#### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the annual financial report of Lake Wales Charter Schools, Inc. (the "Company") presents management's discussion and analysis of the Company's financial performance during the fiscal year ended June 30, 2022. Please read it in conjunction with the Company's financial statements, which follow this section.

Lake Wales Charter Schools, Inc. operates a system of seven public charter schools in the Lake Wales, Florida area (Dale R. Fair Babson Park Elementary School, Edward W. Bok Academy South, Edward W. Bok Academy North, Hillcrest Elementary School, Janie Howard Wilson Elementary School, Lake Wales High School and Polk Avenue Elementary School). The Company provides certain management, administrative, food and transportation services to the charter schools through a Central Administrative Office. Effective July 1, 2011, the Company became its own local educational agency ("LEA").

#### CONSOLIDATED FINANCIAL STATEMENTS

The financial statements are presented on a consolidated basis primarily to satisfy the single audit requirements of the Uniform Guidance for the Company's federal programs.

#### FINANCIAL HIGHLIGHTS

- The Company's net position increased compared to the prior year.
- For the fiscal year ended June 30, 2022, the Company's revenues exceeded expenses by \$4,518,194. This represents an increase from the prior year when revenues exceeded expenses by \$2,507,934.
- Overall, revenues increased by approximately \$3,875,000, which represents an 8% increase from the prior year.
- Overall, expenses increased by approximately \$1,865,000, which represents a 4% increase from the prior year.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the Company:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the Company's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the Company, reporting the Company's operations in more detail than the government-wide statements.
  - The *governmental funds* financial statements tell how general services were financed in the short term, as well as what remains for future spending.
  - The *fiduciary fund* financial statements provide information about the financial activities in which the Company serves only as the custodian for assets that belong to others, such as student activities funds.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

This document also includes the following information required by the Uniform Guidance: schedule of expenditures of federal awards and accompanying note, independent auditor's report on compliance for each major program and on internal control over compliance required by the Uniform Guidance and the schedule of findings and questioned costs. In addition, it includes the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*.

The following table summarizes the major features of the Company's financial statements, including the portion of the Company they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

		Fund Sta	atements
	Government-wide Statements	Governmental Funds	Fiduciary Fund
Scope	Entire Company (except the fiduciary fund)	The activities of the Company that are not proprietary or fiduciary	Instances in which the Company administers resources on behalf of someone else
Required financial statements	Statement of net position Statement of activities	Balance sheet – governmental funds Statement of revenues, expenditures and changes in fund balances – governmental funds	Statement of fiduciary net position Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term	Only assets/deferred outflows of resources expected to be used up and liabilities/deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

#### **Government-wide Financial Statements**

The government-wide financial statements report information about the Company as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Company's assets and deferred outflows of resources, and its liabilities and deferred inflows of resources, but excludes fiduciary funds. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the Company's net position and how it has changed. Net position – the difference between the Company's assets and deferred outflows of resources and liabilities and deferred inflows of resources – is one way to measure the Company's financial condition. Over time, increases or decreases in the Company's net position are an indicator of whether its financial condition is improving or deteriorating, respectively. To assess the overall health of the Company, one needs to consider additional non-financial factors such as changes in the student base of the charter schools, the quality of the education provided and the safety of the schools.

The government-wide financial statements of the Company are generally divided into three categories:

- <u>Governmental Activities</u> Most of the Company's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> In certain instances, the Company may charge fees to help it cover the costs of certain services it provides. The Company currently has no businesstype activities.
- <u>Component Units</u> There currently are no component units included within the reporting entity of the Company.

## Fund Financial Statements

The fund financial statements provide more detailed information about the Company's most significant funds, not the Company as a whole. A fund is a self-balancing set of accounts which the Company uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law, and the Company may establish other funds to control and manage money for particular purposes, such as for federal grants.

The Company currently has two types of funds:

<u>Governmental Funds</u> – Most of the Company's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the Company's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the differences between them.

<u>Fiduciary Funds</u> – The Company is the agent, or fiduciary, for assets that belong to others, such as student activities funds. The Company is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The Company excludes these activities from the government-wide financial statements because the Company cannot use these assets to finance its operations.

## FINANCIAL ANALYSIS OF THE COMPANY AS A WHOLE

## **Net Position**

The Company's combined net position as of June 30, 2022 and 2021 is summarized as follows – see table below.

	Governmen	Increase	
	2022	2021	(Decrease)
Current and other assets	\$ 17,949,196	\$ 13,469,167	33%
Capital assets, net	17,273,098	13,109,716	32%
Deferred outflows of resources	8,507,873	8,927,225	-5%
Total assets and deferred outflows	43,730,167	35,506,108	23%
Current and other liabilities	3,667,848	2,170,282	69%
Long-term liabilities	19,074,679	27,852,304	-32%
Deferred inflows of resources	12,209,947	1,224,023	898%
Total liabilities and deferred inflows	34,952,474	31,246,609	12%
Net position:			
Net investment in capital assets	9,823,294	9,561,740	3%
Restricted	4,364,341	4,073,547	7%
Unrestricted	(5,409,942)	(9,375,788)	42%
Total net position	\$ 8,777,693	\$ 4,259,499	106%

The statement of net position provides the perspective of the Company and its charter schools. The Company ended its fiscal year with a net position of \$8,777,693 as of June 30, 2022. Net investment in capital assets, totaling \$9,823,294 compares the original cost, less depreciation of the Company's capital assets, to long-term debt used to finance the acquisition of those assets. Restricted net position is reported separately to show legal constraints due to debt covenants and legislation that limit the Company's ability to use those assets for day-to-day operations. The (\$5,409,942) in unrestricted net position of governmental activities represents the accumulated results of prior years' operations and the amount of discretionary resources that can be used to fund the charter schools' general operations, which includes the implementation of GASB 68. The Company has the resources available to meet all current obligations.

Current and other assets totaled \$17,949,196, most of which represents cash and cash equivalents. Since the Company maintains cash deposits on a pooled basis for all of its charter schools, the cash balance increased as a result of an overall operating surplus generated by the charter schools. Net capital assets increased due to capital asset additions exceeding current year depreciation. Deferred outflows of resources and deferred inflows of resources relate to the Company's participation in the state's pension plans.

