

Math greetings to all incoming 5th graders!

I want you to have a super summer and at the same time to keep your math skills sharp so we can start off the 2023-2024 school year strong.

This summer complete the IXL Summer Boost skill plan.

- Four weeks, 20 days of IXL Practice.
- Complete anytime over the summer.
- Work each skill to a 100 smart score!
- Due upon return to school in August.

I am looking forward to an awesome year!

Mrs. Woodson
