Sliding Fee Scale for Tuition

Annual income determined by free/reduced lunch application data

	Annual Income %	Above Federal	Poverty Level	
Family Size	% FPL 131-200	% FPL 201-225	% FPL 226-250	% FPL 251+
2	\$34,840	\$38,672	\$42,926	Does not qualify
3	\$43,920	\$48,751	\$54,114	for a reduction
4	\$53,000	\$58,830	\$65,301	
5	\$62,080	\$68,909	\$76,489	Full - Tuition
6	\$71,160	\$78,988	\$87,676	\$640/month
7	\$80,240	\$89,066	\$98,864	
8	\$89,320	\$99,145	\$110,051	
Reduced Tuition	\$397/month	\$484/month	\$567/month	\$640/month

For household with more than 8 persons add \$9,080/ person for FPL of 200%

Reduction/slot	\$244	\$167	\$84
----------------	-------	-------	------

- This is based on a class of 18 students including 5 PSP slots and 3 EI/ECSE students
- 5 Children filling PSP slots pay nothing
- Children accessing the EI/ECSE slots could be charged \$115/month (based on ESD paying \$4,850/year/slot) unless they qualify for a reduced tuition. If all 3 paid \$115/month it would add \$3,450 to the \$7,390 available for sliding scale support or for reducing the district's contributions.
- Considering that approximately 50% of K-12 students qualify for F/R Lunches it would be appropriate that 50% of the preschool students would receive financial assistants. Therefore, with 5 PSP slots, we would want 4 more scholarships to support 9 of the 18 children.
- With \$7,390 available for the sliding fee, it allows for 2 scholarships for the lowest income column and 1 scholarship for the other 2 columns totaling 4 scholarships. The \$7,390 does not have to be distributed to the 3 columns as described yet the example indicates a good amount of support is available. If the entire \$7,390 (or \$10,850 if all the EI/ECSE families pay \$115/month) is not needed the balance can be used to reduce the district's support of \$55,335.
- *After tuition reduction occurs, the balance can be used to reduce the district's support...*