The current and other liabilities balance reflects both accounts payable and payroll liability obligations, which increased due to the timing of payments near year-end. Long-term liabilities include long-term debt obligations of the system, employee compensated absences and the net pension liability. See Note 7 for additional pension plan information. Additional information on the Company's long-term liabilities is presented in Note 6 to the financial statements.

#### Change in Net Position

The Company's total revenues increased by 8% to \$50,026,436, and the total cost of all programs and services increased by 4% to \$45,508,242 – see table below.

	Governmen	Increase	
	2022 2021		(Decrease)
Revenues:			
Federal sources	\$ 13,164,907	\$ 7,767,909	69%
State and local sources	35,429,277	36,929,870	-4%
Contributions and other revenue	1,432,252	1,453,896	-1%
Total revenues	50,026,436	46,151,675	8%
Expenses:			
Instruction	25,957,260	25,911,984	0%
Student support services	1,535,972	1,239,298	24%
Instructional media	229,491	182,047	26%
Instruction and curriculum developmen	1,646,698	1,454,869	13%
Instructional staff training	189,694	138,832	37%
Instruction-related technology	376,315	347,689	8%
Board	240,857	111,004	117%
General administration	655,778	668,016	-2%
School administration	2,999,670	3,554,028	-16%
Facilities acquisition and construction	471,067	467,062	1%
Fiscal services	505,454	433,470	17%
Food services	3,289,097	2,831,300	16%
Central services	228,268	189,878	20%
Pupil transportation	2,330,228	2,050,817	14%
Operation of plant	3,611,588	3,388,555	7%
Maintenance of plant	100,477	97,645	3%
Administrative technology services	123,249	67,522	83%
Community services	694,803	416,265	67%
Interest	322,276	93,460	245%
Total expenses	45,508,242	43,643,741	4%
Change in net position	\$ 4,518,194	\$ 2,507,934	80%

The majority of the Company's revenue is provided through the state's FEFP, state categorical educational programs and local property taxes (71% of the Company's total governmental revenues) to fund current operations. Revenues from state and local sources decreased due to a decrease in student enrollment. The Company received approximately 26% of its total revenues from federal sources – a combination of federal entitlement revenues, National School Breakfast and Lunch Program, Education Stabilization Funds, E-Rate and Emergency Connectivity Program funding in fiscal 2022. The increase in the National School Breakfast and Lunch Program and Education Funds accounts for the majority of the increase in revenues from federal sources. The remaining portion of the Company's revenue (3%) is the result of contributions and program revenue, which decreased 1% in fiscal 2022.

Instruction and instruction-related activities represent 66% of the Company's expenses, which increased approximately 2% during fiscal 2022, a result of increased expenditures for educational services to students, offset by a decrease in pension expense. The remaining cost portion of government-wide activity representing the board, general and administrative support services, facilities acquisition and construction, finance, food services, central services, transportation, operation and maintenance of plant, administrative technology services, community services and interest expense accounted for 34% of the total expenses. These administrative and business support functions increased 8% compared to last year. Board expenses increased due to an increase in professional services. School administration decreased due to a decrease in pension expense. Food services increased due to an increase in students utilizing the food program and resulting increases in food costs, as well as increases in depreciation expense related to assets purchased. Pupil transportation increased due to increases in bus driver payroll and related expenses, coupled with increases in repairs and maintenance as a result of the aging bus fleet. Operation of plant increased due to overall increases in repairs and maintenance for school facilities. Community services increased as a result of growth in the athletics program, as well as increases in depreciation expense related to assets purchased. The increase in interest relates to additional borrowing under long-term debt, which includes approximately \$182,000 in debt issuance costs related to the bond issuance. Overall, total governmental revenues exceeded total expenses during 2022, causing a net position increase of \$4,518,194 as a result of ongoing operations.

## FINANCIAL ANALYSIS OF THE COMPANY'S FUNDS

As the Company completed the year, its governmental funds reported a combined fund balance of \$14,187,734, which is an increase from the prior year. Both revenues and expenditures changed overall for the same reasons described above.

## General and Special Revenue Fund Budgetary Highlights

Over the course of the fiscal year, the Company amended its budget to address changes in revenues and expenditures. The general fund budget amendments were performed primarily to reflect revised student enrollment and to adjust planned expenditures based on actual resource needs. The special revenue fund budget amendments were performed to adjust the budget allocations to reflect the final approved federal awards from the state.

For the year ended June 30, 2022, actual general fund revenues were approximately \$1,282,000 below the budgeted amounts, which represents a 3% budget variance. Actual general fund expenditures were approximately \$3,429,000 below budgeted amounts, which represents a 9% budget variance. This variance is primarily the result of major changes in the school administration cost along with lower instruction cost due to teacher turnover from the continuing impact of COVID-19.

For the year ended June 30, 2022, actual special revenue fund revenues were approximately \$138,000 below the budgeted amounts, which represents a 1% budget variance. Actual special revenue fund expenditures were approximately \$699,000 below budgeted amounts, which represents a 5% budget variance, primarily due to lower than expected instruction-related and food service expenditures.

## CAPITAL ASSET AND DEBT ADMINISTRATION

## Capital Assets

At the end of fiscal 2022, the Company had invested \$17,273,098 in capital assets (net of accumulated depreciation). See table below:

	 Government	Increase	
	2022	 2021	(Decrease)
Land	\$ 769,882	\$ 769,882	0%
Construction in progress	6,581,053	2,754,677	139%
Improvements other than buildings	2,213,871	2,045,423	8%
Buildings	9,570,881	9,580,704	0%
Furniture, fixtures and equipment	6,035,904	6,065,883	0%
Motor vehicles	1,584,388	791,612	100%
Computer software	396,643	522,893	-24%
Less accumulated depreciation	 (9,879,524)	 (9,421,358)	-5%
Total capital assets, net	\$ 17,273,098	\$ 13,109,716	32%

This year's major capital asset additions included the following:

- Edward W. Bok Academy North building construction \$3,826,376
- Leased buses \$705,600
- Food service equipment \$403,734
- Computer and network equipment \$339,723
- Baseball and football field improvements \$330,100

This year's major capital asset disposals included furniture, fixtures and equipment and computer software, the majority of which were fully depreciated. The Company's fiscal year 2023 capital budget does not include significant spending related to capital projects. More detailed information about the Company's capital assets is presented in Note 4 to the financial statements.

