### New Learning Devices

We are very excited that ALL OF OUR STUDENTS received new learning devices on February 18<sup>th</sup>! Pre-K and Kindergarten classes received new iPads and new

Chromebooks for our 1<sup>st</sup> graders.

These will stay at school. 2<sup>nd</sup> through 5<sup>th</sup> grade students

received new Chromebooks that will go home with the students every day. Thanks to all of our parents for signing the device agreement and helping students find a place to store and charge the device and return it to school each day. These devices will help our students in multiple ways:

- Students can receive real-time feedback from teachers.
- Students will gain familiarity with digital learning devices and texts for learning and assessment.
- Learning experiences can be tailored specifically for students allowing for differentiated instruction and individualized pacing.
- Students will have access to devices both on and off campus.
- Standardizing the hardware will give each student a consistent learning experience for the various applications and resources.
