St. Mary's Academy

Alumnae and Friends Newsletter

From the Principal

Dear Alumnae, Friends and Partners of St. Mary's Academy,

It is an exciting time of growth, rejuvenation, jubilation and much gratitude at St. Mary's Academy. It is a time of celebration, not only because we are observing our beautiful campus' 50th anniversary, but because we continue to move and grow together, supporting and nourishing our students, spiritually and academically, to become strong, faith-filled women of tomorrow. We are blessed to be one of the three campuses within St. Mary's 127 year legacy of educating young women.

At St. Mary's Academy, we celebrate as our students are provided with experiential learning opportunities in which they are able to grow academically and cognitively. Active participation in a variety of experiences such as SAT preparation courses, theater visits to view plays, rigorous debates with Junior Statesman of America, coding computer games, building robots and creating objects with our 3-D printers, clinical visits at our partner medical centers and interacting with healthcare professionals, and full day and overnight college visits, as well as in class instruction and engagement, have allowed our young women valuable insight regarding their gifts, talents, purpose and future roles as effective societal leaders, who understand and appreciate service to the dear neighbor.

We celebrate the spirit of community as we continue to be examples of the Gospel through our interactions, support and encouragement of one another - faculty, staff, students, families, alumnae and friends of SMA.

We celebrate a renewed energy in the city of Inglewood as our area welcomes new development and the return of the NFL - the city is truly transforming into a sea of blue and gold with SMA and return of LA's football team!

We celebrate and recognize you, our alumnae, friends and partners as you continue to support St. Mary's Academy with your thoughtful gifts of financial aid, scholarship campaign support, prayers and love.

May you continue to be blessed with many opportunities and occasions to celebrate.

In grateful friendship,

Nancy H. Portillo
Principal

Economics for Leaders at the University of California - Berkeley

In summer 2015, two juniors from St. Mary's Academy were selected to participate in the Economics for Leaders (EFL) program at the University of California-Berkeley to learn how to integrate economics into the process of decision-making in a hands-on, experiential environment. During this week-long program, Green Ties **Amy Pinto-Quintanilla '17** and **Kennedy Oden '17** received intensive economics courses in the mornings and focused on leadership skills in the afternoons. The EFL program provides students with the skills to be more effective leaders and to teach them how to employ economic analysis when considering difficult choices in public policy.

Science Engineering Apprenticeship Program at Naval Sea Systems Command

Blue Tie senior **Laura Banks-Ordone '16** participated in the summer Science and Engineering Apprenticeship Program (SEAP) at the Naval Sea Systems Command in the Measurement, Science and Technology Laboratory. She worked with professional civilian government employees specializing in Science, Technology, Engineering, and Mathematics fields. Laura performed tensile tests and the data collected will be utilized to create a strong, inexpensive foam that will be used by Navy SEALs!

Children's Hospital Los Angeles: Observing Health Care Careers

Blue Tie senior **Niara McCauley '16** and Green Tie junior **Jennifer Alvarado '17** were selected as the top 100 applicants out of several hundred submissions to participate in Camp CHLA this past summer. Both students intimately shadowed health career professionals caring for their patients and witnessed a surgery in an operating room. In addition, Niara and Jennifer participated in labs where they learned to take vital signs and perform CPR.

"I realized that I want to pursue a career in pediatric nursing and maybe even go further to be a pediatric doctor!"

- Niara McCauley '16

Exploring the East Coast

Blue Tie senior **Andiaye McAndrew '16** studied constitutional law at Georgetown University under a world-renowned professor of law. While in Washington D.C., Andiaye visited the Capitol Building, the Supreme Court, and met Senators John McCain and Barbara Boxer on the floor of the House of Representatives!