## Long-term Debt

As of June 30, 2022, the Company had \$7,449,804 in borrowings outstanding, as compared to \$3,547,976 in the prior year, consisting of lease liabilities, bonds payable and notes payable. The increase in long-term liabilities is due to new lease liabilities for buses due to the implementation of GASB 87 and bonds issued for the Edward W. Bok Academy North campus construction, offset by payments made on the leases and notes payable during the year. More detailed information about the Company's long-term liabilities is presented in Note 6 to the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following economic indicators were taken into account when adopting the general fund budget for fiscal year 2023:

- Student enrollment and state educational funding per pupil
- Cost of goods and services
- Competitive employee compensation

Amounts available for appropriation in the general fund are \$37,450,735, an increase of 4% from the actual 2022 amount of \$36,164,940. The fiscal year 2023 budget is based on a slightly higher student count than the official student membership count funded in 2022.

Budgeted general fund expenditures are expected to be \$37,450,735, an increase of 10% from the fiscal 2022 actual figure of \$34,004,910. The increased expenditure base includes resources allocated for salary increases, the rising cost of health care and other fixed recurring costs for Company operations. The Company is confident that it has staff and other resources in place to enhance academic achievement at all student-learning levels and effectively serve its anticipated student membership.

If these estimates are realized, the Company's budgetary general fund balance is expected to remain the same by the close of fiscal 2023.

#### CONTACTING THE COMPANY'S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the Company's finances and to demonstrate the Company's accountability for the money it receives. Should additional information be required, please contact the Company's administrative offices at 130 East Central Avenue, Lake Wales, Florida 33853.

## INDEPENDENT AUDITOR'S REPORT ON BASIC FINANCIAL STATEMENTS AND SUPPLEMENTARY INFORMATION

To the Board of Trustees of Lake Wales Charter Schools, Inc.

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Lake Wales Charter Schools, Inc. (the "Company") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Company's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Lake Wales Charter Schools, Inc. as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 2

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 3

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 - 8, the budgetary comparison information on pages 42 - 43 and the pension information on pages 44 - 45 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Company's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Reguirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves. and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 4

## OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2023 on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting or or financial reporting and compliance.

BKHM, P.A.

Orlando, Florida March 21, 2023

## RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION

JUNE 30, 2022

Total fund balances - total governmental funds	\$ 14,187,734
Amounts reported for governmental activities in the statement of net position are different because:	
Receivables not expected to be received within 60 days of fiscal year end are not considered "available" revenue in the governmental funds and, therefore, are reported as deferred inflows. In the Statement of Net Position, which is presented on the accrual basis, no deferral is reported since the revenue has already been fully recognized in the Statement of Activities.	93,614
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. The cost of the assets is \$27,152,622, and the accumulated depreciation is \$9,879,524.	17,273,098
Amounts accrued for compensated absences are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds.	(1,016,360)
The following pension related balances do not use current resources or are not due and payable in the current period and, therefore, are not reported in the governmental funds:	
Pension related deferred outflows of resources Net pension liability Pension related deferred inflows of resources	8,507,873 (10,608,515) (12,209,947)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:	
Lease liabilities Bonds payable Notes payable	 (415,025) (3,983,170) (3,051,609)
Total net position - governmental activities	\$ 8,777,693

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### FOR THE YEAR ENDED JUNE 30, 2022

Net changes in fund balances - total governmental funds	\$ 3,135,127
Amounts reported for governmental activities in the statement of activities are different because:	
Receivables not expected to be received within 60 days of fiscal year end are not considered "available" revenue in the governmental funds and, therefore, are reported as deferred inflows. In the Statement of Net Position, which is presented on the accrual basis, no deferral is reported since the revenue has already been fully recognized in the Statement of Activities.	(152,664)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$6,191,123) exceed depreciation expense (\$2,014,179) in the current period.	4,176,944
In the statement of activities, the gain or loss on the disposal of capital assets is reported, whereas in the governmental funds, the proceeds from the disposal increase financial resources. Thus, the change in net assets differs from the change in fund balance by the net book value of the assets disposed.	(13,562)
Compensated absences included in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(36,940)
Pension income or expense resulting from GASB 68 included in the statement of activities does not provide or require the use of current financial resources and, therefore, is not reported as a net change in fund balances in the governmental funds.	1,311,117
Repayments of long-term liabilities are reported as expenditures in the governmental funds because they require the use of current financial resources. They are reported as a reduction in long-term liabilities in the statement of net position. This amount represents the current year repayment of principal on long-term debt and the lease liabilities.	786,942
Proceeds from long-term debt are reported as other financing sources in the governmental funds because they provide current financial resources. They are reported as an increase in long-term liabilities in the statement of net position.	
Proceeds from leases	(705,600)
Proceeds from bonds payable Change in net position of governmental activities	\$ (3,983,170) 4,518,194

#### NOTES TO FINANCIAL STATEMENTS

## FOR THE YEAR ENDED JUNE 30, 2022

### 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization

Lake Wales Charter Schools, Inc. (the "Company") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act and Section 1002.33, Florida Statutes. The Company operates a system of seven public charter schools in the Lake Wales, Florida area (Dale R. Fair Babson Park Elementary School, Edward W. Bok Academy South, Edward W. Bok Academy North, Hillcrest Elementary School, Janie Howard Wilson Elementary School, Lake Wales High School and Polk Avenue Elementary School) (collectively, the "Charter Schools"). The Company provides certain management and administrative services to the Charter Schools through a Central Administrative Office. The governing body of the Company is the not-for-profit corporation Board of Trustees, which is composed of no less than three and no more than nine members. Effective July 1, 2004, the Charter Schools (except Edward W. Bok Academy South and Edward W. Bok Academy North) converted from traditional public schools to public charter schools. Edward W. Bok Academy South ("Bok South") commenced formal operations on July 1, 2008. Edward W. Bok Academy North ("Bok North") commenced formal operations on July 1, 2018. Effective July 1, 2011, the Company became its own local educational agency ("LEA").

