

## **TES Principal Report 11.13.2023**

### **Student Activities:**

*Pumpkin Season:* Kindergarten, first, and second grades loaded the bus and went pumpkin hunting at the Spring Valley Farms pumpkin patch. They were able to see the pumpkins in the garden, walk around the hay maze and go for a hayride. Each student picked out their pumpkin for Pumpkin Math day on Oct. 31st. This also goes along with their annual pumpkin math day where all things pumpkins happen and the students, along with their sixth-grade buddies, focus on reading about pumpkins, writing about pumpkins, using their measuring and weighing of the pumpkins and identifying the different parts of the pumpkin.

*Serving up Reading:* As a part of our parent involvement plan, Title I and our library collaborated to bring families together with reading activities during evening conferences.

*End of Month Assembly:* Fifth & Sixth grade performed at the end of the month assembly, while sixth graders took the lead with shout outs for each grade. The Trojan all-star sheet was filled this month and those winners were announced.

Veteran's Day Assembly: November 10, 2023 at 1:30 pm at THS gym