White Mass Celebration

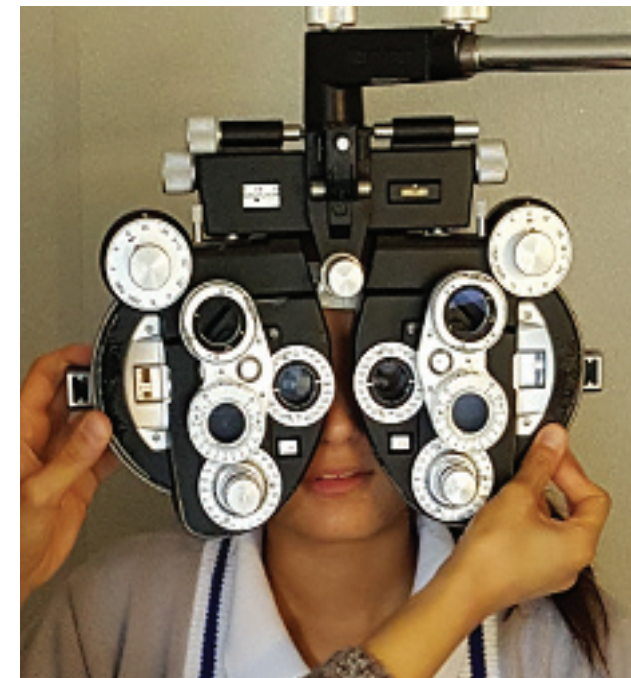

In October, Health Careers Program students attended the Annual White Mass Celebration at The Cathedral of Our Lady of the Angels. Most Rev. Edward Wm. Clark celebrated Mass honoring all Healthcare Professionals serving in the Los Angeles, Ventura and Santa Barbara counties of the Archdiocese of Los Angeles.

Blessings at SMA

"80% of a student's learning is through vision. When students can see well they can be more successful at school."

In January, through the generosity of the Steinmetz Foundation (Charlie Steinmetz), and the assistance of members from the Rotary Club of Inglewood, The Vision to Learn program provided St. Mary's Academy students with vision screenings, eye examinations and new glasses for those in need at no cost.

In February, the Steinmetz Foundation (Charlie Steinmetz) supplied theatre tickets for a group of freshmen Red tie students to see the play, *Romeo and Juliet*, in Pasadena.

PBJ @ CS4Life

SMA participated in the CS4Life Convention at USC's Galen Center in November by hosting a booth for volunteers to carry on our weekly tradition of making PB&J sandwiches for the homeless. Our school's choir group "The Hummingbells" even performed during the opening ceremonies!

From the Development Office

Hello and Happy 2016 to All!

It is hard to believe that we are already more than half way through this school year! I fondly recall the Blue Ties as “wee freshmen” learning how to open and maintain their lockers, which were right outside my classroom door, late summer of 2012. Now they are eagerly awaiting their college acceptance letters and preparing for their “next chapter in life.” One of the many fun things about working in a high school is watching the growth of the students over the four years. Each high school year presents a new stage of student maturity and development - mentally, physically and spiritually.

As I have transitioned this school year, from classroom to the Development Department, I have gained a greater appreciation of the many factors that go into assisting these young women mature and develop – the sacrifice and support from parents, grandparents and guardians; the dedicated, creative and masterful teaching from faculty; the presence of the dear CSJs; the various methods of support from the staff and coaches; and the financial assistance from so many considerate and generous donors.

In this new year, I would like to thank all of our donors who have played a significant role in the “Blue Ties” time at St. Mary’s whether it was financial support for tuition, enhancing school Programs, or funding general operating expenses. The Alumnae – through emails, phone conversations, written correspondence, class reunions, campus visits, and the Ties That Bind and Build event - getting to know you and your giving spirits has been a joy. Foundation Donors – meeting and greeting the representatives who visit our campus to engage with students and faculty, and their role in significantly supporting students and Programs – have provided uplifting and enlightening experiences. The many, many friends of St. Mary’s, including our faculty, staff, CSJs, and Board members, you all contributed so magnificently to our first “Giving Tuesday” project, and you give of yourselves in so many other ways.

Thank you all for thoughtfulness of our school, our students and your steadfast generosity. May you and yours be richly blessed in this New Year!