The general operating authority of the Charter Schools is contained in Section 1002.33, Florida Statutes. The Charter Schools operate under charters of the sponsoring school district, the District School Board of Polk County, Florida (the "School Board"). The current charters are effective until the following dates:

Edward W. Bok Academy North, Janie Howard Wilson	
Elementary School, Lake Wales High School and	
Polk Avenue Elementary School	June 30, 2023
Edward W. Bok Academy South	June 30, 2027
Dale R. Fair Babson Park Elementary School and	
Hillcrest Elementary School	June 30, 2028

The charters may be renewed by mutual written agreement between the Charter Schools and the School Board. At the end of the term of the charters, the School Board may choose not to renew the respective charters under grounds specified in the respective charter agreements. In this case, the School Board is required to notify the Charter Schools in writing at least 90 days prior to the charters' expiration. During the term of the charters, the School Board may also terminate the charters if good cause is shown. In the event of termination of the charters, any property purchased by the Charter Schools with public funds and any unencumbered public funds, except capital outlay funds, revert back to the School Board. Any unencumbered capital outlay funds revert back to the Florida Department of Education ("FDOE") to be redistributed among eligible charter schools.

### NOTES TO FINANCIAL STATEMENTS (continued)

The Charter Schools are considered component units of the School Board and meet the definition of governmental entities under the Governmental Accounting Standards Board ("GASB") accounting guidance; therefore, for financial reporting purposes, the Charter Schools are required to follow generally accepted accounting principles applicable to state and local governmental units. The Company has also elected this same form of financial reporting. The Company is not considered a component unit of the School Board since it became its own LEA.

Criteria for determining if other entities are potential component units of the Company which should be reported with the Company's basic financial statements are identified and described in the GASB's *Codification of Governmental Accounting and Financial Reporting Standards*. The application of these criteria provides for identification of any entities for which the Company is financially accountable and other organizations for which the nature and significance of their relationship with the Company are such that exclusion would cause the Company's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the Company.

#### **Basis of Presentation**

The Company's financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the GASB. Accordingly, both government-wide and fund financial statements are presented.

The government-wide financial statements report information about the Company as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Company's assets, deferred outflows of resources, liabilities and deferred inflows of resources, but excludes fiduciary funds. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use or directly benefit from goods, services or privileges provided by a given function. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported as general revenues.

The government-wide financial statements of the Company are generally divided into three categories:

- <u>Governmental Activities</u> Most of the Company's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> In certain instances, the Company may charge fees to help it cover the costs of certain services it provides. The Company currently has no business-type activities.
- <u>Component Units</u> There currently are no component units included within the reporting entity of the Company.

## NOTES TO FINANCIAL STATEMENTS (continued)

The fund financial statements provide more detailed information about the Company's most significant funds, not the Company as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, expenditures, and other financing sources and uses.

Resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

Governmental Funds:

- <u>General Fund</u> To account for all financial resources not required to be accounted for in another fund.
- <u>Special Revenue Fund</u> To account for the proceeds of specific revenue sources and federal grants that are restricted by law or administrative action to expenditure for specific purposes and to provide a single source of accountability for all funds received.
- <u>Capital Projects Fund</u> To account for all resources for the acquisition of capital items purchased with capital outlay and state capital appropriation funds, private foundation funds for building construction and insurance proceeds from hurricane damage.

For purposes of these statements, the general, special revenue and capital projects funds constitute major funds. There are no other governmental funds.

Fiduciary Fund:

 <u>Custodial Fund</u> – The Company is the custodian, or fiduciary, for assets that belong to others, such as student activities funds. The Company is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The Company excludes these activities from the government-wide financial statements because the Company cannot use these assets to finance its operations.

## **Basis of Accounting**

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide and fiduciary fund financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

## NOTES TO FINANCIAL STATEMENTS (continued)

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Company considers revenues to be available if they are collected within sixty days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized when due and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

## Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the fund level.

## **Deposits and Investments**

During the year ended June 30, 2022, the Company maintained cash deposits on a pooled basis for all of the Charter Schools. Cash deposits are generally held by banks qualified as public depositories under Florida law. All deposits held by qualified public depositories are insured by federal depository insurance and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes. The Company's cash consists primarily of demand deposits with financial institutions.

The Company's restricted cash consists of a certificate of deposit with a financial institution, which serves as collateral for the mortgage note payable described in Note 6. This certificate of deposit is held by a qualified public depository, insured by federal depository insurance and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

## Accounts Receivable

Accounts receivable consist of amounts due from governmental agencies for various programs and from a private foundation. Allowances are reported when management estimates that accounts may be uncollectible.

## **Capital Assets and Depreciation**

Expenditures for capital assets acquired for general Company purposes are reported in the governmental fund that financed the acquisition. Purchased capital assets are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Donated assets are recorded at fair value at the date of donation.

### NOTES TO FINANCIAL STATEMENTS (continued)

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range as follows:

	<u>Years</u>
Improvements other than buildings	5 - 20
Buildings	30
Furniture, fixtures and equipment	3 - 7
Motor vehicles	3 - 7
Computer software	3

Information relative to changes in capital assets is described in Note 4.

#### **Compensated Absences**

Compensated absences (i.e. paid absences for employee vacation leave and sick leave) are recorded as expenditures in the governmental funds when leave is used or when accrued as payable to employees entitled to cash payment in lieu of taking leave. In the government-wide financial statements, compensated absences are recorded as expenses when earned by the employees. The liability for compensated absences is classified as a long-term liability that is due within one year in the government-wide financial statements because the amount of vacation and sick time to be used after the following year cannot be reasonably estimated. Information relative to changes in long-term liabilities is described in Note 6.

#### Long-term Liabilities

Long-term obligations that will be financed by resources to be received in the future by the governmental funds are reported in the government-wide financial statements, not in the governmental funds. Information relative to changes in long-term debt is described in Note 6.

