Canvas Parent Login

- Start from the school webpage
- You should see two Canvas buttons.
 - Parents should choose the "Parent Log in to Canvas" button
 - Students should choose the "Canvas for Students & Teachers" button
 - For students already signed into their school email, they will bypass the sign in page and go directly to their Canvas Dashboard.
- First, have your student sign in to their Canvas account and find the code to "Pair with Observer"
- From the dark blue menu, choose Account.

- Then choose "Settings".
- On the right side of the screen (for smaller screens, scroll down to the bottom of the page), choose "Pair with Observer".

- A pop-up window will appear with a code. This is the pairing code a parent needs to create their account.
 - Note: this code can only be used once, so each parent must go through the process with their student separately.
