### Message from the Principal

Hello, students, parents, staff, and community members; welcome to the beginning of another school year at Santa Maria High School. We are proud to announce that after a historically successful school year last year, we are again excited to provide the academic opportunities and engaging extra-curricular activities Santa Maria students have enjoyed for decades. The incredible SMHS staff is already busy preparing for and looking forward to what will soon be the beginning of the school's 132nd school year.

One of the significant changes to our school these past few years has been the renovations of many of our buildings and facilities. I am happy to say that we will start this school year without construction on our campus. This is short-lived, however, as we're scheduled to begin the next round of construction this fall. This next round of construction will, over the next two years, leave us with 5 more buildings (37 classrooms) renovated and modernized. Though these projects have

challenges, we have seen the difference recent improvements have made. I believe teachers and students would all agree that the temporary inconveniences are well worth the trouble. We all look forward to the day the campus is completed, construction-free, beautiful, and running efficiently.

Academically, Santa Maria High School is on a very positive trajectory. Last year, our test scores in all three state tests (Math, English, and Science) improved as we implemented a testing week campus-wide emphasis program. We were pleased to enjoy the safest campus we have had in recent memory, reporting the lowest suspension/expulsion numbers in the district. Data shows SMHS is improving in almost all measurable area and we look forward to building on these successes during the 2024-25 school year.

Lastly, I always kick off a new school year by encouraging students to take advantage of the extra-curricular activities, sports, clubs, visual and performing arts, vocational edu-

cation, and community service opportunities available on our campus. Like most things, the people who get the most out of SMHS are the people who put the most into it. Students, especially if you are new to SMHS, work to find a way to become involved in at least one school-related club, sport, or activity. You'll be glad you did.

For more information about SMHS and ways to get involved, please browse our website at [www.santamariahighschool.org](http://www.santamariahighschool.org). I look forward to working with all of you. Get ready for a great year, and "Go Saints!"