All my best,

Jeanne Fisher

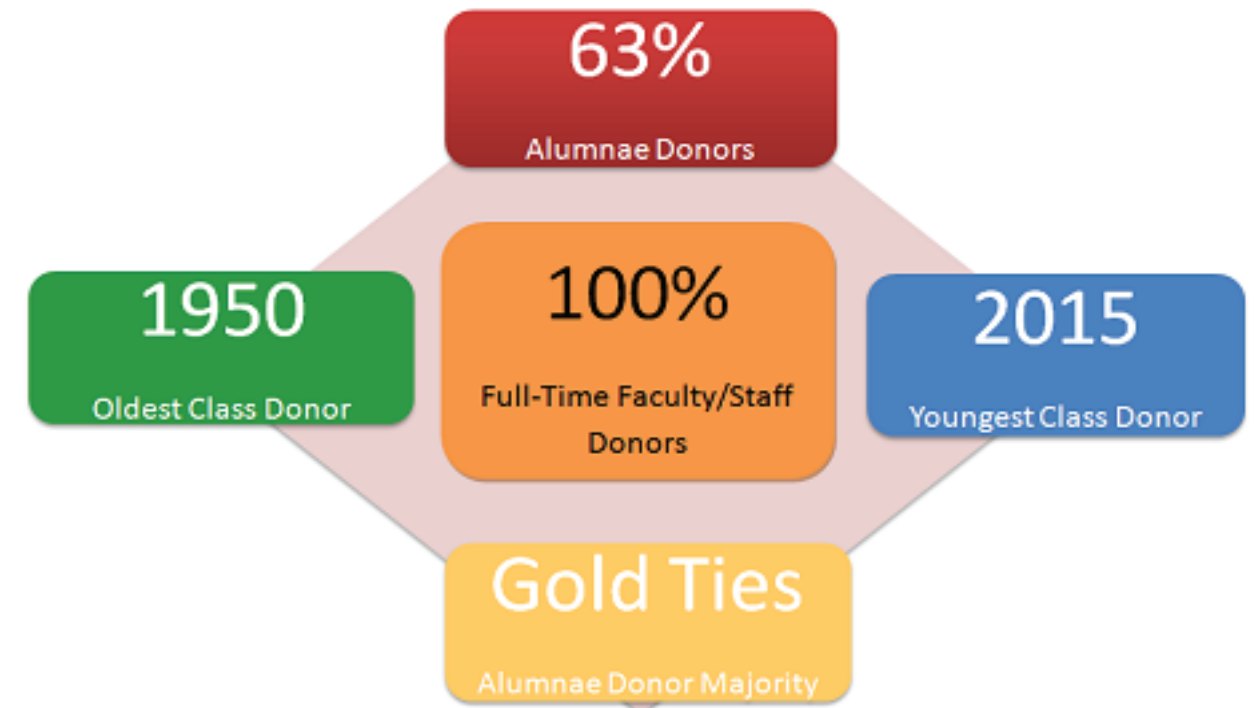

Development Director

Mr. John O’Keefe, who commissioned the “Our Mother Of Joy” sculpture to be created especially for St. Mary’s Academy, visited and toured the campus with his grandchildren during the Christmas holiday.

#GivingTuesday Campaign

For the first time, St. Mary’s Academy participated in the #GivingTuesday campaign, a global day dedicated to giving. The goal was to raise \$5,000 towards updating the physical and technological infrastructure of our school. In total, **\$12,705** was donated to SMA by generous and committed supporters! We thank all of our donors for their ongoing investment in the future of our extraordinary school.

Supporting the Vision of St. Mary’s Academy

St. Mary’s Academy relies on the generous contributions and donations of its Alumnae and Friends. For over 125 years, St. Mary’s Academy has provided young women with quality education and spiritual development in an atmosphere of empowerment. The good will and generosity of our supporters like you is essential to the continuation of our mission to help girls become “all of which women are capable.”

Monetary Donations

Check contributions can be mailed to the school:

Attn: Development Office

St. Mary’s Academy

701 Grace Avenue

Inglewood, CA 90301

Matching Gifts

Many corporations/businesses have a matching gift program. When an employee gives a monetary gift to the institution of his/her choice, the employer will either match, double or triple the size of an individual gift and awards the assets to the school. Contact your employer’s personnel office for more information.

Stocks/Securities

One-time and recurring credit card contributions can be made online at:

www.smabelles.org/giving

By transferring appreciated stock to St. Mary’s Academy prior to selling it, the capital gains on the amount of appreciation is avoided and the donor receives a tax deduction for the full market value.

Planned Giving

A bequest is usually the simplest kind of planned gift. It is a provision in a donor’s will which names a charity (in this case, St. Mary’s Academy of Los Angeles) as a beneficiary of a portion of the donor’s estate. The estate, then, receives a charitable deduction for the total amount designated to the school. As circumstances change, the bequest can be altered by the donor.

Endowment

An endowment is a permanent fund that is restricted and of which the principal is preserved. Contributions to St. Mary’s Endowment Fund are invested and a determined percent of the portfolio is used for purposes restricted by the endowment fund. Thus, the endowment becomes a gift that lives forever and helps the school maintain affordability by providing revenue to subsidize the operating budget.
