### Character Trait of the Month: Hope

This month, we are focusing on the character trait of **hope**. Hope is the belief that challenges can be overcome and that brighter days are ahead. It encourages us to stay positive, work toward our goals, and support one another through difficult times. When we practice hope, we inspire those around us to keep pushing forward, even when things seem tough.

Let's make an effort to spread hope in our school community by encouraging our classmates, setting goals, and believing in the power of perseverance. Together, we can create a school environment filled with optimism and resilience!

### Parent Survey

If you have not done so already, please complete the School Climate Survey before April 11th. Directions for how to access and complete the survey went home via letter with each Pre-K-6th student and in the March Newsletter. If you need assistance please call the front office.

Congratulations to Lorelei Templeton! Her artwork is on display at the South Carolina Art Education Association Lower Region Youth Art Exhibition.

## Health & Wellness

### Acts of Kindness

Doing a kind act for another person can boost confidence and make the world a happier place. Encourage your student to do something kind for another person this month. Model this by having your child help you do something kind for a family member, friend, or neighbor.
