### **Independent Auditor's Report**

The Board of Trustees Rochdale Early Advantage Charter School Queens, New York

#### **Opinion**

We have audited the financial statements of Rochdale Early Advantage Charter School (the School), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the School as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the School's internal control. Accordingly,
  no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

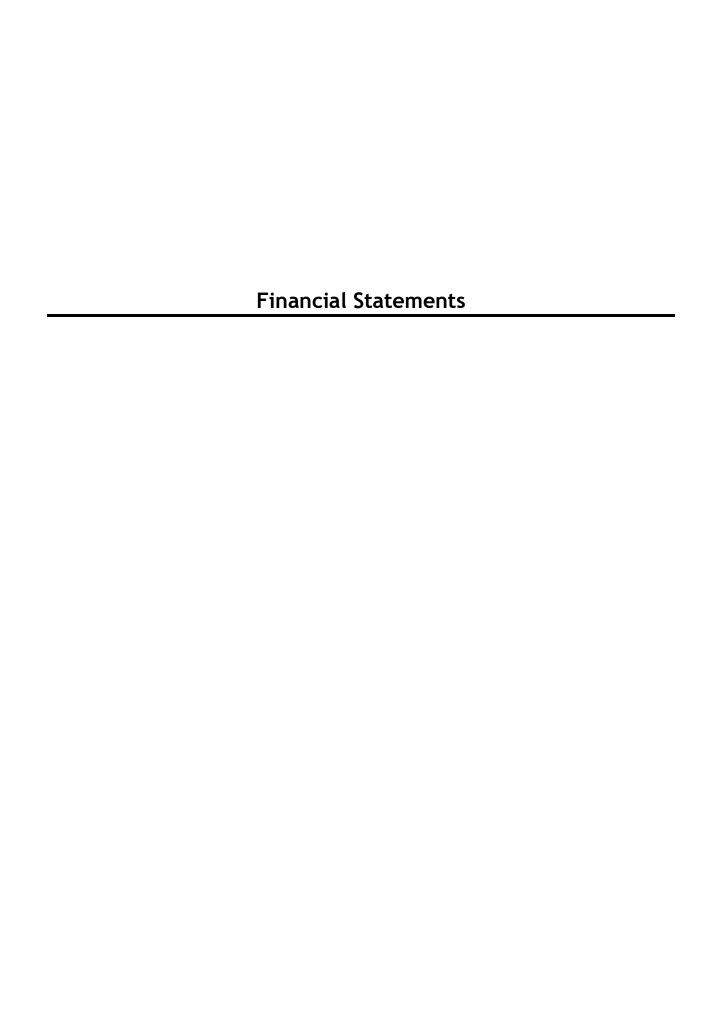

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2023 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

BDO USA, P.C.

#### **Notes to Financial Statements**

### 1. Nature of the Organization

Rochdale Early Advantage Charter School (the School) is a New York State, not-for-profit educational corporation that was incorporated on December 15, 2009 to operate a charter school pursuant to Article 56 of the Educational Law of the State of New York. On January 15, 2008, the Board of Regents of the University of the State of New York granted the School a provisional charter. The charter is renewable by the Board of Regents of the University of the State of New York once the term expires. The School opened its doors in the Fall of 2010 in Rochdale, New York with a rigorous academic program and a highly structured and supportive school culture. The Board of Regents approved the School's renewal of its charter through June 30, 2027.

The School, as determined by the Internal Revenue Service, is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (IRC) as an organization described in Section 501(c)(3) of the IRC and a similar provision under New York State income tax laws. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii) of the IRC.

The School operates classes for students in pre-kindergarten through eighth grade.

### 2. Significant Accounting Policies

#### Financial Statement Presentation

The School's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The classification of the School's net assets and its support, revenues, and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the two classes of net assets - with donor restrictions or without donor restrictions - be displayed in a statement of financial position and that the amount of change in each of those classes of net assets be displayed in a statement of activities.

