Accountability on Field

RULES OF ENGAGEMENT

All players will conduct themselves in a professional manner before, during, and after matches. We will not tolerate foul language toward any official or the opposing team and coaches. Your character on the field not only represents you, but your parents, your coaches, and GW Long High School.

If a player receives a second yellow card during the season for un-sportsmanship behavior 'running off at the mouth,' that player will be suspended the following match.

If the same player receives another yellow card for the same infraction, he/she will be suspended for additional matches or released from the team.

If a player receives a red card during a match, this player will be suspended for the next match. Unless the red card is received during the first half of the match...then it is the remaining match and first half of the next match. Also, a fine will result from AHSAA (in which the player may be liable).

Remember, only Captains are allowed to speak to the officials.

_____ I have read and understood the above consequences if my behavior warrants such actions.
