

7th Grade Newsletter

Week of March 31st, 2025

Mathematics

Mrs. Jarrett

mjarrett@rappahannockschools.us

Blocks 1&3 - We are beginning our unit on comparing and contrasting quadrilaterals and determining unknown lengths and angle measurements of quadrilaterals.

Block 2 - We are beginning our unit on surface area and volume. The students will investigate and determine the surface area and volume of cones and square-based pyramids.

Questions or concerns? Please send me an email. :)

Civics

Mr. Hummill

mhummill@rappahannockschools.us

We are wrapping up our judicial branch unit before starting our final unit on economics.

Please let me know if you have questions or concerns.

Language Arts

Ms. Nutt

snutt@rappahannockschools.us

This week's vocabulary list covers words with the roots JUNCT/JOIN/JUG = join, meet, or link. Our quiz will be on Friday, April 4th.

We are looking ahead to the seventh grade **Career Fair on April 10th**. Students are creating tri-fold displays explaining their chosen career. Encourage your child to give it their all, bringing fun and interactive elements to their project.

Q4 Book Report Due Date: May 5th!

Students should be reading every night to gradually increase their reading comprehension, fluency, and vocabulary. Even if it's only for ten minutes... read!

Please reach out with any questions or concerns.