These classes are defined as follows:

Net Assets with Donor Restrictions - Net Assets with Donor Restrictions consist of contributions and other inflows of assets whose use is subject to donor-imposed restrictions that are more specific than broad limits reflecting the nature of the not-for-profit entity, the environment in which it operates and the purposes specified in its articles of incorporation or bylaws or comparable documents. Donor-imposed restrictions may be temporary in nature, such as stipulating that resources may be used only after a specified date or limited to specific programs or services. Certain donor-imposed restrictions are perpetual in nature.

Net Assets without Donor Restrictions - Net Assets without Donor Restrictions consist of contributions and other inflows of assets whose use is not subject to donor-imposed restrictions. This net asset category includes both contributions not subject to donor restrictions and exchange transactions, and are, therefore, available for general operations.

At June 30, 2023 and 2022, the School had no assets with donor restrictions.

#### **Notes to Financial Statements**

#### Cash and Cash Equivalents

The School considers highly liquid investments with original maturities of 90 days or less to be cash and cash equivalents. The School has not experienced any losses on these accounts. At June 30, 2023 and 2022, an escrow account of \$100,240 and \$100,230, respectively, was held aside under the provisions of the School's charter to pay for legal and audit expenses that would be associated with a dissolution should it occur, as required by the New York State Education Department.

#### **Grants and Other Receivables**

Grants and other receivables represent amounts due from federal and state grants. Grants and other receivables are expected to be collected within one year, are recorded at net realizable value, and amount to \$847,148 and \$491,361 at June 30, 2023 and 2022, respectively. The School evaluates the collectivity of the receivables and employs the allowance method. The School has determined that no allowance for uncollectible accounts for grants and other receivables is necessary at June 30, 2023 and 2022. Such estimate is based on management's assessments of the aged basis of its receivables, as well as current economic conditions and historical information.

#### **Contributions**

Transfers of cash or other assets or settlement of liabilities that are both voluntary and nonreciprocal are recognized as contributions.

Contributions may either be conditional or unconditional. A contribution is considered conditional when the donor imposes both a measurable barrier and a right of return. Conditional contributions are recognized as revenue on the date all donor-imposed barriers are overcome or explicitly waived by the donor. Barriers may include specific and measurable outcomes, limitations on the performance of an activity and other stipulations related to the contribution. A donor has a right of return of any assets transferred or a right of release of its obligation to transfer any assets in the event the School fails to overcome one or more barriers. Assets received before the barrier is overcome are accounted for as refundable advances.

Unconditional contributions may or may not be subject to donor-imposed restrictions. Donor-imposed restrictions limit the use of the donated assets as to time or purpose restrictions.

Contributions subject to donor restrictions are recognized in changes in net assets with donor restrictions. When a purpose restriction is satisfied or when a time restriction expires, the contribution is reported as net assets released from restrictions and is recognized in changes in net assets without donor restrictions in the statement of activities. At June 30, 2023 and 2022, the School had no conditional contributions.

#### Revenue Recognition

#### Per-Pupil Revenue

The School recognizes revenues from per-pupil funding in the fiscal year in which the academic programs are provided. Per-pupil revenue is billed and received based on the total number of full-time equivalent (FTE) students and the basic charter school tuition rate for the school district of residence of the students attending the School in any given fiscal year for general education and special education. The FTE is formula-driven and based on the number of days the student has been

#### Notes to Financial Statements

with the School as a proportion of the number of days in the entire school year (the calculation is done by using the New York State calculator online). The School's total student population includes general education and special education students. The School has determined that revenue from its students has the same performance obligations, types of contract, and services rendered. As a result, the student body is viewed as one customer base for revenue purposes. The School uses a portfolio approach to account for per-pupil contracts as a collective group rather than recognizing revenue on an individual-contract basis. The School believes that revenue recognized by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

Per-pupil invoicing is managed on a bi-monthly basis to the funding source (local school district). Billing is a function of student enrollment for the upcoming fiscal year, which is the basis for the first two invoices per-pupil due June 1st and July 31st, which is a projection. Subsequent invoices are due bi-monthly. With the implementation of an automated-invoicing process through a dedicated website, the submission of each invoice is done online. After the year is complete, the School submits the FTE per-pupil reconciliation, listing every student who attended any part of the year, and the FTE each represents. Based on this final count, it calculates how much should have been paid to the School and included in the reconciliation will be any amounts due from the funding source included in grants and other receivables on the statement of financial position at year end, or any amounts payable to the funding source included as a liability on the statement of financial position at year end, as amounts are trued up to actual based on actual numbers submitted at year end.

