

# REQUEST FOR PROPOSAL

## Vape Detectors

Furlow Charter School is soliciting proposals for the purchase of vape detectors.

### SCOPE OF WORK

Potential bidders should submit quotes for 20 vape detectors to be used in restrooms in a school. This sensor should detect nicotine chemical vapor, THC chemical vapor, cigarette smoke, and marijuana smoke. The ability to recognize noise level abnormalities that may suggest violence are preferred but not required. The sensor should have a coverage range of at least 10x10 square feet. The school is open every weekday from 8:00 am-3:30 pm for in person visits. In person visits are not required. Quotes should include product lead time, app or online platform details, warranty information, and detectors must be received by July 31st . Quotes should include an itemized list of materials/products with specifications.

**QUOTES ARE DUE BY 4:00 PM ON MONDAY, JULY 10, 2023.**

### FUNDING SOURCE

- General Funds

### FORM OF PROPOSAL

Proposals should consist of the following information:

- Identification of the point of contact for this RFP process with phone number and email
- Anticipated project start date and timeline, if awarded July 19, 2023
- Itemized list of proposed costs, delivery time for ordered products, app or online platform details, and warranty information

### PROPOSAL SUBMISSION

Proposals should be emailed to [sduff@furlowcharter.org](mailto:sduff@furlowcharter.org).

The due date for questions is July 7, 2023.

The due date for proposals is July 10, 2023 by 4pm.
