

Evaline's annual Read-A-Thon starts Tomorrow Friday, March 1st and goes through the 31st! Students were sent home with a parent letter that contained all the details you will need. Students will record all their reading throughout the month of March and turn in their times each Friday. All times must have an adult signature to be counted. Each student's goal is to read 930 minutes, this is 30 minutes each day of the month including weekends. Every student that reaches their individual goal receives a PRIZE! There will also be additional prizes for the 1st and 2nd place readers in each classroom as well as a class treat for any class that hits their class goal. Please read the parent letter for additional details.

OJP Fieldtrip Volunteers Needed

We need volunteers for our upcoming field trips to the Olympia Junior Programs. Kindergarten through second grade are going to OJP on March 18th and third through sixth grade are going on April 26th. We need two volunteers to be our ushers for each show. You will meet the bus at the theater and usher our students to their seats. Ushers can volunteer for one show or both. Mrs. Sexsmith is our school's representative again this year (THANKS SO MUCH!). She will help guide ushers and help them know what to do. If you would like to volunteer please contact me at atinnin@evalinesd.k12.wa.us, call the school at 360-785-3460, or see me at the school. Thank you, Mrs. Tinnin.

Child Find Birth - 5 years Kindergarten Screening

We have our Child Find, Kindergarten Screening coming up on Wednesday, March 27th. If you have an upcoming Kindergartener or TTK student please call or email the school office to make an appointment. You can also make an appointment to have your child, birth - 3 years old screened if you would like. (360) 785-3460,

chenderson@evalinesd.k12.wa.us

Thank you!

Calendar Adjustment:

Both Friday, March 8th and Friday, May 24th will be Snow Make Up Days with a dismissal time of 11:30.

Salmon Release Field Trip Friday, March 1st for 1st & 2nd Grade

Our salmon are ready to be released! Tomorrow our 1st and 2nd grade classroom will leave at 8:45 am from Evaline Elementary and drive by bus to Winolequa Park to release our fish into Olequa Creek. This trip will be quick with an estimated return time of 9:45 am. Students should wear warm socks and coats. It is recommended that they wear boots if they have them. Permission slips were sent out on Monday, please make sure you signed and sent the slip back to the school.

TK and Kindergarten

Mrs. Tinnin

We are starting the Read-a-thon! Please keep track of how many minutes you read to your child or they read. Minutes include any reading for homework, anyone reading to your child, or reading they do for fun. I will keep a reading log at school to keep track of each child's minutes for any reading done at school. I will send home a new reading log each week to keep track of any reading done at home. Please keep your child's reading log in their planner or yellow folder (for TK) so I can keep track of their minutes. Every child has a goal of 930 minutes for the month.

Kindergarteners started learning teen numbers in math. TK is finishing up learning about the numbers 1-910. Next, they will learn about comparing height using words like shorter than, taller than, and same as.

This week kindergarteners also finished up our Push, Pull, Go Science unit. Students had a lot of fun finishing different tasks with a partner. They made ramps, spinners, and swings, and worked with dominoes.

First and Second Grade Explorers

Mrs. Mittge

We have really enjoyed watching our baby salmon hatch and develop over these past weeks. We are excited to release them tomorrow but will feel their absence in the aquarium. Greeting them each morning and seeing their latest developments have become routine ways many of our students have started the day.

Please have your child wear thick, warm socks and warm coats for our salmon release trip tomorrow, March 1st. We will be gone from 8:45-9:45 approximately.

Third and Fourth Grade Classroom

Mrs. Mars

Our class is excited to start the read-a-thon! In order for students to hit their individual goal they need to read 30 minutes each day of the month. This is a very attainable goal for all students who continue to do their nightly reading homework as reading in class can count towards their goal too!

Fractions are continuing in math for both grades. 4th graders finished up their chapter of multiplying fractions this week while 3rd graders

continue to work on the basics. In ELA students started a new Scholastic magazine to work on their reading and comprehension skills. They also reviewed the importance of restating the question as part of their answer.

Fifth and Sixth Grade Classroom

Mr. Burlingame

6th Grade Parents!

If you weren't at the meeting last night, please look for a "Liability Release Packet" in this newsletter envelope. This packet is for the ropes course and needs to be filled out so that your student can participate.

It's not too late to fill out a medication authorization form! If your student takes regular medication (even over the counter) they must have this form filled out and signed. The medical provider can use their own form or letterhead, as long as it includes the 9 components on the back of the form: date, name of student, drug name, reason for the medication, strength of medicine, how much to give, when to give, duration of order, side effects to watch for, the provider's signature, and the parent's signature to authorize staff to give.

Please deliver medication to the school as soon as possible and in its original container so that our nurse can verify the medication and deliver it to the nurse who will be going to Cispus with us.