Additional funding is also provided to support special education services. All students who are identified to need special education services or settings have an Individualized Education Program (IEP), formalized for his or her unique needs. Based on this IEP, the student is categorized into one of three levels of service: 0-20% service, 20-60% service, or 60% or more service required and provided by the School. For a student receiving less than 20% in services, no additional funding is received. For a student receiving services between 20% and 60% and 60% or more services of the school day, additional funding per FTE is received. Billing for this support is incorporated into the per-pupil invoices and is also settled in the same FTE per-pupil reconciliation process.

As the students receive the benefit of these services simultaneously as the School is providing them, the School recognizes per-pupil revenue from these services over time. The School believes that this method provides a reasonable depiction of the transfer of services over the term of the performance obligation based on the services needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to students receiving academic or school services. The School measures the performance obligation from admission or enrollment into the School to the point when the student is discharged or the end of the school year where it is no longer required to provide services to the student, which is generally at the time of discharge or the completion of the school year. All of these services are bundled and considered a single-performance obligation, and as such, the School accounts for these bundled-performance obligations under state and local per-pupil operating revenue in the statement of activities and recognizes the per-pupil revenue over time.

#### **Notes to Financial Statements**

#### Contract Assets and Contract Liabilities

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification *Revenue from Contracts with Customers* (ASC 606), contract assets are to be recognized when an entity has the right to receive consideration in exchange for goods or services that have been transferred to a customer when that right is conditional on something other than the passage of time. The School does not recognize contract assets, as the right to receive consideration is unconditional in accordance with the passage of time criteria. Also, in accordance with ASC 606, contract liabilities are to be recognized when an entity is obligated to transfer goods or services for which consideration has already been received. The School does not receive consideration prior to the transfer of goods or services and, therefore, does not recognize contract liabilities.

#### **Government Grants**

Revenue from federal, state, and local government grants and contracts is recognized by the School when qualifying expenditures are incurred and billable to the government, or when required services have been provided. Government grants revenues are nonexchange transactions in which no commensurate value is exchanged. Accordingly, contribution accounting is applied under *Not-for-Profit Entities* (ASC 958).

#### Revenue is comprised of the following:

| June 30,                             | 2023            | 2022            |
|--------------------------------------|-----------------|-----------------|
| State per-pupil operating revenue    | \$<br>9,667,778 | \$<br>9,085,659 |
| Total Revenue Subject to ASC 606     | 9,667,778       | 9,085,659       |
| Total Revenue Not Subject to ASC 606 | 427,411         | 1,158,358       |
| Total Revenue and Support            | 10,095,189      | 10,244,017      |

### **Contributions of Nonfinancial Assets**

The School may receive contributed services that are an integral part of its operations. Such services are only recorded as contributions of nonfinancial assets, at their fair value, provided the services received create or enhance nonfinancial assets, require specified skills provided by individuals possessing those skills, and typically need to be purchased, if not provided by donation. There were no contributions of nonfinancial assets recorded during the year ended June 30, 2023.

#### **Property and Equipment**

Property and equipment are stated at cost and are depreciated on the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized over the lesser of the useful life of the asset or the lease term. The School has established a \$3,000 threshold above which assets are evaluated to be capitalized. Property and equipment acquired with certain government contract funds is recorded as an expense pursuant to the terms of the contract in which the government funding source retains ownership of the property. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized, based on the established threshold.

#### **Notes to Financial Statements**

#### *Impairment*

The School reviews long-lived assets to determine whether there has been any permanent impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the assets, the School recognizes an impairment loss. No impairment losses were recognized for the years ended June 30, 2023 and 2022.

### **Advertising**

The School expenses advertising costs as incurred. The School incurred \$0 and \$914 of advertising costs for the years ended June 30, 2023 and 2022, respectively, which is included in the accompanying statements of functional expenses under student and staff recruitment.

