One-to-One Technology Integration

Frazier School District continues to prepare its students with 21st century trends in education. FSD offers a Chromebook for each student, ensuring we graduate students who can work digitally, collaborate meaningfully, and communicate in connected, real-world ways.

FSD has a Google management license that connects our learning community via Google Drive and its productivity suite. This license affords our students access to school approved Google Apps for Education and their features. When students sign into Google Chrome with their *my.fraziersd.org* account, these apps are instantly available wherever they go, making a smooth transition between home and school.

This handbook outlines the District's expectations, for Grades 2-12, of proper handling of Chromebooks, describes students' responsibilities and ways they can best take care of the devices, and includes an agreement for them and their parents, including an option for a Technology Protection Plan. Understanding and abiding by this agreement is necessary in order to provide the best use of Chromebooks to our students. Its regulations, along with the District policy on Internet Acceptable Use and Student Handbooks, provide safeguards to ensure students have a positive experience, as we provide a 1:1 integration of educational technology for all.

As we begin another year with Chromebooks, we are excited about the possibilities. We know our teachers and students will find new apps, new lessons, and new discoveries as they prepare for tomorrow's opportunities.

Chromebook Loan Agreement

A Chromebook and accessories in good working order are being lent to each student. Each student's acceptance of the equipment indicates the student's and parent/guardian's acceptance of the responsibility to care for the equipment and ensure that it is kept secure and functional, as expressed in this document.

This equipment remains at all times the Property of the Frazier School District and is lent to the student for educational purposes only. The student may not deface or destroy this property in any way. The equipment is for the use of the student only; family and friends should not use the equipment. Inappropriate use of the device may result in the student losing his or her right to use of the Chromebook. The equipment will be returned when requested by Frazier School District, or sooner, if the student is enrolls in Alternative Education, or withdraws from the District prior to the end of the school year.

The District property may be used by the student only for non-commercial purposes, in accordance with District policies and rules, the District's Internet Acceptable Use Policy, as well as local, state, and federal law.

The student may not make or allow others to make any attempts to add, delete, access, or modify District owned information on any Chromebook or any school owned computer. The Frazier School District network is provided for the academic use of all students and staff. The student agrees to take no action that would interfere with the efficient, academic use of the school network.

Asset tags have been placed on the Chromebooks. These labels are not to be removed or modified. If they become damaged or missing, contact the IT support staff for replacements. Additional stickers, labels, tags, or markings of any kind are not to be added to the device.

An email account—a school licensed Gmail account @my.fraziersd.org--will be available for each student to use for appropriate academic communication with other students and staff members only. This email is for communication within the School District only.

The student agrees to use best efforts to assure that the District property is not damaged or rendered inoperable by any electronic virus while in the student's possession.

Responsibilities

Student Responsibilities:

The Chromebook is an important learning tool and is to be used for educational purposes only. All students grades 2-12 must accept the following responsibilities in order to take advantage of this exciting 1:1 initiative. Due to current changes in education, all students will be asked to transport their assigned Chromebooks between home and the district at any time.

- When using the Chromebook at home, at school, and anywhere else I may take it, I will follow the policies of Frazier School District, particularly the Student Handbook and the Internet Acceptable Use Policy (<http://www.boarddocs.com/pa/fraz/Board.nsf/goto?open&id=9UZ2UP03E875>), and abide by all local, state, and federal laws.
- I will treat the Chromebook with care by not dropping it, getting it wet, leaving it in an automobile, leaving it outdoors, unsecured, or in a place where it may become damaged or stolen.
- I will not have my Chromebook in restrooms, locker rooms, or any other areas deemed restricted.
- I will not lend the Chromebook to anyone, not even my friends or family members; it will stay in my possession at all times.
- I will not remove District-owned programs or files from the Chromebook.
- I will not remove District asset tags from the Chromebook.
- I will not put stickers of any kind on the Chromebook, case, or charger.
- I will not write/draw on the Chromebook or case
- I will charge my Chromebook nightly so that it has a full charge at the start of school every day.
- I understand that if I leave my Chromebook at home or do not charge it, I am still responsible for getting course work done as if I had my Chromebook present and charged.
- I will bring the Chromebook to school every day. If I leave my Chromebook at home for multiple consecutive days, I may be called upon to bring the device in to verify possession and condition of the Chromebook.
- I agree that email (or any electronic communication) should be used only for appropriate, legitimate and responsible communication. I understand that all email is monitored and may be accessed at any time by administration.
- I will keep all accounts and passwords assigned to me secure and will not share them with anyone.
- I will not attempt to repair the Chromebook. Repairs outside of the FSD technology department are strictly prohibited. If my device is lost or not working properly, I will notify IT support staff, teachers, or administrators within 24 hours or the next regular school day.
- I will bring the Chromebook to IT support staff or administrator if it needs repair. If it needs repair, the student's record will be checked, a loaner may be checked out if the student is eligible and device is available, and appropriate fees will be charged to the student's District account.
- I understand that violating these guidelines may result in the loss of Chromebook privileges and may be subject to disciplinary action according to school policy or other legal action.

Parent/Guardian Responsibilities:

Your son/daughter has been issued a Chromebook to improve his/her education this year. It is essential that the following guidelines are followed to ensure the safe, efficient and ethical operation of this computer.

