92	Stop relying on technology for the students and teach them proper spelling/grammar as well as REAL math, not "common core" and I was told with my son, now 17, that his teacher was not good at spelling (her words) and that they dont need to know how to spell or learn grammer because the "computer does it dor them". These kids need to be taught like WE were taught to think on their own and not rely on "AI" or "ChatGBT" to become amazing citizens/students. Also, "common core" math is a waste of time and foes around your butt to get to your elbow when the correct way is efficient. This generation can't even do proper math (meaning at fast food / general stores)/ Stop dumbing down children.	1/15/2026 2:44 PM

58	There should be CLEAR communication to parents regarding ASP incidents and how they are handled. _____ was recently suspended for 5 days from ASP for fighting. Footage had to be reviewed for a decision to be made on a consequence. In the meantime, she was allowed to attend ASP w/ same student she was involved in an altercation with while a decision was being made. On top of that, my husband nor myself was reached out to by ANYONE as a follow-up. It is also dis-heartening to know that my daughter was not spoken to by an administrator at the school regarding the incident. When I spoke to _____ did tell me this was _____ 1st incident of this nature and while I have GRACE for that, I do not appreciate the nonchalant attitude and being cut off because _____ no long wanted to hear me out. To clarify- I do have and have read the ASP rules/guidelines/procedures, however since I was not allowed to see the video footage- I do not know what constitutes as a "fight". I am not saying my daughter was innocent, but I am saying this was not in her nature. So, seeing the footage would have clarified things.	1/20/2026 12:12 PM

Continuing to foster open communication between families and the school, along with maintaining a supportive and nurturing environment, will only help the school continue to grow and improve. 93	Students should be able to speak up for themselves! Just because someone is an authoritative figure, doesn't mean a student has to "shut up and listen/do as they say. If an adult addresses a student and the adult is wrong, the student should be able to clarify the situation and respectfully inform the adult they are incorrect in their understanding. Without the student being deemed disrespectful or rude. I feel that Tucker teaches students that it is not ok to defend themselves, which I disagree with. Also, _____ can sometimes be rude. I have personally had to address this on more than one occasion. I am sure the school will see this.; Hopefully these comments are taken serious, and no retaliation is bring upon my child or family.	1/15/2026 2:06 PM