### Functional Allocation of Expenses

The costs of providing programs and other activities have been summarized on a functional basis and by natural classification in the accompanying statement of activities. Accordingly, certain costs have been allocated among the respective programs and activities according to the functional categories, as follows:

*Program Services* - This category represents expenses related to general education and special education for certain students requiring additional attention and guidance. These costs are allocated based on the FTE allocation method.

Management and General - This category represents expenses related to the overall administration and operation of the School that are not specific to any program services or development. These costs are allocated based on time and effort.

Fundraising - This category represents expenses directly associates with the School's effort to raise funds to support the operations for the School. These costs are allocated based on time and effort.

#### **Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Reclassification

Certain amounts in the 2022 financial statements were classified to conform with the 2023 presentation. These reclassifications had no effect on the School's financial position and change in net assets.

#### **Income Taxes**

The School is exempt from federal, state and local income taxes under Section 501(c)(3) of the IRC and, therefore, has made no provision for income taxes in the accompanying financial statements.

#### **Notes to Financial Statements**

In addition, the School has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509(a) of the IRC. There was no unrelated business income for the years ended June 30, 2023 and 2022.

Under GAAP, an organization must recognize the tax benefit associate with tax positions taken for tax-return purposes when it is more likely than not that the position will not be sustained upon examination by a taxing authority. The School does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. The School is subject to routine audits by a taxing authority. As of June 30, 2023, the School was not subject to any examination by a taxing authority.

### Recently Adopted Accounting Pronouncements

### Lease Accounting

In February 2016, the FASB issued ASU 2016-02, *Accounting for Leases*, which applies a right-of-use (ROU) model that requires a lessee to record, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset and a liability to make lease payments. For leases with a term of 12 months or less, a practical expedient is available whereby a lessee may elect, by class of underlying asset, not to recognize an ROU asset or lease liability. At inception, lessees must classify all leases as either finance or operating based on five criteria. Balance sheet recognition of finance and operating leases is similar, but the pattern of expense recognition in the income statement, as well as the effect on the statement of cash flows, differs depending on the lease classification. In addition, lessees and lessors are required to provide certain qualitative and quantitative disclosures to enable users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. The FASB issued ASU 2020-05, which deferred the effective date for the Organization until annual periods beginning after December 15, 2021. The provisions of ASU 2016-02 were adopted by the School beginning July 1, 2022 following the modified retrospective method of application. The adoption of this accounting guidance did not have a material effect on the School's financial statements.

#### Recently Issued but not yet Adopted Accounting Pronouncements

#### Financial Instruments - Credit Losses

In June 2016, the FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. The new credit losses standard changes the impairment model for most financial assets and certain other instruments. For trade and other receivables, contract assets recognized as a result of applying ASC 606, loans and certain other instruments, entities will be required to use new forward looking "expected loss" model that generally will result in earlier recognition of credit losses than under today's incurred loss model. ASU 2016-13 is effective for annual periods beginning after December 15, 2022. The School is currently evaluating the impact of this ASU on its financial statements.

### **Notes to Financial Statements**

## 3. Liquidity and Availability of Resources

The School maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The School's management meets monthly to address projected cash flows to meet its operational expenditures. The School's financial assets available within one year of the statements of financial position date for general expenditures are as follows:

| June 30,   | 2023                                     | 2022                            |
|--|--|---------------------------------|
| Cash and cash equivalents Restricted cash Grants and other receivables                           | \$<br>5,943,776 \$<br>100,240<br>847,148 | 5,602,753<br>100,230<br>491,361 |
| Total Financial Assets   | 6,891,164                                | 6,194,344                       |
| Less amounts unavailable for general expenditures within one year due to: Restricted by contract | (100,240)                                | (100,230)                       |
| Total Financial Assets Available to Management for General Expenditures Within One Year          | \$<br>6,790,924 \$                       | 6,094,114                       |

## 4. Property and Equipment

Property and equipment consist of the following:

