Greetings Greyhounds!!
With the 1st marking period behind us, we are very excited looking forward to the 2nd marking period. Here at SASHS, several students will have their schedules changing due to the large number of marking period classes we have here.

We are very proud of our Marching Band who marched to a great field show this year and will continue marching at our local holiday parades! We are also very proud of all of our sports teams who represented the Greyhounds well during the season and even at the District level.

We are looking forward to starting our winter sports season on November 18th. Best of luck swimmers and divers, grapplers, cheerleaders, Bocce players, and ballers!

Happy Thanksgiving!!!

AP Psych Students Visit SU

Students visited Shippensburg University and were introduced to students and faculty of the Psychology Department. They were able to attend sessions that included mindfulness with meditation, demonstration of social psychology, and a Q&A with current students. The trip concluded with presentations by two SU alumni who shared how the psychology and political science degrees they received helped to prepare them for their careers.

Sophomores Take the ASVAB TEST

The Armed Services Vocational Aptitude Battery (ASVAB) will be administered on Friday, November 4th at 7:30 am in the High School Gymnasium. This test will be administered to the entire 10th grade class and is also available FREE to interested 11th and 12th grade students. The ASVAB is an excellent career exploration tool. The test helps identify the student's interests and aptitude in the following areas: verbal, math, science and technical skills. When the students' scores are interpreted, he/she will learn how their interests and skills relate to the demands of more than 400 occupations, helping them to identify suitable career options. It is also used by all branches of the military for persons interested in joining the military. Taking the test does NOT in any way obligate a student to the military. 10th grade students cannot use their scores for enlistment eligibility.

All 10th grade students will be automatically registered to take the exam, but students in 11th and 12th grade interested in taking the exam need to sign up by clicking on the following link: [ASVAB Registration](#). Again, there is NO charge for the test.

To learn more about the ASVAB, please visit the following website: [ASVAB Info](#). This website offers more detailed information regarding the test to include a brief video summary explaining the process and benefits of the program.

Please feel free to contact Guidance if you have any questions or concerns.