## Fund Balance Spending Policy

The Company's adopted spending policy is to spend from restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. The Board of Trustees reviews the amounts in the fund balances in conjunction with the annual budget approval and makes adjustments as necessary to meet expected cash flow needs. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to restricted fund balance first and then follow the order above. Funds can only be committed by formal action of the Board of Trustees. The Board of Trustees has delegated authority to assign funds to the Superintendent and Chief Financial Officer of the Company.

## NOTES TO FINANCIAL STATEMENTS (continued)

The Charter Schools are individually required by the School Board to maintain an unassigned general fund balance equal to at least 3% of general fund revenues. The Company has an internal fund balance policy to maintain an unassigned general fund balance equal to not less than 10% of budgeted general fund revenues as of June 30<sup>th</sup> of each year for the Charter Schools as a whole. In addition, the Company's internal fund balance policy requires that each charter school maintain an unassigned general fund balance equal to a minimum of 5% of budgeted general fund revenues - 3% to meet the School Board's requirement and 2% to provide for sufficient cash flow for fiscal stability. There are no minimum fund balance requirements for any of the Company's other funds.

#### **Revenue Sources**

Revenues for current operations are received primarily from the School Board pursuant to the funding provisions included in the Charter Schools' charters. As such, the Charter Schools' revenue streams are largely dependent upon the general state of the economy and the amounts allotted to the FDOE by the state legislature. In accordance with the funding provisions of the charters and Section 1002.33(18), Florida Statutes, the Charter Schools report the number of full-time equivalent students and related data to the School Board.

Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of full-time equivalent students and related data to the FDOE for funding through the FEFP. Funding for the Charter Schools is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the Charter Schools during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the Charter Schools, which is reflected as a general administration expense/expenditure in the accompanying financial statements. This administrative fee is calculated on the FEFP revenue up to 500 students within the system.

The Company receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Bok South and Bok North are eligible for charter school capital outlay funding. The amounts received under this program are based on actual and projected student enrollment during the fiscal year. Funds received under this program may only be used for lawful capital outlay expenditures and, as such, any unexpended amounts are reflected as restricted net assets and restricted fund balance in the accompanying statement of net position and balance sheet – governmental funds.

## Income Taxes

The Company is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

## NOTES TO FINANCIAL STATEMENTS (continued)

### Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as of the date of the statement of net position and the balance sheet – governmental funds and affect revenues and expenditures for the period presented. Actual results could differ significantly from those estimates.

#### Subsequent Events

The Company has evaluated subsequent events through March 21, 2023, the date these financial statements were available to be issued.

#### **Recently Adopted Accounting Pronouncement**

In June 2017, the GASB issued Statement No. 87, *Leases*, which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this guidance, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, thereby enhancing the relevance and consistency of information about an entity's leasing activities. The Company adopted the standard on July 1, 2021 on a prospective basis. Upon adoption of the standard, \$705,600 was recorded as leased assets and \$705,600 was recorded as lease liabilities in the statement of net position. In addition, \$705,600 was recorded as other financing sources and capital outlay expenditures in the general fund in the statement of revenues, expenditures and changes in fund balances – governmental funds. There was no effect on the Company's beginning net position or fund balance.

## 2 INTERFUND ACTIVITIES

Due to/from other funds consisted of the following balances as of June 30, 2022:

	Interfund Receivables	Interfund Payables
General fund Capital projects fund	\$  1,434,517 -	\$ - 1,434,517
Total interfund	\$ 1,434,517	\$ 1,434,517

The amounts payable are to cover temporary cash shortages related to the timing of receipts.

### NOTES TO FINANCIAL STATEMENTS (continued)

A summary of transfers between funds for the year ended June 30, 2022 is shown below:

	Tra	ansfers In	Transfers Ou		
General fund	\$	-	\$	424,366	
Capital projects fund		424,366		-	
Total interfund	\$	424,366	\$	424,366	

The general purpose for transfers is to move funds for the payment of costs related to construction in progress.

## 3 ACCOUNTS RECEIVABLE

Accounts receivable included in the accompanying financial statements include \$992,827 in funds receivable from the Lake Wales Charter Schools Foundation and from federal and state agencies under various grants, as follows:

Education Stabilization Funds Title I Grants to Local Educational Agencies Special Education - Grants to States (IDEA, Part B) Emergency Connectivity Fund Program Lake Wales Charter Schools Foundation Supporting Effective Instruction State Grant Charter School Capital Outlay National School Lunch Program Student Support and Academic Enrichment Program Education for Homeless Children and Youth English Language Acquisition State Grant Reserve Officer Training Corps (ROTC) Career and Technical Education - Basic Grants to States (Perkins IV) Other	\$ 268,836 204,371 145,158 96,472 93,614 54,393 50,437 26,072 13,680 10,564 9,308 6,450 4,879 8,503
Other	 8,593
Total	\$ 992,827

Based on collectibility of funds from these sources, the Company believes that an allowance for doubtful accounts is not considered necessary.

## NOTES TO FINANCIAL STATEMENTS (continued)

# 4 CHANGES IN CAPITAL ASSETS

Capital asset activity during 2022 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 769,882	\$-	\$-	\$ 769,882
Construction in progress	2,754,677	3,826,376	-	6,581,053
Total capital assets not being				
depreciated	3,524,559	3,826,376		7,350,935
Capital assets being depreciated:				
Improvements other than buildings	2,045,423	184,618	(16,170)	2,213,871
Buildings	9,580,704	-	(9,823)	9,570,881
Furniture, fixtures and equipment	6,065,883	1,387,353	(1,417,332)	6,035,904
Motor vehicles	791,612	792,776	-	1,584,388
Computer software	522,893		(126,250)	396,643
Total capital assets being				
depreciated	19,006,515	2,364,747	(1,569,575)	19,801,687
Less accumulated depreciation for:				
Improvements other than buildings	(1,113,332)	(277,413)	5,660	(1,385,085)
Buildings	(2,052,115)	(329,594)	9,823	(2,371,886)
Furniture, fixtures and equipment	(4,960,247)	(906,580)	1,414,280	(4,452,547)
Motor vehicles	(774,469)	(499,025)	-	(1,273,494)
Computer software	(521,195)	(1,567)	126,250	(396,512)
Total accumulated depreciation	(9,421,358)	(2,014,179)	1,556,013	(9,879,524)
Capital assets being depreciated, net	9,585,157	350,568	(13,562)	9,922,163
Governmental activities capital assets, net	\$ 13,109,716	\$ 4,176,944	\$ (13,562)	\$ 17,273,098

