

September 1, 2023

Dear Parents/Guardians,

In the last several weeks we have seen an increase in the number of Flu cases. If your child is having flu symptoms, please keep him/her home and get an evaluation by a doctor.

If your child does have the flu, please call and let me know. I am required to keep up with the number of flu cases at the school. Thank you for your assistance with this.

I have attached an information sheet about the flu. You can also look on the school website under "Health/Nurse Patti" and there will be more information.

Thank you,

Nurse Patti
