## Facilities Subcommittee Report

**March 12, 2024**

### **Items for Information and Discussion**

#### **A. NMHS Updates**

##### **1. NMHS Woodshop HVAC**

Hawley Construction has ordered the new dust collector. There is no confirmation date for arrival but based on previous HVAC related equipment lead times we anticipate this item arriving late spring. They will be pouring the concrete pad for this exterior dust collector as soon as weather permits. Most likely the month of April.

##### **2. Roof Project**

A solution for addressing the missing fasteners and clips is still being developed. Leaks still persist in some isolated areas. Greenwood is aware and continues to make site visits to address them. Attached with this meeting packet are reference photographs.

##### **3. Belfor Restorations**

Belfor Restoration are still completing punch list items as of this writing.

##### **4. Gym Floor**

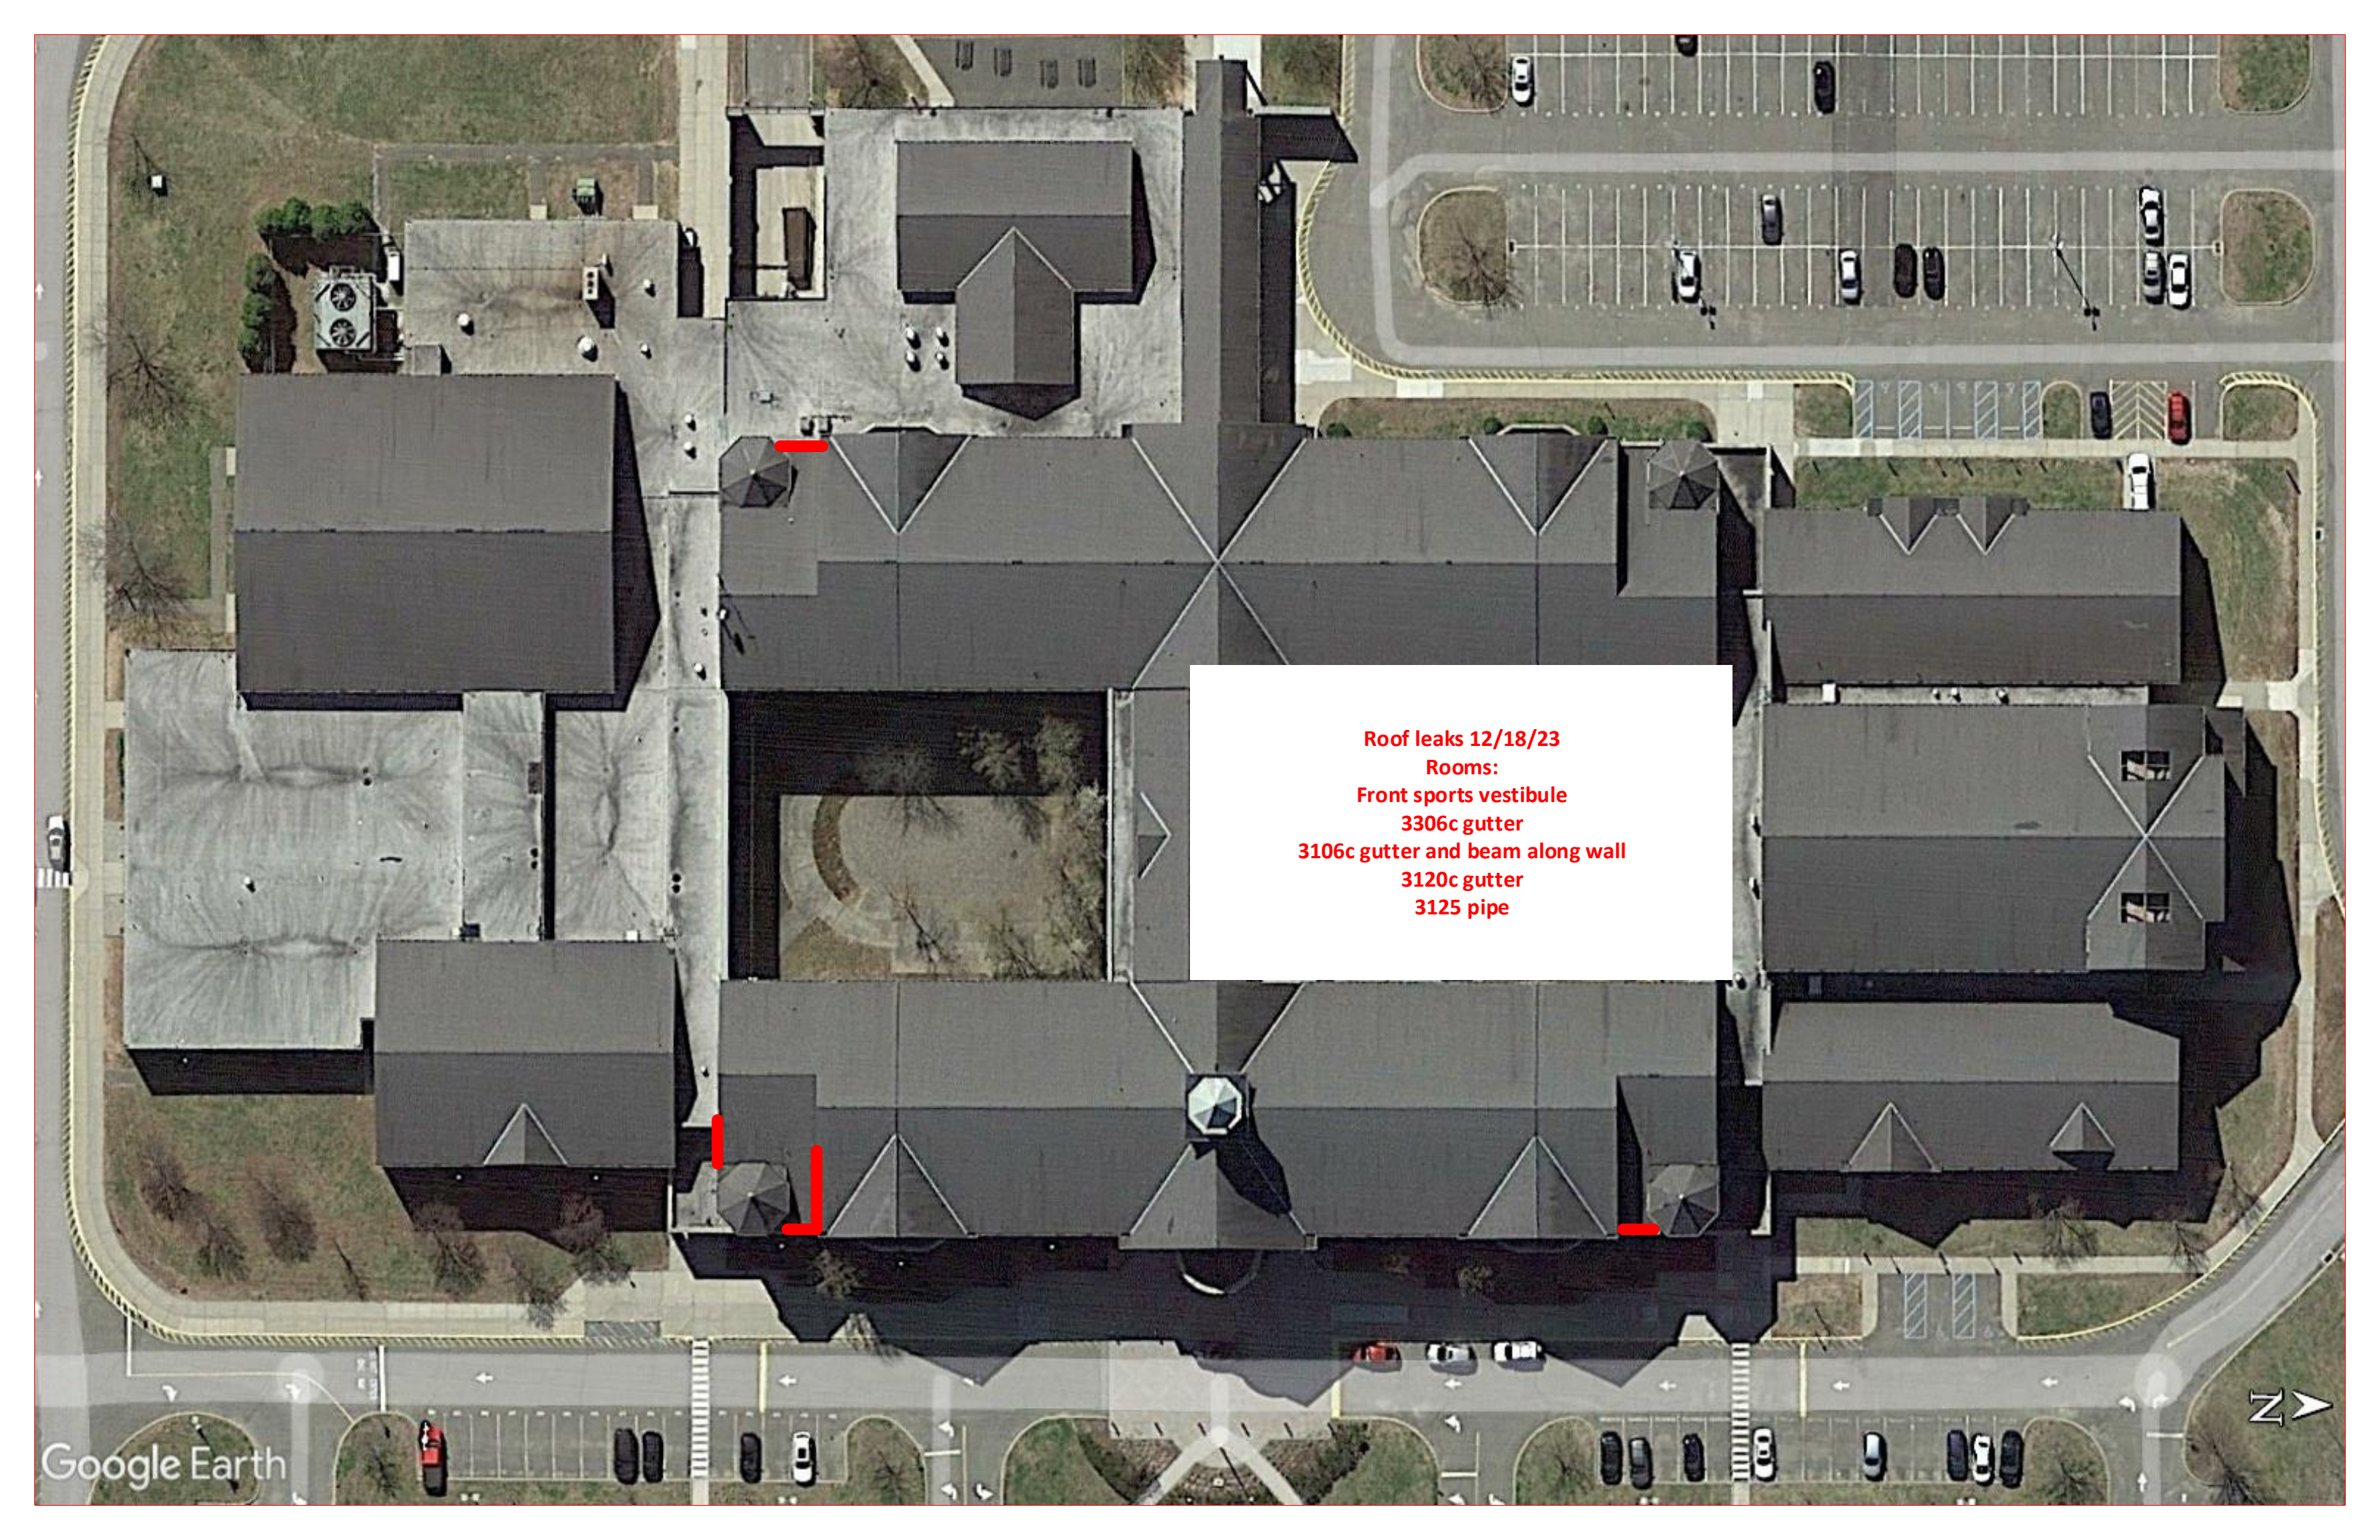

Dalene Flooring is creating a rendering of the gym floor and once that has been provided to Facilities and the Athletic Director it will be shared with the Subcommittee. We anticipate having that for the April meeting .

**B. Sarah Noble Oil Tank**

A compliance plan to address the CT DEEP notice of violation was submitted by Weston & Sampson on behalf of the schools. All oil has been removed from the tank and scope work is being developed for the permanent closure of that underground stage tank.

**B. Security Improvements.** To be discussed in the anticipated Executive Session.