#### NOTES TO FINANCIAL STATEMENTS (continued)

Depreciation expense was charged to functions as follows:

Governmental activities:	
Instruction	\$ 560,566
Student support services	782
Instructional media	261
Instruction and curriculum development	6,287
Instruction-related technology	65,047
School administration	28,058
Facilities acquisition and construction	440,211
Food services	299,230
Pupil transportation	348,339
Operation of plant	118,616
Maintenance of plant	60,542
Administrative technology services	9,000
Community services	 77,240
Total governmental activities depreciation expense	\$ 2,014,179

## 5 COMMITMENTS AND CONTINGENT LIABILITIES

#### Grants

The Company participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Company has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable as of June 30, 2022 may be impaired. In the opinion of the Company, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

## Legal Matters

In the normal course of conducting its operations, the Company occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

#### **Risk Management Program**

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverages are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not historically exceeded commercial coverage.

## NOTES TO FINANCIAL STATEMENTS (continued)

## 6 LONG-TERM LIABILITIES

Long-term liabilities activity during fiscal year 2022 was as follows:

		eginning Balance	In	creases	De	ecreases	 Ending Balance	Due Within One Year
Governmental activities:								
Compensated absences	\$	979,420	\$	36,940	\$	-	\$ 1,016,360	\$ 1,016,360
Lease liabilities		249,414		705,600		(539,989)	415,025	385,025
Bonds payable		-	(	3,983,170		-	3,983,170	-
Notes payable		3,298,562		-		(246,953)	3,051,609	254,482
Net pension liability		23,324,908		-	(1	2,716,393)	 10,608,515	
Governmental activities, long-term liabilities	\$ 2	27,852,304	\$ 4	1,725,710	\$(1	3,503,335)	\$ 19,074,679	\$ 1,655,867

#### Lease Liabilities

The Company leases buses under lease agreements that require monthly principal and interest payments of approximately \$36,000 through August 2023. The discount rate used for these leases ranges from 5.00% to 7.25%.

The Company also leases computer equipment under lease agreements that require annual principal and interest payments of approximately \$131,000 through September 2023. The discount rate used for these leases ranges from 3.43% to 3.44%.

Leased assets as of June 30, 2022 consist of the following:

	Gov	ernmental
	Α	ctivities
Motor vehicles	\$	705,600
Furniture, fixtures and equipment		379,906
Less accumulated depreciation		(364,700)
	\$	720,806

Future debt service requirements related to the leases are as follows:

Year Ended June 30,	F	Principal		Interest		Total
2023	\$	385,025	\$	11,867	\$	396,892
2024		30,000	_	174		30,174
	\$	415,025	\$	12,041	\$	427,066

#### NOTES TO FINANCIAL STATEMENTS (continued)

#### **Bonds Payable**

On September 1, 2021, the Company entered into an agreement with Polk County Industrial Development Authority (the "Issuer"). The Issuer has agreed to issue Industrial Development Revenue Bonds, Series 2021, in the principal amount of up to \$8,000,000 (the "Bonds"). The Bonds will be used to finance the cost of (i) construction, equipping and renovation of certain improvements on the Edward W. Bok Academy North campus; (ii) site development and construction of a new approximately 30,000 square foot instructional building consisting of 18 classrooms; (iii) renovation of a cafeteria building and other improvements related thereto; and (iv) to pay for other costs of issuing the bonds (the "Project").

The Bonds will be privately placed with Citizens Bank and Trust (the "Lender") and do not constitute a debt, liability or obligation of the Issuer or of the State of Florida or of any other political subdivision. The Lender has agreed to purchase the bonds by making advances to the Company in order to provide funds to finance the Project. The Company incurred \$181,729 in issuance fees in connection with this debt, which are included in interest in the accompanying financial statements. Proceeds from this note are recorded in the capital projects fund of the Company.

The Issuer has no obligation for the debt beyond the resources provided by the facilities. The Company shall pay directly to the Lender, for the account of the Issuer, on or before the dates required under the Bonds and under the financing agreement. The Bonds are subject to a 10-year fixed interest rate of 2.40%. The initial rate will be the floor; each subsequent adjusted rate will be based on the 5-year Treasury Rate at the date of change plus a margin of 2.40%. The Bonds were issued at par.

The agreement requires interest only payments for the first 12 months (November 2021 to October 2022) based on the outstanding balance and 9 years of principal and interest payments followed by a one-time adjustment for the next five-year payment period and another one-time adjustment for the next five-year payment period and a final one-time adjustment for the last five-year payment period, all based on a 24-year amortization.

The financing agreement for the Bonds described above contains certain covenants with which the Company must comply. As of June 30, 2022, the Company was in compliance with all restrictive covenants.

The Bonds have an outstanding balance of \$3,983,170. The future debt service requirements will be determined after October 1, 2022, the final advance date. The bond maturity date is October 1, 2046.

#### NOTES TO FINANCIAL STATEMENTS (continued)

#### Notes Payable

Notes payable consist of the following as of June 30, 2022:

Mortgage note payable to a financial institution; principal and interest of \$23,500 due monthly at 2.95%; interest rate will be adjusted in 2024 and 2029 to the FHLB 7 year Principal Reducing Credit ("PRC") rate plus 1.13%; maturity date of April 2033; secured by a first mortgage on the Edward W. Bok Academy South school facility; all furniture, fixtures and equipment of the Company and the Charter Schools; and a \$2,000,000 certificate of deposit.

Mortgage note payable to a financial institution; principal and interest of \$2,557 due monthly at 3.82% with a balloon payment due at maturity; maturity date of March 2025; secured by a first mortgage on the central administration building and related furniture, fixtures and equipment.

