PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Academics and Health/Safety/Well Being were the driving forces in determining the most crucial needs going forward. The current Academic Continuity Plan was reassessed to include the needs going forward, keeping in mind that COVID-19 may return in the fall. The district reached out to all academic supervisors who generated a list of resources needed, specific to their instructional areas, for the successful continuation of blended learning in our district for 2020-21 school year. That list was then compiled and shared with non-instructional (Health/Safety/Well Being) division leaders to determine the divisional resources needed to support the Academic Plan going forward.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Elementary and Middle school teachers will utilize the data results from blended learning as well as the iReady Diagnostics Assessment taken by students at the end of 2019-20 school year and at the beginning of the 2020-21 school year to assess current learning gaps. The iReady Diagnostic offers a complete picture of student performance and growth and prescribes a learning path to help with student achievement. Teachers will also utilize various research-based intervention strategies to address the learning gaps found along with small-group and one-on-one instructional opportunities. High School will be assessed using iReady Diagnostics for 9th Grade and Scantron Performance for Grades 10 – 12, along with the data results from blended learning.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

MCPSS began working on a plan for converting to at-home instruction on or before March 13. The weekend of the 14th and 15th of March documents were prepared and printed for every student with the web sites to be utilized, login information, help desk numbers and the options for manual packets in lieu of on-line methods. We then converted to at-home instruction and are making preparations to be ready for the start of school in the fall. We will be in a position to start school as normal with health precautions, return to at-home instruction or implement a blended model of instruction. We will continue making accommodations and providing assistance to our students and staff as long as it is necessary to do so with a projected end date of 9/30/2022.

How will the LEA use ESSER funds to promote remote learning?

Mobile County Public Schools will purchase additional electronic devices that support the online instructional programs used by the district. WiFi/Hotspots will be purchased for students who do not have internet capability. Teachers will also receive additional professional development on Virtual Learning/Teaching.

3. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

Private Schools will receive Intents to Participate CARES Act Forms. Interested Private Schools will receive virtual consultations where we share MCPSS plans along with allowing them to assess their needs for the upcoming school year to determine prescriptive support/services needed for each participating school. The proposed timeline for services and assistance to be implemented by private schools is June 1, 2020 - May 2021. Revision to allocation procedure required additional consultations after this initial time frame.

What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?

MCPSS will determine individual needs and provide resources accordingly utilizing data from the spring Academic Continuity Plan to identify barriers that impeded equal access to, or participation in the program. There will be multiple instructional delivery options available (face to face, digital, virtual, pencil/paper and/or blended learning mode). A variety of two-way communication methods for all involved parties (students, teachers, administrators, and community) to connect, provide feedback, and ask questions. Special services teachers will work in conjunction with general education teachers to ensure that students with disabilities and special needs are being accommodated. We will continue to offer a variety of technical and academic supports/resources needed to assist parents and students with instructional needs, as well as health and safety needs. The district will purchase any additional resources not readily available to eliminate all barriers for students, teachers, and other program beneficiaries (mask, hand sanitizer, electronic devices, hot spots for internet access, professional development for teachers/staff, etc.).

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this agreement, all relevant provisions and requirements of the CARES Act, Pub. L.
