

CES Family Engagement

OCTOBER 2022

IMAGINATION STATION

This school year your student will be participating in our Family Engagement Imagination Station. The purpose of this program will be to engage students and parents in literacy based stem activities. Teachers have signed up for specific time slots. You are welcome to join us during your students' time slot and learn how these activities can be continued on in the home. To attend sign in on the computer in the front office and head down to room 203. We look forward to seeing you in Imagination Station. If you have any questions please call Billie Jo Quinton @ 478-953-0400 or email me billiejo.quinton@hcbe.net

Follow the link below to find your students scheduled time frame.
