A valid credit card number, expiration date and CVV must be given at time of order. Illegible writing is grounds for exclusion from the program. Please print neatly. An email confirmation will be sent with the details of your order including total, handling, tax (where applicable), amount paid and balance due, along with information on how to make additional payments using our secure payment website. Payment amounts are the order total (including applicable tax and fees) divided into four (4) payments. The first payment is one fourth of total PLUS all applicable taxes and fees. Each subsequent monthly payment will take the current order total divided by the remaining number of payments. It is the responsibility of the J-PAY enrollee to alert us of credit card changes (ie. lost/stolen/reissued) or if you wish to change the card on file for payments. It is your responsibility to see that your order is paid in full before delivery. Lack of payment can result in canceled orders/items.