- I will supervise my child's use of the Chromebook at home.
- I will discuss our family's values and expectations regarding the use of the Internet at home.
- I will supervise my child's use of the Internet and email.
- I will not attempt to repair the Chromebook or have repairs performed by anyone other than the FSD technology department.
- I will not attempt to clean it with anything other than a dry cloth.
- I will report to the school any problems with the Chromebook and will not delete any District software.
- I will make sure my child recharges the Chromebook nightly.
- I will make sure my child brings the Chromebook to school every day.
- I understand that if my child comes to school without the Chromebook, I may be called to bring it to school.
- I agree to make sure that the Chromebook is returned to school when requested or upon my child's withdrawal from the Frazier School District.

Use and Care of Your Chromebook

- **Bring it to school every day.** Chromebooks are intended for use at school each day. Teachers will plan their lessons assuming that all students will bring their Chromebooks with them with plenty of charge. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using Chromebooks. You are expected to be responsible to bring your Chromebook to all classes, unless specifically instructed to do otherwise by your teacher or principal.
- **Charge your Chromebook every night.** Be sure to have a full charge as you enter school each day. Make charging your Chromebook part of your nightly routine before going to bed on school nights.
- **Makeup is a must if you do without.** If you leave your Chromebook at school, or come to class without a charge, you are still responsible for all your course work. If you leave your Chromebook at home for multiple consecutive days, your teacher or principal may request that you bring the device in to verify possession and condition of your Chromebook. Repeatedly not having your Chromebook at hand or not having it charged for class, may be cause for disciplinary action.
- **Keep only school-appropriate media on your computer.** Inappropriate media should not be on the Chromebook and may not be used as a screensaver or background image. The Chromebook should not be used to take photos unless as part of an assignment or instruction by school staff.
- **Do not take images, video or audio without subject consent and school staff permission.** Taking pictures and recording audio or video without permission is inappropriate, and without consent is unlawful. Posting them to the Internet is Level III violation of our school policies.
- **Obey copyright.** Individually purchased, legal, school-appropriate media is allowed on your Chromebook, however, you may be asked to remove any media files at any time. Illegal downloading and distribution of copyrighted works are serious offences and carry with them the risk of substantial fines and criminal prosecution. Copyright infringement violates the District's Internet Acceptable Use Policy and leads to disciplinary action at Levels II and III.
- **Abide by media content expectations.** Parents should work in concert with teachers and administrators to set expectations for appropriate apps, content, music, videos, games, and etexts on your Chromebook. The following are NOT allowed on student Chromebooks: apps rated 17+ or ESRB M(ature), films rated R and NC-17, television shows with TV-MA-rated content, and media rated Explicit Content. Inappropriate content is not allowed and any violation of this policy will result in disciplinary action.
- **Keep browsing safe and through the school filter.** The District's IT department and technology support staff work responsibly to ensure that potentially inappropriate sites are blocked by the District's Internet filter, in accordance with all applicable laws. Students are expected to abide by the Internet Acceptable Use Policy, and are in violation if they access sites through proxies or otherwise circumvent the school filter. At home it is parents' and guardians' responsibility to monitor students' Internet access. For more information on Internet safety, apps, and ratings, please check the guides at commonsensemedia.org.
- **Turn down the volume and pull out the headphones.** Speakers are to be muted at all times, unless you are granted permission by your teacher for instructional purposes. You may also use headphones at teacher discretion.
- **Leave the District-loaded apps on your Chromebook.** Do not delete any District-loaded apps, folder, files, or file management software. Deletion of certain files or apps will interfere with your ability to complete coursework.
- **Avoid eating and drinking while using your Chromebook.** Firstly, eating and drinking is bad for your personal hygiene because germs are more likely to be spread from the keyboard to your mouth. Secondly, doing so puts your Chromebook at risk to crumbs and spills that can do permanent damage to the function and life of your device. This is considered abuse.
- **Never leave your Chromebook unsecured.** Your Chromebook should never be in an unlocked locker, car or any unsupervised area. This is considered abuse.
- **Never leave your Chromebook exposed to extreme elements.** Chromebooks are sensitive to heat and liquids, therefore leaving them in cars, direct sunlight, outdoors, or anywhere they could get hot, cold, damp or wet should be avoided. This is considered abuse..
- **Notify IT support, teachers, or administration if your Chromebook has problem.** Whether your Chromebook is not functioning properly, has suffered some damage, or is missing, it is your responsibility to let a school official know as soon as possible. Never try to repair your Chromebook yourself. Clean only with a dry or slightly damp cloth.

No Expectation of Privacy

No one should have any expectation of privacy or confidentiality with regard to any usage of a Chromebook issued by the District, regardless whether the usage happens for school-related purposes or not. During school hours, without prior notice of consent, the District may access, supervise, view, monitor and record student use of Chromebooks at any time for any reason related to the operation of the District. Chromebook browsing history is always logged. From time to time, the District may conduct random checks of Chromebooks and inspect their contents and condition. By using a Chromebook, students agree to such access, monitoring, and recording of their use.

Monitoring Software

School administrators, teacher, and instructional technology staff may use monitoring software that allows them to view screens and activity on student Chromebooks at school during school hours.

Files Downloaded onto Chromebooks

All images, documents, files, and apps downloaded onto the Chromebook become the property of Frazier School District as allowable by law.