June 30,

|   | 2023  | 2022  | Estimated<br>Useful Lives<br>(in years)                           |
|---|---|---|---|
| Furniture and fixtures<br>Computer hardware and software<br>Equipment<br>Leasehold improvements | \$<br>288,727<br>1,026,474<br>44,250<br>2,075,382 | \$<br>258,768<br>934,446<br>44,250<br>496,352 | 7<br>3<br>5<br>Lesser of useful<br>life of asset or<br>lease term |
| Construction in progress  | 30,000  | 1,387,100                                     |   |
|   | 3,464,833   | 3,120,916                                     |   |
| Less: accumulated depreciation and amortization   | (1,399,970)                                       | (1,209,595)                                   |   |
|   | \$<br>2,064,863                                   | \$<br>1,911,321                               |   |

Depreciation and amortization expense for the years ended June 30, 2023 and 2022 was \$190,375 and \$167,315, respectively.

#### **Notes to Financial Statements**

#### 5. Commitments

The School amended their lease with New Jerusalem Baptist Church, effective January 1, 2018. The School is obligated under a non-cancelable sub-lease for office and classroom space expiring on June 30, 2023. The terms of the new lease include monthly rental payments of \$58,000 through October 1, 2019 and increase to \$75,000 a month until the expiration of the lease.

The lease also includes a security deposit of \$1,500,000 that will be applied towards the construction of the property. The \$1,500,000 security deposit is included in the accompanying statements of financial position under construction deposit.

In 2022, the Board voted to approve an additional \$1,500,000 towards the construction of the property. The School began construction of the property in 2022. Construction in progress amounted to \$30,000 and \$1,387,100 at June 30, 2023 and 2022, respectively. As of June 30, 2023 and 2022, the School has a construction commitment totaling approximately \$0 and \$1,612,900, respectively.

The School entered into a one-year lease agreement with Rescue Church of Christ effective September 1, 2016 and renewed annually. On September 1, 2022, the School renewed this lease through June 30, 2023, with minimum monthly lease payments of \$8,060 for the term of the lease.

In July 2023, the School entered into a two-year lease agreement for classroom and office space with the New Jerusalem Baptist Church effective July 1, 2023 which can be renewed bi-annually over a span of twenty years. The terms of the new lease include monthly rental payments of \$75,000 through June 30, 2025.

In September 2023, the School entered into a one-year lease agreement for classroom, office space and play area for purpose of operating a Universal Pre-Kindergarten with Rescue Church of Christ effective September 1, 2023 which can be renewed annually. The terms of the new lease include monthly rental payments of \$8,060 through June 30, 2024 and the monthly rental for renewal lease term will be at a rate greater than 7% or \$6,300.

### 6. Risk Management

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to help protect itself from such risks. The School also intends to defend its positions on these matters. As of June 30, 2023, there are no matters for which the School believes the ultimate outcome would have a material adverse effect on the School's financial position.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund. The School is of the opinion that such cost disallowances, if any, will not have a material effect in the School's financial statements and will record them in the fiscal year they become known.

#### **Notes to Financial Statements**

#### 7. Pension Plan

The School adopted a 403(B) plan (the Plan) which covers most of the employees. The Plan is a defined contribution plan. Full time employees are eligible to enroll in the Plan on a monthly date with no minimum service time required. The Plan provides for the School to contribute up to 2% of participating employees' salaries. The School contribution becomes fully vested after 6 years. For the years ended June 30, 2023 and 2022, pension expense for the School was \$30,203 and \$51,012, respectively, which is included in retirement in the accompanying statements of functional expenses.

#### 8. Concentration Risks

Financial instruments that potentially subject the School to a concentration of credit risk include cash accounts at a major financial institution that, at times, exceeded the Federal Deposit Insurance Corporation insured limit of \$250,000. The School has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on its cash accounts.

The School received approximately 96% and 89% of its total revenue from per-pupil funding from the NYCDOE for the years ended June 30, 2023 and 2022, respectively.

The School's grants and other receivables consist of three major grantors accounting for 80% at June 30, 2023 and two major grantors accounting for 100% at June 30, 2022.

The School's payables consist of three major vendors accounting for approximately 49% and 58% at June 30, 2023 and 2022, respectively.