Mortgage note payable to the City of Lake Wales; annual payments of \$28,750; maturity date of November 2039; secured by a first mortgage on the Edward W. Bok Academy North land and building; the note carries a 0% interest rate and is presented net of an imputed interest discount of 2.75%.

Total long-term debt Less amount due or payable within one year	 3,051,609 (254,482)
Amount due or payable after one year	\$ 2,797,127

2,567,898

79,491

404,220

\$

In connection with the \$2,567,898 mortgage note payable described above, in January 2014, the Company entered into a Memorandum of Agreement with the City of Lake Wales, Florida (the "Issuer"). Under the agreement, the Issuer declared its intention to issue and sell its City of Lake Wales – Industrial Development Revenue Bonds, Series 2014 (the "Bonds") for the purpose of refinancing the outstanding portion of the mortgage loan dated June 24, 2008 related to the Edward W. Bok Academy South school facility and to pay for costs associated with the issuance of the Bonds. The Bonds were privately placed with Citizens Bank & Trust (the "Lender") and do not constitute a debt, liability or obligation of the Issuer, Polk County, Florida or of the State of Florida or of any other political subdivision. The Company agreed to pay all fees and expenses of the Issuer and the Lender in connection with the issuance and sale of the Bonds.

The loan agreement for the \$2,567,898 mortgage note payable described above contains certain covenants with which the Company must comply. As of June 30, 2022, the Company was in compliance with all restrictive covenants.

### NOTES TO FINANCIAL STATEMENTS (continued)

Year Ended June 30,	Principal	Interest	Total
2023	\$ 254,482	\$ 86,948	\$ 341,430
2024	262,302	79,128	341,430
2025	272,584	70,134	342,718
2026	236,614	64,515	301,129
2027	254,453	56,297	310,750
2028 - 2032	1,390,317	163,433	1,553,750
2033 - 2037	298,667	23,674	322,341

Total	\$ 3,051,609	\$ 548,189	\$ 3,599,798

Future debt service requirements related to notes payable are as follows:

## 7 PENSION PLANS

#### Pension Plan Descriptions

The Florida Department of Management Services, Division of Retirement ("Division"), is part of the primary government of the State of Florida and is responsible for administering the Florida Retirement System Pension Plan and Other State-Administered Systems ("System"). The Company participates in two defined benefit plans administered by the Division. The Division issued a publicly-available, audited annual comprehensive financial report ("ACFR") on behalf of the System that includes financial statements, notes and required supplementary information for each of the pension plans. Detailed information about the plans is provided in the ACFR, which is available online or by contacting the Division.

The Florida Retirement System ("FRS") Pension Plan is a cost-sharing, multiple-employer qualified defined benefit pension plan with a Deferred Retirement Option Program ("DROP") available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the FRS Pension Plan. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under sections 121.053 and 121.122, Florida Statutes, or allowed to participate in a non-integrated defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

## NOTES TO FINANCIAL STATEMENTS (continued)

The Retiree Health Insurance Subsidy ("HIS") Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Employee contributions required pursuant to section 121.71(3), Florida Statutes, are accounted for by the FRS as employer-paid employee contributions and are treated as employer contributions under 26 U.S.C. s. 414(h)(2) allowing these contributions to be deducted on a pre-tax basis. Pension expense reported by the Company is reduced by these amounts.

Total employer contributions are determined on a uniform basis (blended rate) as required by Part III of Chapter 121, Florida Statutes. Employer contributions reflected in the financial statements represent contributions specific to each defined benefit plan and do not equal total blended contributions remitted by the employer.

Contribution rates were as follows:

	Percent of	Gross Salary
Class or Plan	Employee	Employer (A)
Florida Retirement System, Regular	3%	10.82%
Florida Retirement System, Reemployed Retiree	(B)	(B)

(A) Employer rates include 1.66% for the Retiree Health Insurance Subsidy and 0.06% for administration of the Florida Retirement System Investment Plan and provision of educational tools for both plans, and any applicable unfunded actuarial liability rates.

(B) Contribution rates are dependent upon the retirement class in which reemployed.

## NOTES TO FINANCIAL STATEMENTS (continued)

## Information About the Employer's Proportionate Share of the Collective Net Pension Liability

#### Assumptions and Other Inputs

The Florida Retirement System (FRS) Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The Division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 6.80%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 2.16% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table.

The following changes in actuarial assumptions occurred in 2021:

- FRS: Decreasing the maximum amortization period to 20 years for all current and future amortization bases.
- HIS: The municipal bond rate used to determine total pension liability was decreased from 2.21% to 2.16%.

## NOTES TO FINANCIAL STATEMENTS (continued)

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability if the discount rate was 1% lower or 1% higher than the current discount rate as of June 30, 2021:

•	ortionate Shar ension Liability		School's Proportionate Share of HIS Net Pension Liability							
1% Decrease	Current Discount ecrease Rate 1% Incr		1% Decrease	Current Discount Rate	1% Increase					
5.80%	6.80%	7.80%	1.16%	2.16%	3.16%					
\$ 13,390,942	\$ 3,217,962	\$ (6,121,397)	\$ 8,544,194	\$ 7,390,553	\$ 6,445,401					

### The Pension Plans' Fiduciary Net Positions

Detailed information about the pension plans' fiduciary net positions are available in the System's separately issued ACFR. The components of the collective net pension liability of the participating employers for each defined benefit plan for the measurement date of June 30, 2021, are shown below (in thousands):

	 FRS	 HIS
Total pension liability	\$ 209,636,046	\$ 12,719,121
Plan fiduciary net position	 (202,082,183)	 (452,618)
Net pension liability	\$ 7,553,863	\$ 12,266,503
Plan fiduciary net position as a percentage of the total pension liability	96.40%	3.56%

The total pension liability for the FRS Pension Plan was determined by the plan's actuary and reported in the plan's GASB 67 valuation as of June 30, 2021. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan. Update procedures were not used.

The total pension liability for the HIS was determined by the plan's actuary and reported in the plan's GASB 67 valuation as of June 30, 2021. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan.

