**TK and Kindergarten**

Mrs. Tinnin

Have a great couple of weeks off. Everyone has worked so hard these past several weeks learning new songs. It was great to see all of the hard work pay off.

**First and Second Grade Explorers**

Mrs. Mittge

The 1st/2nd Grade Explorers were amazing performers this week! Enjoy this festive family time! I am eager to see the kids in January. We have several "fishy" surprises come the new year! Keep reading for 20 minutes each night! Try tackling story problems! Wishing all of you a very merry holiday! Your children are precious gifts!

**Third and Fourth Grade Classroom**

Mrs. Mars

It was so great to see all the student's hard work pay off this week with their musical and acting performances.

Have a Merry Christmas filled with fun and family. I will see everyone back in January!

**Fifth and Sixth Grade Classroom**

Mr. Burlingame

Congratulations to everyone for their performances this week! Everyone have a very Merry Christmas and a Happy New Year! I will see you all in January when we return to class!

## Special Education-Title1/LAP Social Emotional Learning (SEL): Mrs. Duren

During the month of December we focus our attention in SEL class on the many facets of the character trait Creativity. This month students have been given opportunities to use different aspects of creativity in their learning as well as in the area of problem solving. They have also had opportunities to use creativity in the process of creating something new, and in expressing feelings and thoughts in unique and healthy ways.

The month of December is a great time to focus on creativity, as it naturally provides many opportunities to be creative such as caroling, art projects, creating a gift for a family member, making ornaments and decorating spaces.

We have also had the opportunity to use creativity in our holiday writing, recess and PE games, hands on learning opportunities, and in preparing for our winter play. Students have been learning that creativity comes in lots of "shapes and sizes" so to speak... and that everyone has areas where they can shine creatively.

We have also talked about the importance of showing respect, appreciation, and gratitude for all those people in our lives that encourage and support our creativity. Without the support of others it would be hard to focus on creativity and to achieve the level of success our students are achieving related to it. Our students and school staff would like to take this opportunity to recognize the hard work and support from our students' parents, guardians, and other family members. We know that it isn't always easy to navigate life's challenges and to fit everything into a day or a week, and are therefore even more thankful for the encouragement, care, and support given to each child to support their learning and wellbeing, as well as their creativity - bringing out the best in them along the way. Whether it is taking the time to listen to them read a story or practice their lines for the play, working on a complicated math problem or just listening to them share about the event of the day, it all makes a difference. We know some of these tasks aren't always fun nor easy, and they take time and energy to do, yet you give it your best shot. We recognize life gets hard for everyone at times, and that sometimes even our closest family members won't know the extent of how hard it has become. We know there are challenges families face which impact their participation in some activities or in providing everything they want to provide their student. Please know that your best is enough and we appreciate you.

In closing, we, the staff and students at Evaline, want to let all of our family members and community members know that we care and appreciate you. Your support is seen and does matter. **Happy Holidays!**
