EARLY CHILDHOOD SCREENINGS ~ 'ECS'

As of January 2014, the Early Childhood Screenings will be conducted by the Lakes Country Service Coop. The Community Education office will be doing the scheduling and the screenings will be completed at the New York Mills School. This screening is required by the school for entrance into PreKindergarten and required by Minnesota Statute 121A.17 for entrance into Kindergarten unless an Exemption form is filled out. It is an opportunity for you to review your child's growth and development and to follow up on any health or learning concerns. The Early Childhood Screening is a FREE screening and includes a developmental assessment, vision and hearing test, height and weight measurements, immunization and health history review and a parent visit. It is NOT an examination to determine readiness for school. Its purpose is to identify conditions that might interfere with your child's ability to learn and to assist parents in developing strategies to help their child succeed. Please call Deb in the Community Education office to schedule an appointment at (218) 385-4203. Please leave a message if there is no answer and she will get back to you as soon as an appointment is available.