### 9. Paycheck Protection Program

In April 2020, the School received loan proceeds in the amount of \$633,903 (PPP Loan), under the Small Business Administration Paycheck Protection Program (PPP). The PPP was established as part of the Coronavirus Aid, Relief and Economic Security Act (CARES Act) which was enacted March 27, 2020. The PPP Loan, which was in the form of a promissory note, dated April 30, 2020, signed by the School, with an original maturity of April 30, 2022, and bore interest at a rate of 1.0% per annum.

On July 9, 2021, the School received notification from the Small Business Administration that the School's forgiveness application of the PPP Loan and accrued interest was approved in full, and the School has no further obligations related to the PPP Loan. Accordingly, the School recorded a forgiveness of debt of the PPP Loan in the amount of \$633,903 in the accompanying statements of activities at June 30, 2022.

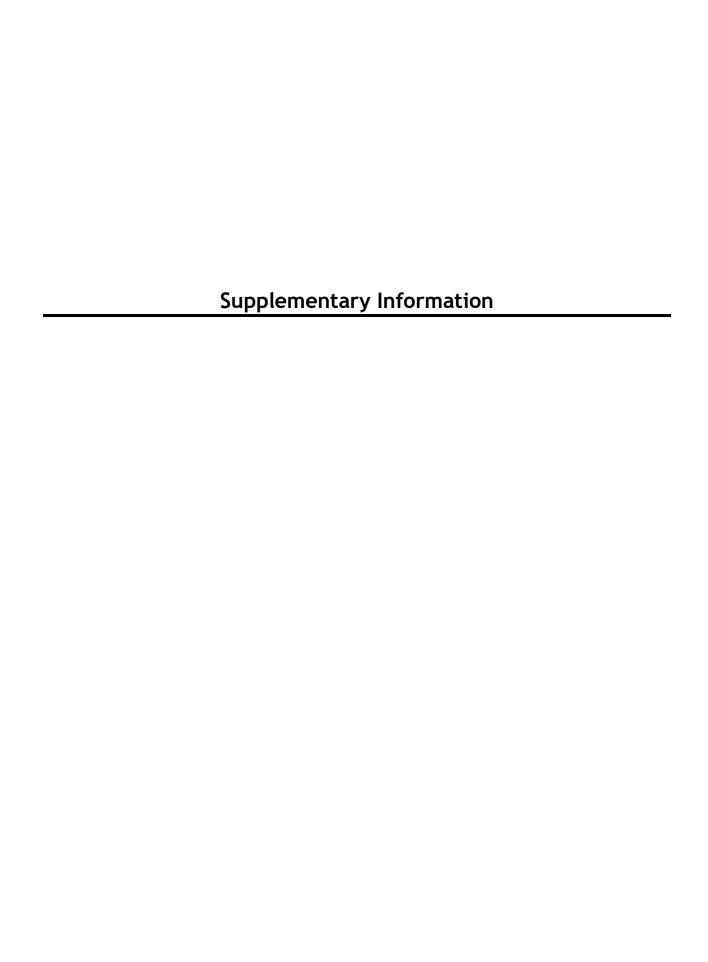

The remainder of this page intentionally left blank.

## **Notes to Financial Statements**

## 10. Subsequent Events

The School has evaluated events through October 31, 2023, which is the date the financial statements were available to be issued. There were no other subsequent events requiring adjustment to the financial statements or disclosures except:

As mentioned in note 5, in July 2023, the School entered into a two-year lease agreement for classroom and office space and in September 2023, the School entered into a one-year lease agreement for classroom, office space and play area. Both leases are in Jamaica, NY.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Board of Trustees Rochdale Early Advantage Charter School Queens, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rochdale Early Advantage Charter School (the School), which comprise the School's statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated October 31, 2023.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BDO USA, P.C.
October 31, 2023

## **Schedule of Findings and Questioned Costs**

### Section I. Summary of Auditor's Results

#### Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:

Internal control over financial reporting:

| • | Material | weakness(es) | identified? |
|---|----------|--------------|-------------|
|---|----------|--------------|-------------|

• Significant deficiency(ies) identified?

Noncompliance material to financial statements noted?

#### Section II. Financial Statement Findings

There were no findings related to the financial statements that are required to be reported, in accordance with generally accepted government auditing standards.
