

**Questions:**

1. How/where will the addenda for this RFP be published?
2. Page 17 says, "Cost Analysis: Each vendor must submit a cost proposal using the estimated enrollment and teacher counts in the table below." Is the table the link labeled Enrollment/Staff Distribution or is this a different table?

**Answers:**

All addendums for this RFP will be published on the district website's RFP page.

The link labeled enrollment/staff distribution is the information to use in the cost analysis.
