

**2024-2025 NTI Day #10**

**9th Grade English**

**Teacher: Mrs. Branscom**

**Assignment**

*Answer the following questions in a two-paragraph format.*

At this point, you have read several different texts in various formats about a handful of subjects.

Your task is to choose ONE of the texts from a past NTI assignment, conduct further research on the topic, and write a two-paragraph response in which you discuss your findings and they are related to the text.

You may do this on your own paper and staple it together when we return to school. Please be very thorough in labeling your paper and citing the texts that you have chosen.
