## FROM THE DISTRICT SUPERINTENDENT

Dear Parents and Community Members,

Greetings,

This is the annual report for the Clatskanie School District. Both schools in the district have comparable data to the state average and like-districts. Our district goals reflect a need to improve in math by ensuring we are providing a strong core curriculum based on the new standards, and continue to increase our academic rigor in all areas for the purpose of providing as many learning opportunities for students as possible. As you go through the report card, if you have questions, please feel free to contact me, the K-6 principal Brad Thorud, or the 7-12 principal Amy McNeil. Thank you for your continued support of the Clatskanie School District.

Thank you,

Superintendent | Lloyd Hartley

## DISTRICT PROFILE

### STUDENT WELLNESS POLICY

It is the intent of the Board that district schools take a proactive effort to encourage students to make nutritious food choices. Nutrition promotion and education shall focus on students' eating behaviors, be based on theories and methods proven effective by research and be consistent with state and local district health education standards.

### RACIAL EQUITY IN HIRING

**CURRICULUM & LEARNING ENVIRONMENT**

SCHOOL READINESS	Elementary Schools	Middle Schools	High Schools
	At Clatskanie Elementary School we have been working to improve students' academic school readiness by building and fostering relationships with local preschool and childcare providers to support pre-kindergarten learning programs and to ensure successful transitions to CES. Once again this year CES was able to offer all incoming kindergarten students a week long Kinder Kamp to prepare them for a successful transition to school. We are continuing to develop systems to support the transition of students and families from pre-k programs to CES.	CMHS received a grant to implement a college and career readiness center (CCRC). Through this grant students were able to take the PSAT 8/9 and SAT exams. Teachers have been using the data from the assessments to guide their instruction. For the 2017-2018 school year CMHS is utilizing the Measure 98 funds to continue the CCRC and implement an alternative education program for students. ACADEMIC SUPPORT	Elementary Schools	Middle Schools	High Schools
	At Clatskanie Elementary School we have been working to build a multi-tiered system of supports, known as Response to Instruction and Intervention, to target each student's academic achievement needs. We have been developing support structures and systems based on collaboration amongst instructional staff, data-driven decision making, and multiple levels of support to offer an educational program that better supports students at risk, and to offer enrichment for those students that need to be challenged further. CMHS students are able to enrich their academics through advanced course work, dual-credit, college courses, advanced placement courses through online learning, and independent studies. Students are recognized for their hard work and effort through student recognition programs, honor roll, and scholarships. For the class of 2017, 31 students earned a total of 515 college credits and \$201,971 in scholarships.
