Exclusion from School

Dear Parents,

In the hopes of clarifying any questions you may have regarding school policy on the exclusion of children from school for specific conditions, we have prepared the following list. Please keep this list for future reference. If you have any questions, please call your school nurse. She will be glad to help you.

Bronchitis, Croup	Child may return to school after (2) days of adequate treatment
Chicken Pox	Excluded for (7) days and rash has scabbed over
Conjunctivitis (pink eye)	May return to school after (1) day of adequate treatment or when cleared
COVID-19	Child may resume as per CT State Dpt of Health or Chesprocott Health District.
Fever	Child may return to school after temperature is below 100° for (1) day
Fifth Disease	Child may attend school
Impetigo	May return after (1) day of antibiotic treatment
Lice	Child excluded until condition treated & child is <b>completely cleared</b> of lice & nits
Pneumonia	Child may return to school after (3) days of adequate treatment
Strep Infections	Child may return to school after (1) day of adequate treatment
Vomiting and/or Diarrhea	May return after (1) day without symptoms
Shingles	May return with a note from physician – must be covered
Scabies	Child may return to school after adequate treatment and note from physician
Coxsackie	May return after (1) day fever free

Sincerely,

William Brownstein, MD  
School Medical Advisor

Tammy Cameron, RN  
Nursing Supervisor
