

Happy new school year! My name is Kaylie Bergerson. I have three children ages 8, 8 and 6. I am engulfed in my children's activities almost every day. They are in sports year round so you'll most likely find me at a field or court after school. I love spending time exploring new places with my family, movie nights and catching up with friends who have become family.

I am currently enrolled in Grand Canyon University to get my Bachelors of Science in Elementary Education and am set to graduate early 2025! Teaching young children and being a positive influence in their life is my passion. I love watching them grow throughout the year and watching them discover new things and themselves in the classroom.

This is going to be an amazing year and I cannot wait to get to know all of your children. Thank you for sharing them with us.
