card to receive a prize.

VACCINATE

SO THAT WE CAN CONTINUE TO

EDUCATE!

As a school and a district, we understand that we are not quite out of the woods with COVID-19 yet. We will continue to follow the CDC and district protocols for social distancing and sanitation, ensuring that all facets of our journey during the school day is one that is aligned. Our goal is, and has always been, to provide a safe learning environment. You can help us keep everyone safe by ensuring your child has a mask on daily before arriving at school. We will continue to monitor the guidelines and suggestions from MDE, MS Department of Health, and the CDC. All information is subject to change if new guidance is issued by the government and/or health officials.
