## Grading:

Students will have a list of assignments to "pass-off" each 9 weeks. These will directly affect their grades. It is imperative that students work to complete these regularly to not fall behind.

**Pass-off assignments 50%**-Based on performance of music in class, concerts, performances, and written assignments

**Homework/Daily Assignments 50%**-Based on assignment sheets, class participation, preparation of music outside of school, and written work.

## Attendance Class/Rehearsals/Performances:

Regular class attendance is required to keep up with the rigor of the subject. Students who miss class will miss a lot of instruction each day. All rehearsals are required so that the "team" can prepare to perform together.

All performances are mandatory. These count as a major grade.