## NOTES TO FINANCIAL STATEMENTS (continued)

## Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2022, the Company reported a liability of \$10,608,515 for its proportionate share of the net pension liabilities. The Company's proportionate share was calculated using accrued retirement contributions related to the reporting periods included in the System's fiscal years ended June 30, 2013 through June 30, 2021, for employers that were members of the FRS and HIS during those fiscal years. The proportion calculated based on contributions for each of the fiscal years was applied to the net pension liability and other pension amounts applicable to that fiscal year to determine the Company's proportionate share of the liability, deferred outflows of resources, deferred inflows of resources and associated pension expense.

The Company's proportions are as follows:

	FRS	HIS
June 30, 2021	0.0426%	0.0602%
June 30, 2020	0.0374%	0.0583%
Change	0.0052%	0.0019%

In accordance with GASB 68, paragraphs 54 and 71, changes in the Company's proportionate share of the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes of assumptions or other inputs are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes in proportion and differences between contributions and proportionate share of contributions are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Differences between expected and actual earnings on pension plan investments are amortized over five years.

Employer contributions to the pension plans from the Company are not included in collective pension expense; however, employee contributions are used to reduce pension expense. The average expected remaining service life of all employees provided with pensions through the pension plans as of June 30, 2021, was 5.7 years for FRS and 6.4 years for HIS.

## NOTES TO FINANCIAL STATEMENTS (continued)

For the year ended June 30, 2022, the Company recognized pension expense of \$1,174,950. As of June 30, 2022, the Company reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	0	Deferred utflows of esources	_	Deferred Inflows of Resources
Differences between expected and actual experience	\$	798,869	\$	3,095
Changes of assumptions		2,782,621		304,510
Net difference between projected and actual earnings on pension plan investments		7,703		11,226,660
Changes in proportion and differences between School contributions and proportionate share of contributions		2,695,016		675,682
School contributions subsequent to the measurement date		2,223,664		
Total	\$	8,507,873	\$	12,209,947

Deferred outflows of resources related to the Company's contributions paid subsequent to the measurement date and prior to the Company's fiscal year end will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension expense will be recognized as follows:

Reporting Period Ended					
June 30:	Amount				
2023	\$	(948,472)			
2024		(1,329,783)			
2025		(1,699,318)			
2026		(2,169,585)			
2027		187,159			
Thereafter		34,261			

## NOTES TO FINANCIAL STATEMENTS (continued)

## 8 RESTRICTED NET POSITION AND FUND BALANCE

Restricted net position and fund balance represents amounts that have been collected or are receivable by the Company for specific purposes, which are restricted as to the use of such funds. Included in the restricted fund balance is \$356,414 in the capital projects fund as of June 30, 2022, which must be used for start-up school capital improvements.

## 9 SCHEDULE OF STATE AND LOCAL REVENUE SOURCES

The following is a schedule of state and local revenue sources and amounts:

The administration fee paid to the School Board during the year ended June 30, 2022 totaled approximately \$178,000 which is included in general administration expense/expenditure in the accompanying financial statements.

## NOTES TO FINANCIAL STATEMENTS (continued)

## 10 CAMPUS FACILITIES

Title to the school buildings and facilities and other capital assets acquired prior to July 1, 2004 remains with the School Board. Florida Statutes provide that the use of school buildings and facilities be furnished to charter schools on the same basis as made available to other public schools in the district. No rental or leasing fee may be charged by the district school board to the charter school or to the parents and teachers who organize the charter school.

In management's opinion, the value of facilities utilized by the Charter Schools is significant; therefore, any substantial changes in Florida Statues related to facilities used by conversion charter schools could have a material effect on the Company's operations.

## NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

## FOR THE YEAR ENDED JUNE 30, 2022

## 1 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Company and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance).

For the year ended June 30, 2022, the Company did not elect to use the 10% de minimis indirect cost rate.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of Lake Wales Charter Schools, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Lake Wales Charter Schools, Inc. (the "Company") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Company's basic financial statements, and have issued our report thereon dated March 21, 2023.

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001, that we consider to be a material weakness.

To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 2

## **REPORT ON COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the Company's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## COMPANY'S RESPONSE TO FINDING

*Government Auditing Standards* requires the auditor to perform limited procedures on the Company's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The Company's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BKHM, P.A.

Orlando, Florida March 21, 2023

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees of Lake Wales Charter Schools, Inc.

## REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

### **Opinion on Each Major Federal Program**

We have audited Lake Wales Charter Schools, Inc.'s (the "Company") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Company's major federal programs for the year ended June 30, 2022. The Company's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Company complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Company's compliance with the compliance requirements referred to above.

### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Company's federal programs.

To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 2

## Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Company's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting error, as fraud may involve collusion, forgery, intentional omissions, from misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Company's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Company's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Company's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit. To the Board of Trustees of Lake Wales Charter Schools, Inc. Page 3

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

## PURPOSE OF THIS REPORT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Dollar threshold used to distinguish between type A and type B programs: \$750,000					
Auditee qualified as a low-r	isk auditee?	No			

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)

## **SECTION II - FINANCIAL STATEMENT FINDINGS**

#### Finding No. 2022-001

Criteria:

The Company's internal control policy requires that all disbursement checks be signed by two individuals, the Superintendent and the Chief Financial Officer ("CFO").

Statement of condition:

During our audit procedures, we noted several checks that did not include the required dual signatures.

Questioned costs:

None

Effect of condition:

The Company is not following its internal control policy related to dual signatures on disbursement checks.

Cause of condition:

The Board of Trustees approved a separation agreement with the Superintendent, effective February 2021, and the CFO served as the interim Superintendent until another individual was hired. During this time, the CFO signed disbursement checks in both capacities.

Recommendation:

We recommend that policies be revised to include an additional check signer in the event that either the Superintendent or CFO are not available to sign.

Management's response:

Management agreed with this finding and will revise its internal control policies accordingly.

### SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None

### **SECTION IV - STATUS OF PRIOR YEAR AUDIT FINDINGS**

### Finding No. 2021-001

Statement of condition:

During our audit procedures, we noted several checks that did not include the required dual signatures.

Status:

Repeated as current year Finding No. 2022-001.
