

## I-READY

An Online Intervention program that will help your child improve in areas they are struggling in the subjects of Math and Reading.

1. Your child logs into the Clever Account:

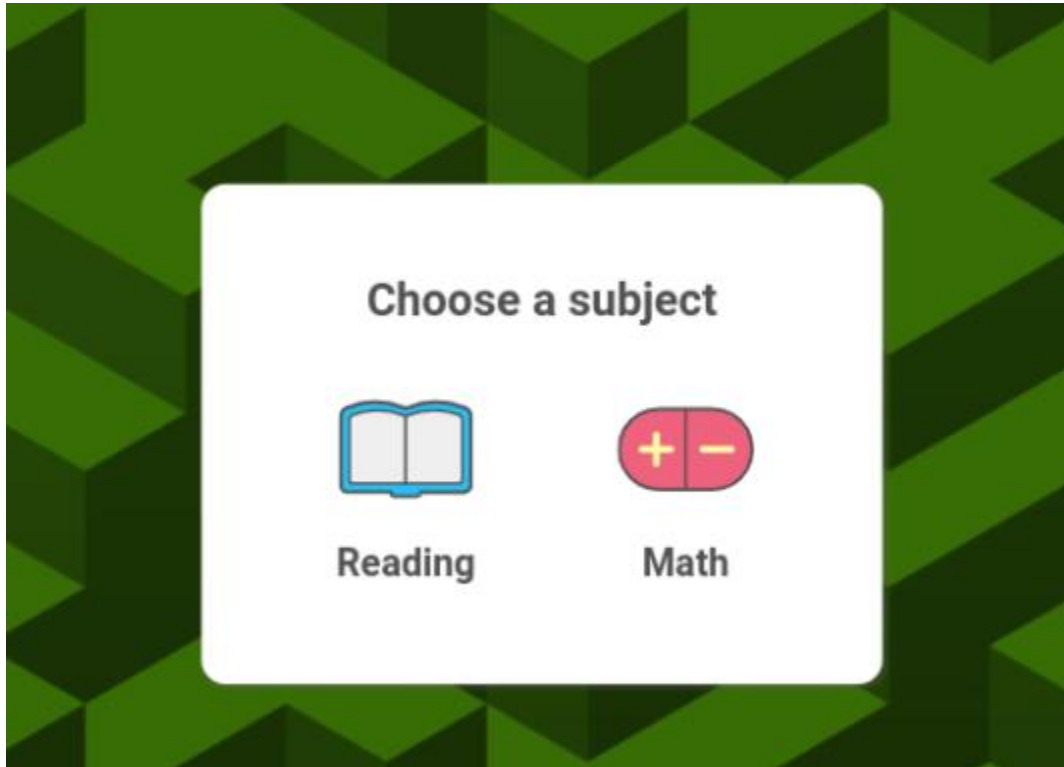

2. Your child located the i-Ready Cube. They may have to scroll down the page to the Other Apps section:

3. A screen will first open to assign them the Diagnostic Assessment. If you don't see that screen please call the school.

4. There will be a Reading and Math Assessment

iReady will then assign games to help them learn any skills that have been missed. They should spend 30 minutes a day in the iReady intervention program.
