Highlights from Letters to Power

- Power 88 radio means everything to me. I am in my 80's and care for my husband with dementia. I have your radio station on from morning to night and sometimes in the middle of the night. God's Word and your radio stations keeps me going. I walk through the house singing along with the songs and many times with my arms in the air praising God. I am on a fixed income and wish I could give more but you can't out-give God. He has been so faithful to me all my life. Life is hard but God is always there. God bless you.
- I pray God blessed each and everyone of you. I pray God blessed Power 88 as you bless God's children. I also pray that He makes a way for the new transmitter that's strong enough to consistently reach the 32506 & 32514 zip codes.

Serpent put Power 88 off the air

As many of you may know by now, we have been forced to broadcast from our smaller backup transmitter. This means not only a substantial loss to our coverage area but also a weaker signal in the area that we are still able to cover.

As strange as it may sound, our larger main transmitter was completely taken out by a serpent. Yes, a serpent. A snake somehow found its way into our transmitter

building and into the transmitter cabinet before finding its demise. Unfortunately, it also caused the complete demise of our transmitter. For over five weeks now, we have had engineers and Harris/Gates technicians attempting to repair our damaged transmitter but have had little to no success. We have replaced the main tube, a number of other components and practically the entire wiring system. But, it is still out of service.

So given the situation and the age of the transmitter, our only other logical option is to replace the damaged transmitter with a newer solid-state transmitter.

This is where you come in. As our supporters, donors, underwriters and prayer warriors, we could definitely use you now. We would ask that you prayerfully consider making a special donation towards this project. Not as your normal contribution but one as God lays on your heart to help us during this time of need. This is a costly endeavor but it is one that we are forced to make.

So, even if it is not within your means to contribute at this time, we do ask that you please continue to keep us in your thoughts and prayers. We also ask that you bear with us as we continue to work through this project during the coming weeks.
